BITTER.

COURT IS SCORED.

Standard Oil Case Petition Filed.

Government Lawyers Openly Accuse Federal Judges of Misstatement.

Bitter Strictures Against the Reversal of Landis's Decision Made.

No Attempt at Polite Phraseology—Atty.-Gen. Bonaparte Appears.

[BY DIRECT WIRE TO THE TIMES.]

CHICAGO, Aug. 21.—[Exclusive Dispatch.] Openly charging Judge Peter Grosscup and his colleagues of the United States Court of Appeals with misstatement of facts in their decision reversing the $29,240,000 Standard Oil fine, imposed by Judge Kenesaw M. Landis, the voluminous petition for a rehearing was filed today by Federal attorneys.

The attorneys for the government are bitter in their strictures against the Appellate Court, and scattered throughout the long brief are shafts directed at Judge Grosscup and his colleagues that are barren of any attempt at polite phraseology.

There is no mincing of words, and the reviewing body is accused frequently of misstating facts, of "ignorance of conditions," of "efforts to nullify the Elkins act," and with rendering a decision which would "encourage disobedience to law."

The petition is as follows:

FACTS ADMITTED.

The indictment in the case was for a violation of the Elkins Act of February 19, 1903, making it a crime to accept a concession whereby any property is transported in interstate commerce at less than the published and filed rate.

It was proved at the trial that the Chicago and Alton Railway Company transported to East St. Louis, Illinois, and St. Louis, Missouri, 1492 carloads of oil.

In all the dealings between shipper and carrier each carload was treated as a distinct transaction and handled as a distinct piece of business.

The published and filed rates on this business were 18 cents per 100 pounds to East St. Louis and 19½ cents to St. Louis. The Standard Oil Company actually settled on the basis of 6 cents to East St. Louis and 7½ cents to St. Louis.

These facts were admitted.

INCORRECTLY STATED.

The Standard Oil Company interposed the claim in defense that the Elkins Act was unconstitutional; that the tariffs had not been posted in two public places at the stations, and interposed many technical defenses.

The point on which the trial judge is reversed by the Court of Appeals relates to his rulings on evidence and his charge to the jury with reference to ignorance on the part of the Standard Oil Company of the lawful rate as a defense.

The Court of Appeals in its opinion has not correctly stated how the judge ruled on this subject.

It is said in the opinion that he refused to admit evidence to the effect that the Standard Oil Company did not know what the lawful rate was. The fact is that all evidence tending to show ignorance on the part of the Standard Oil Company was admitted for the consideration of the jury.

This evidence was largely that of the traffic manager of the Standard Oil Company, Bogardus, who swore to a conversation with Hollands, the rate clerk of the Alton, in which he said Hollands told him that the rate had been filed. The government met this testimony by a great array of circumstances which tended to disprove it and the jury found in favor of the government.

CONTRARY TO LAW'S PURPOSE.

The trial judge ruled that ignorance on the part of a shipper of what the lawful rate was could be interposed as a defense, but that it would not

(Continued on Fifth Page.)

SISTER DIES OF OVERJOY.

Gen. Nelson Miles's Visit Home Proves Fatal to Mrs. Merriam.

[BY DIRECT WIRE TO THE TIMES.]

WORCESTER (Mass.) Aug. 21.—[Exclusive Dispatch.] Gen. Nelson A. Miles and his brother, Daniel, of Westminster, went to Leominster to call on their sister, Mrs. Mary Jane Merriam, who had not seen the general for several years. The woman was so overjoyed at the reunion, and not being in a strong condition physically, exerted herself too much. After the departure of Gen. Miles and his brother she collapsed, and died within an hour.

Physicians who were called on the case say that the excitement of seeing her brother was the direct cause of death. Mrs. Merriam was 77 years old, and had lived in Leominster since 1856, at the time of her marriage. Her husband died a number of years ago, and since that time she has lived with her daughters.

PECULIAR PROCEDURE.

PASTOR TRIES TO WED CHILD.

MINISTER, SIXTY-SEVEN, WOULD MARRY TEN-YEAR-OLD.

Daughter of Rev. George S. Fitzhugh of Baltimore Objects to Plan and He Is Thrown Into Illness by Excitement, Insisting That Marriage Would Be Technical.

[BY DIRECT WIRE TO THE TIMES.]

BALTIMORE (Md.) Aug. 21.—[Exclusive Dispatch.] Rev. George S. Fitzhugh, pastor of St. Barnabas Protestant Episcopal Church at Curtis Bay, who is 67 years old, and has grown children, is anxious to marry Lulu Virginia Frasier, a girl of 10 years, whom he brought from Virginia and adopted.

A stormy scene with his daughter, who has been his housekeeper, when she learned of his purpose, brought on a serious attack of neuralgia of the heart and he is now lying seriously ill at his home. Last night Rev. Mr. Fitzhugh's life was despaired of, but today, though still suffering severe pain, and in an interval between two fainting spells, wrote the following explanation:

"My procuring a license means only virtually an adoption of a very small child. By a technical marriage her status is greatly promoted and she becomes my heir at my death.

"Old William Fitzhugh of Eagles' Nest, Va., married a Miss Tucker before she had completed her eleventh year and kept her at school until she was 16 years of age, and then she became his actual wife and the head of his house.

"From her are descended all of Gen. R. E. Lee's children, of Virginia."

While Mr. Fitzhugh was writing this statement little Miss Frasier stood at the head of the bed and gently fanned him. The little girl seemed much interested in what was going on, and Mr. Fitzhugh paused in his writing now and then to murmur that in case he should die he wanted the little one well cared for.

EVANS'S NIECE BETROTHED.

CHICAGO, Aug. 21.—[Exclusive Dispatch.] Mrs. Daniel Morgan Taylor announces the engagement of her daughter, Emily Neville, to E. Harrison Symington. Miss Taylor is a daughter of the late Col. Daniel Morgan Taylor, U. S. A., who recently was stationed in Chicago while serving on the staff of Gen. Carter, and is a niece of the late Admiral H. C. Taylor and of Admiral Robley D. Evans, U. S. N. Mr. Symington is a Baltimorean and a son of Maj. W. Stewart Symington of that place.

MANCHESTER (Mass.) Aug. 21.—A son was born today to Senator and Mrs. Albert J. Beveridge of Indiana, who are stopping here for the summer.

TRIUMPHAL TOUR.

SYDNEY, EN FETE, WELCOMES FLEET.

Series of Banquets Given to American Naval Officers at Which Pledges of Friendship Are Exchanged, With a Firm Alliance.

[ASSOCIATED PRESS NIGHT REPORT.]

SYDNEY (N. S. W.) Aug. 22.—The city today is en fete in honor of the visit of the American Atlantic battleship fleet. Hundreds of enlisted men on shore leave with throngs of visitors from the surrounding country crowd the streets, gay with banners and flags of the two nations.

One brilliant function follows close upon the heels of another, so that there is little cessation of festivity, one day ending only in the beginning of another. Banquets and other social events have afforded spectacles of a magnificence never anticipated in these islands.

The entertainments of this morning and afternoon were designed principally for the enlisted men, many of whom were given shore leave. Five hundred of the men started early this morning as guests of the government in special trains for Newcastle and the Blue Mountains, returning to Sydney this evening. Many of the men preferred to witness the football and baseball matches, the aquatic sports and an exhibition in the Domain by the firemen of the city. For the latter event 20,000 spectators gathered and the American jackies applauded the fine display made by the fire fighters.

While there were no official functions scheduled for the day, numerous officers visited the city and were guests at various luncheons and other social functions. The event of the day will be a banquet this evening, tendered Admiral Sperry and the senior officers of the fleet by Vice-Admiral Sir Richard Poore, commander-in-chief of the British squadron in Australian waters.

While the sky is overcast the men are enjoying their liberty ashore and are loud in their praises of the hospitality they are meeting on every hand.

WONDERFUL SCENE AT NIGHT.

Following the official landing of the American visitors yesterday and their public reception by the State and commonwealth authorities, the city, the harbor and the shipping were brilliantly illuminated in the evening. The Governor of New South Wales, Sir Harry Rawson, gave an official dinner in honor of the American officials, and the commonwealth government entertained the officers, sailors and marines of the fleet at theatrical parties and other places of amusement. The illuminations were most striking. All the public buildings were outlined with numberless lights; there were countless devices and decorations conveying sentiments of welcome and fraternity displayed on every hand, private buildings vieing with the municipal edifices in the brilliancy of their decorations, while the American battleships in the harbor did their full share, being literally covered with lights, large and small, while the flashlights threw vivid streamers of brilliancy in every direction, and even to the clouds overhead. The gorgeous spectacle was viewed by vast crowds that filled the streets of Sydney until a late hour.

BRILLIANT BANQUET.

The state banquet given by Admiral Sir Henry Rawson in the Town Hall was a brilliant function.

There were upwards of one thousand guests, and the balconies were thronged with women in evening dress. The hall was beautifully decorated with a mixture of Australian and British flags intertwined. A large bust of President Roosevelt occupied a position on an elevated pedestal behind the seat of Rear-Admiral Sperry.

Charles G. Wade, the Premier of New South Wales, presided. Alfred Deakin, the Prime Minister of the commonwealth, made a striking address of welcome.

"Australia," he said, "is one in body and soul in welcoming our American visitors. The sixteen white-clad battleships in the harbor scarcely can be described as vessels of peace, but they may rightfully be called harbingers of arbitration. I trust that President Roosevelt will be informed in words of the famous American, Capt. Joshian Tattenhall, that 'blood is and always will be thicker than water.'"

When Admiral Sperry arose and reiterated his former statement of the American navy being the example of Great Britain he was given an ovation. He said he knew no better thing for American naval officers than a systematic study of Great Britain's triumphs at sea. Something more than sentiment, he said, underlay the magnificent welcome that had been accorded them in Sydney. Ties of blood, community of intertst and intermarriage united the American and British peoples, and these bonds would be drawn closer with the completion of the Panama Canal.

LONDON COMMENT.

[ASSOCIATED PRESS NIGHT REPORT.]

LONDON, Aug. 22.—The Daily Telegraph in an editorial this morning, dilating on the vast changes in the politics of the Pacific, portended by the

(Continued on Fifth Page.)

PERTINENT REPLY.

TAFT PROVES THAT THE PEOPLE DO RULE.

[ASSOCIATED PRESS NIGHT REPORT.]

HOT SPRINGS (Va.) Aug. 21.—"The people have ruled through the Republican party."

This is William H. Taft's answer to Mr. Bryan's challenge, "Shall the People Rule?"

The answer was made in an address the Republican Presidential candidate made today before a gathering of several thousand Virginia Republicans who came to the mountains to see and hear him and to celebrate Virginia Day.

To make his point perfectly clear, Mr. Taft referred to President McKinley's election as "one of the most intelligent and effective expressions of popular will ever manifested to the world, and the maintenance of the gold standard and a protective tariff by his administration was a correct interpretation of the people's will.

"This was shown to be so," he continued, "by even a greater majority for the party in 1900, and a still greater majority in 1904, when President Roosevelt was elected, and," he added, "we well may submit to the country whether his administration has not expressed the will of the people."

Preceding Mr. Taft in a short address, Congressman C. S. Slemp had this to say in answer to the same question:

WHY BRYAN AVOIDS SOUTH.

"Can it be possible that he (Bryan) had reference to the political situation in Virginia? Does he not know that under existing laws 60 per cent. of the white and 90 per cent. of the colored population of voting age have been disfranchised? Does he not know that they have no voice in the government of either this State or this nation, and can he call this a rule of the people? No wonder Mr. Bryan will make no political speeches in the South. Conditions here don't square with his battle cry."

Mr. Taft was surrounded during his speech by approximately 50,000 people. Accompanied by Mrs. Taft, Col. H. S. Allen and Representative Slemp, he drove to the ball park in a carriage with little Charlie Taft on the box with the driver. Mr. Vorys and Alvah Martin, National Committeeman from Virginia, accompanied the party in another carriage.

The scene at the park was typical

(Continued on Fourth Page.)

BLIGHT CURE FAILS.

Treatment of Sap in Pear Trees not as Successful as Was Advertised.

[ASSOCIATED PRESS NIGHT REPORT.]

WASHINGTON, Aug. 21.—The attention of the experts of the Bureau of Plant Industry in the Department of Agriculture has been called, the claims being made and extensively advertised in California, to an alleged cure for pear blight.

This cure consists in treating the trees with a substance which enters the sap and is said to prevent the development of blight. The claims made for the treatment have been investigated by the department experts and orchards which have been under treatment for two years by the method have been examined with the result that trees were found to be in very bad condition with holdover blights. The only effect which the treatment seems to have had on the trees is to retard their growth, and as a result of this the blight makes less active development.

INCREDIBLE.

CHILD'S GRAVE, DISPUTED BILL.

MILLIONAIRE ARCHBOLD FAILS TO BURY VICTIM.

After Spending Three Days at Bedside of Girl Whom He Ran Down With Auto, Standard Oil Magnate Objects to Paying for Funeral Expenses and Stirs Indignation.

[BY DIRECT WIRE TO THE TIMES.]

NEW BEDFORD (Mass.) Aug. 21.—[Exclusive Dispatch.] After spending three days at the bedside of ten-year-old Gilmeina Demello, who was fatally injured by his auto, in which he was riding two weeks ago, John F. Archbold, the Standard Oil magnate, now refuses to settle the undertaker's bill, and has retained lawyers to effect a settlement. The bill is for $228. Archbold offers to settle if they deduct $58, the price of the cemetery lot.

The sad part of the affair is that if Archbold does not settle the body will be removed and placed in the pauper's field, as the girl's parents are destitute. Aroused by the action of the millionaire, Charles R. Cummings, one of the most prominent lawyers in this section of the State, has volunteered his services without a retainer and has brought suit against the millionaire, demanding $10,000 for the child's death.

SETTLING MALONEY MARRIAGE.

Interlocutory Decree of Annulment Entered for Helen Maloney and Arthur Osborne.

[ASSOCIATED PRESS NIGHT REPORT.]

NEW YORK, Aug. 21.—What is believed to be a move for final adjustment of the marital difficulties of Helen Maloney, daughter of Martin Maloney of Philadelphia, and Arthur H. Osborne of this city was the announcement today that an interlocutory decree of judgment of annulment of marriage had been granted to the parties named. The fact is set forth in a memorandum stating that the decree was filed in the County Clerk's office on May 20, 1908. The three months from the entering of the interlocutory decree elapsed yesterday and although it was stated that no final decree of annulment had been signed it was understood that today's action was for the purpose of bringing the matter before the Supreme Court for that purpose.

A ceremony after the form of a marriage was performed at Mamaroneck, L. I., on December 18, 1905. Miss Maloney giving the name of Helen Eugene. On May 20 Justice McCall of the Supreme Court signed an interlocutory decree annulling the ceremony, saying that there never had been any marriage between the plaintiff and the defendant. The court directed that final judgment should not be rendered in the action until after the expiration of three months.

CELEBRATE GREAT DEBATE.

CHICAGO, Aug. 21.—The semi-centennial celebration of the great debate between Abraham Lincoln and Stephen A. Douglas was celebrated at Ottawa, Ill., today on the spot where the "Great Emancipator" and the "Little Giant" stood during their argument of fifty years ago. In commemoration of the event, a unique monument, marking the spot in Washington Park, was unveiled by Illini Chapter, Daughters of the Revolution.

CONSPIRACY?

RICH GAME PROBED.

Detectives Shadow Social Leaders.

Customhouse Authorities Scent Female Smuggling Conspiracy.

Mrs. Chadbourne Flees from Chicago, Trailed by Secret Service Men.

Instruction Given to Arrest Women If They Try to Leave Country.

[BY DIRECT WIRE TO THE TIMES.]

CHICAGO, Aug. 21.—[Exclusive Dispatch.] A tourists' conspiracy to defraud the United States government of thousands of dollars by the smuggling in of dutiable goods through the customhouse is being investigated today by the secret service department.

Acting on information that Mrs. Emily Rockwood Crane Chadbourne, daughter of Richard T. Crane, and Mrs. "Jack" Gardner of Boston were aided by a third woman in the attempt to smuggle valuable paintings and tapestries into the country, a society friend of Mrs. Chadbourne is being sought, possibly watched in Chicago, according to statements made today in the Federal building.

Mrs. Chadbourne left for the East last night. When Maj. Williams, head of the Treasury Department in Chicago, learned of her departure he requested the secret service department in the East to watch her movements closely. Instructions were given that should either Mrs. Chadbourne or Mrs. Gardner attempt to leave the country warrants should be immediately sworn out for their arrest.

MANY ATTEMPT EVASION.

The alleged plot of Mrs. Chadbourne, Mrs. Gardner and the third woman, who is now being sought by secret service officers, to defraud the government, is only the climax to a series of attempts to smuggling by wealthy tourists, according to Maj. Williams.

Many wealthy men and women of Chicago have at various times become involved in trouble with the customs authorities, but have escaped prosecution or serious consequences by the payment of duty and heavy penalties. "Some of these cases," said Maj. Williams, "have never gained publicity, but have been kept quiet by the Treasury and customs departments.

The Treasury official would not say whether or not any other recent attempts to evade payment of duty have been detected, but he declared that many wealthy persons who are in a position to spend almost any amount for duties take great delight in passing articles through the customhouse without the payment of import duties.

SEIZURE CREATES A SENSATION IN PARIS.

[BY DIRECT WIRE TO THE TIMES.]

PARIS, Aug. 21.—[Exclusive Dispatch.] The seizure in Chicago of Mrs. "Jack" Gardner's art treasures by customs officials has created a sensation in Paris, where, according to current reports, it was known to a number of persons that arrangements were sought for the introduction of the articles into America without the payment of the duty.

Mrs. Gardner's friends give her credit for having believed that any plan made with her consent was honest, since the art works really had been used as household furnishings for some time before their shipment to America.

The United States Treasury representative in Paris expresses the hope that Mrs. Gardner will be fined to the full extent of the law in order that the case may serve as an example to scores of Americans who [illegible] the customs laws every year.

The surveillance is now so strict on this side of the Atlantic that cases of successful evasion must be rare, but it is estimated that the United States customhouse losses, yearly, from $2,000,000 to $3,000,000 through undeclared works of art, including jew-

JUSTICE.

GET SIX MORE RIOT LEADERS.

Springfield Grand Jury Net Is Rapidly Filling.

Fifty Indictments in a Few Days Promised.

Small Towns Continue to Be in Danger.

[ASSOCIATED PRESS NIGHT REPORT.]

SPRINGFIELD (Ill.) Aug. 21.—Six more alleged riot leaders have been caught in the grand jury net here. The inquisitorial body tonight returned indictments against six persons, the documents charging twenty separate offenses. All were predicated upon the trouble at Loper's restaurant, and were identical with those charged against Kate Howard in the indictments returned yesterday.

"We have only made a fair start," said Assistant State's Attorney Wines tonight. "With the character of evidence that is coming in and the seeming determination of the grand jury to rid the community of the lawless element, there is every chance that half a hundred or more indictments will be returned within the next few days."

Those indicted today are: Ernest Humphrey, huckster; Rudolph Bredemeyer, mechanic; John Schienle, grocery clerk; William Sutton, cab man; Herbert Carey, blacksmith, and one other man whose identity was kept secret at the order of Judge Creighton, because he is understood to have fled from Springfield.

Humphrey, Schienle, Bredemeyer and the fugitive were each indicted four times for malicious mischief and riot; Carey and Sutton were made the subject of two indictments each, the same offenses being charged. Judge Creighton fixed bail at $2000 for each indictment.

Among the witnesses before the jury today was Harry Loper. He had testified at the Coroner's inquest yesterday that he had little recollection of the identity of the members of the mob who destroyed his establishment, but it was stated tonight that he made important revelations to the grand jury.

FURTHER CHARGES.

It is understood that further charges against Abraham Raynor, who was made the subject of six indictments yesterday, were being considered. Raynor now stands formally accused of murder, malicious mischief and riot. The indictments, except the one charging murder, are all based upon his alleged actions while the mob was destroying Loper's restaurant, Friday last. The murder charge alleges that he took part in the lynching of William Donegan, on the succeeding night. The authorities claim to have evidence that he was also a ring leader in the raids on the "black belt" which followed the Loper riot and resulted in the burning of about thirty-five structures, the demolition of a score of business houses and the lynching of Scott Burton.

Kate Howard, who was indicted for malicious mischief and riot in four forms, was arrested on a bench warrant last night. Her bail has been fixed at $10,000 by Judge Creighton of the Circuit Court, who issued the warrant. The charges against her relate to the looting of the Loper restaurant.

To determine whether Louis Johnson, the youth who was killed at the wrecking of the Loper restaurant a week ago, fell a victim to bullets or came to his death by falling into the basement of the establishment and breaking his neck, Coroner Woodruff of Sangamon county this afternoon went to Mechanicsburg, where the boy was buried, to exhume the body and hold an autopsy there on it.

NEGROES WARNED.

The small towns of the county continue to be in danger. At Buffalo, a village fifteen miles from here, the following notice has been posted at the interurban trolley line station: "All niggers wanted out of town by Monday, 12 a.m., sharp." It was signed "Buffalo Sharpshooters."

Complaints also filter in daily from the mining camps, coming from whites and negroes alike. Each race seems distrustful of the other in these communities, and Sheriff Werner is puzzled as to how to cope with the situation.

The city was guarded tonight by deputy sheriffs and police, with the Seventh Infantry held in reserve. Military rule ceased in Springfield today, the military force being reduced to one regiment, and the task of preserving order being turned over to the civil authorities. The first cavalry broke camp at daylight and the Seventh Infantry patrols were withdrawn from the streets. The Sheriff had an increased number of deputies on duty and the city police force was also reinforced by a few special policemen. Brig.-Gen. Frank P. Wells, commanding the First Brigade, was relieved of his command this morning and left for his home in Decatur. Gen. Wells has been in command of the troops in the east part of the city. This leaves Maj.-Gen. Edward Young the only general officer remaining. He will probably stay as long as any troops remain.

PRIVATE KLEIN ARRAIGNED.

KILLED BOY WITH BAYONET.

[ASSOCIATED PRESS NIGHT REPORT.]

KANKAKEE (Ill.) Aug. 21.—Private Joseph B. Klein of the First Regiment, Illinois National Guard, charged with killing Earl Nelson with a bayonet here last Saturday afternoon while en route to Springfield, was brought into Justice Mead's court this afternoon. Klein waived examination and was bound over to the grand jury. He gave bonds of $10,000, furnished by a surety company, and was released. He returned to his home in Chicago tonight.

DIRECT CONNECTIONS.

Santa Fe, N. M., Woman Transfers from Ocean Liner to Train in Fifteen Minutes.

[ASSOCIATED PRESS DAY REPORT.]

NEW YORK, Aug. 21.—Mrs. M. S. Rilar, of Santa Fé, N. M., got a message while in London that her mother was dying in Santa Fé, and took the first steamship from Southampton, the Hamburg-American liner Deutschland, and sailed for this port.

She arrived yesterday within fifteen minutes of the time the next train for Santa Fé was scheduled to depart. A wireless she got aboard the ship in the morning, said her mother possibly would not last three days. She told Col. Bishop, of the surveyors' staff her trouble, and he assigned a special man to rush through her trunks.

"We want to let this lady off the pier within five minutes so she can catch her train. Hurry," said the colonel.

The inspector did so, and Mrs. Rilar got into a cab with her trunks and caught the train with only two minutes to spare.

BREAK IN ROCK ISLAND.

Rumor of Receivership Causes Tremendous Drop in Preferred Stock.

[BY DIRECT WIRE TO THE TIMES.]

NEW YORK, Aug. 21.—[Exclusive Dispatch.] Rumors of receivership for the Rock Island Railway Company, which have been floating around Wall street for the last week, were so insistent today that the Rock Island stocks lost by a tremendous drop. Preferred broke four points from 32 to 28 with a close above the low.

It was reported tonight that Frank Trumbull had wired from New York to a friend in Denver that Trumbull had been appointed receiver of the Rock Island. It was denied in Denver that such a message had been received. President Mitchell said tonight that the story of a receivership was false and was started for stock-jobbing purposes.

St. Louis and San Francisco, second preferred, broke on the Stock Exchange four and one-half points from 24½ to 20. Common stock dropped from 16⅝ to 15⅝.

HERR MOLTKE IN DISFAVOR.

LIBERAL PRESS OF GERMANY ASKS DISMISSAL.

Fear Ministers of Interior Will Destroy Von Buelow's Reichstag Majority and Thwart His Elaborate Taxation Schemes—Editor Is in Trouble Over Revelation of Secrets.

[BY DIRECT WIRE TO THE TIMES.]

BERLIN, Aug. 21.—[Exclusive Dispatch.] The liberal press of Germany is unanimous in asking for the dismissal of the Prussian Minister of the Interior, Herr Moltke, who threatens to destroy Prince Von Beulow's Reichstag majority and thwart his elaborate taxation schemes.

This crisis, which may lead to the return of the clerical party to power, was caused by Herr Scheucking, the Liberal burgomaster of a small Schleswigian town, who in booklets and newspaper articles disclosed the reactionary spirit prevailing in the Prussian administration.

For this he is likely to be declared by a disciplinary court to be unworthy of holding a Prussian official position of authority.

The editor of the Frankfurter Zeitung is also to be prosecuted with a view to forcing him by means of fines and imprisonment to name the author of an article revealing Moltke's measures against Burgomaster Scheucking. The authorities suspect the burgomaster or his brother, a university professor, of having revealed official secrets.

YOUNG WIFE ACCUSED.

Robert R. Chamberlain of New Haven Asks Divorce on Ground of Infidelity.

[BY DIRECT WIRE TO THE TIMES.]

NEW HAVEN (Ct.) Aug. 21.—[Exclusive Dispatch.] Papers were filed in the Superior Court here today in a divorce suit brought by Robert R. Chamberlain, a young merchant of this city and crack athlete, against Emily Davis Chamberlain, one of the prettiest women in the younger society set. Infidelity is alleged and Carl Bayard, a prominent business man here, is named as corespondent.

Mr. Bayard came here about a year ago and has been considered one of New Haven's most desirable catches. Mrs. Chamberlain was captain of the High School Girls' Basketball team and as long as she played on it New Haven captured the championship.

After their marriage in New York, Mr. and Mrs. Chamberlain returned to New Haven and made their home in Morris Cover, a fashionable suburb. They were the foremost entertainers at the Cover.

OBITUARY.

Charles Wainwright.

OAKLAND, Aug. 21.—Charles Wainwright, former recorder of Fresno county and a pioneer of that part of the State, died at the home of his wife's mother, Mrs. W. H. Donahoe, in this city last night, the cause of his death being heart trouble.

AERONAUTICS.

WRIGHT TO FLY IN TEN DAYS.

Aeroplane to Be Assembled at Once.

Must Make Forty Miles an Hour Against Wind.

To Remain in Air for One Hour on Test.

[ASSOCIATED PRESS NIGHT REPORT.]

WASHINGTON, Aug. 21.—Orville Wright, whose brother, Wilbur Wright, has had phenomenal success flying an aëroplane in France, was at Fort Myer today, where he will make official flights before a board of army officers to determine whether the Wright aëroplane fulfills government requirements.

With the exception of the motor, all parts of the heavier-than-air machine have reached the balloon house at Fort Myer.

The work of assembling the aëroplane will begin tomorrow and within ten days a preliminary flight will be made. It probably will be two or three weeks before the official flights are made. There will be nothing mysterious about the flights. In fact, Mr. Wright claims that neither he nor his brother has maintained secrecy about their machines.

The Wright aëroplane built for the government is made of "silk spruce" and ash, and is forty feet from tip to tip of the wings. It will carry two men, Mr. Wright and his mechanic. A speed of forty miles will have to be made in a test over a course of four miles, before and against the wind. The aëroplane will have an endurance test, in which it will be required to remain in flight for one hour.

The aëroplane built for the Signal Corps is a new one and differs slightly from the one being used by Wilbur Wright in France. The latter is controlled by means of two levers, whereas the former has two levers for controlling the wings, or planes, and one for controlling the latter movements of the aëroplane. The planes are semi-rigid and are twisted by means of the levers to form a helicoid. The tips are also controlled by the operator.

The speed of the aëroplane is not controlled by the motor but by the planes. The motor has no carburetters and its speed is never changed while in flight. The ship is launched into the air from a monorail and lands on skids.

The Baldwin airship was again taken out by the officers for a few flights this evening, and its performances were witnessed by Mr. Wright.

"This dirigible compares favorably with any of the big airships in Europe," he said.

WILBUR WRIGHT FLYING AGAIN.

MACHINE REPAIRED.

[ASSOCIATED PRESS NIGHT REPORT.]

LEMANS (France) Aug. 21.—Wilbur Wright, the American aëroplanist, made his first flight today since his enforced cessation as a result of the recent accident to his machine. The demonstration this evening was at Auvours. No attempt was made to accomplish anything in the nature of a long flight, but the evolutions were made with the accustomed consummate skill. The machine soared to a hight of seventy-five feet and landed without a mishap. Mr. Wright's expectations that the distance to Aucours would deter spectators from going there to witness his trials were not realized, but soldiers were posted to keep the crowds out of the way.

MARTI MONUMENT COMPLETED.

ROME, Aug. 21.—A monument to be erected at Matanzas to José Marti, the Cuban patriot, who organized the revolution which resulted in Cuba's independence, has been completed by the Italian sculptor, Buemi, and a public inspection of it was held today in the presence of several members of the Cabinet, the Mayor of Rome, members of the Senate and many guests.

H. G. Squiers, American Minister to Panama, and family, arrived in New York yesterday on a two months' leave of absence.

UP AND DOWN THE VALLEY.

PITH OF NEWS FROM THE MIDDLE WEST.

[BY DIRECT WIRE TO THE TIMES.]

CHICAGO, Aug. 21.—[Exclusive Dispatch.] This was the coldest day of the summer. It made the old-timers wag their heads and prophesy an early fall. At 6 a.m. the temperature fell to 69 deg. Then it began a rapid march upward, reaching the maximum of 80 deg. at 4 o'clock this afternoon. Middle West temperatures:

EDITORS DISCUSS LIBEL.

[ASSOCIATED PRESS NIGHT REPORT.]

ST. PAUL, Aug. 21.—A brief business meeting was held today by the National Editorial Association in the parlors of the Ryan Hotel, just before starting on the day's outing on Lake Minnetonka, and at Minneapolis. The report of the Committee on Resolutions was read and adopted without debate. The most important portion of this report was a second and supplemental indorsement of the position of the Postal Department as interpreted and applied by Mr. Lawshe, the third assistant postmaster general, in relation to the class of matter to be received and accepted for transmission through the mails as second-class matter. The report of the committee also contained the following on libel laws: "That in all actions for damages for libel, it is but a matter of simple justice that suits for recovery should be instituted in the place of publication; that the truth be pleaded in defense or mitigation, and that a judgment of recovery shall be a bar to further prosecution, and that laws both national and State, should be so drafted as to cover these just contentions."

COLLEGE HEAD WEDS.

[ASSOCIATED PRESS DAY REPORT.]

GRAND LAKE (Col.) Aug. 21.—C. P. Campbell, president of the University of Oregon, and Mrs. Susan Campbell-Church of San Francisco were married here yesterday. The couple will leave for Eugene, Or., in a few days.

WET NURSE FOR LION CUBS.

[ASSOCIATED PRESS DAY REPORT.]

CHICAGO, Aug 21.—Cy de Vry, animal keeper at Lincoln Park zoo, was searching yesterday for a Great Dane dog to act as mother to four lion cubs. They were crying piteously for something to eat. They had been born the day before and their mother refused to suckle them. De Vry tried to induce them to drink out of a large nursing bottle that he had used with success once in the case of a baby llama, but the whelps sniffed it disdainfully and whined worse than ever. "There is only one thing that will save them," said the animal keeper, "and that is a Great Dane dog to act as foster mother." The mother lion snarled viciously at every one who came near her cage. She would not look at her whelps. If De Vry hadn't taken them away at the hour of their birth the unnatural lioness would have killed them.

MORE SCANDAL.

FRENCH MAID CALLS HAINS'S CHILD HERS.

[BY DIRECT WIRE TO THE TIMES.]

NEW YORK, Aug. 21.—[Exclusive Dispatch.] Scandal follows scandal in the Hains murder case. Today Thornton Hains held the stage and Marie Louise Sulmands, a French maid, in charge of his children, declared that she was the mother of his last child and that he would marry her when he got out of jail.

The child in question is Louise, the younger of the two children in the custody of the maid at the Bay Ridge home of T. Jenkins Hains. It had been supposed that this child was born of the marriage of T. Jenkins Hains to the woman who gave birth to the elder of his children, Mollie, now nearly 4 years old. But Mrs. T. Jenkins Hains died in Washington in January, 1906.

T. Jenkins Hains, the French maid and the little girl, Mollie, appeared in Bath Beach in July, 1907, and took the house at No. 8823 Twenty-third avenue. In September they moved to No. 158 Bay Thirty-fourth street, occupying the top floor of a two-family house. The lower floor was occupied then and is now by Mrs. Anna Hennings.

Hains and the maid were not communicative with the neighbors. About December 10, the maid and Hains went together to Brooklyn hospital, where the woman was entered as a patient. The child was born there a week or so later. Dr. Joseph W. Malone of No. 8732 Twenty-second avenue, was the physician in attendance. A delegation of women neighbors made them move from Bath Beach.

When these facts were placed before Maj. John Hains, one of the brothers of T. Jenkins Hains, this afternoon, he denied them in full. He said that the French maid never had a child and that the infant now in her charge is the youngest child of Peter C. Hains, the slayer of Annis.

MILLIONS ARE LOST.

HARRIMAN PUNISHES THE WELLS FARGO.

[BY DIRECT WIRE TO THE TIMES.]

NEW YORK, Aug. 21.—[Exclusive Dispatch.] As a result of a loan of $2,000,000 made by the United States Express Company to the St. Louis and San Francisco Railroad, the Wells-Fargo Company loses a contract with all the roads owned by the Rock Island, worth $4,700,000 a year, and its rival, the United States Express Company, gets the contract.

E. H. Harriman's determination to punish the interests of Daniel G. Reid and the Moore brothers, who control the Rock Island Company, was the underlying cause for the Wells-Fargo Company losing the $4,700,000 contract.

Mr. Harriman controls the Wells-Fargo Company, though his personal ownership of its stock is very small. Two years ago the Wells-Fargo Company stockholders made an organized effort to rid the company of Harriman domination and to maintain his grip Mr. Harriman and his friends had to go into the open market and buy several thousand shares of Wells-Fargo stock at fancy prices.

The stockholders claimed that under Harriman control they were not getting a fair share of the company's profits. It was decided today that when they learned the inside facts behind the express company's loss of the $4,700,000 contract there may be another effort to get Mr. Harriman out.

Two months ago the men at the head of the Rock Island Company, which controls the Frisco lines, went to the Wells-Fargo Company and asked for a loan of $2,000,000 for three years at 6 per cent., the loan to be secured by treasury bonds of the St. Louis and San Francisco road. Because of the valuable contract which the Wells-Fargo Company had with the Frisco, by which it controlled the express business along its lines, the officers of the express company were eager to make the loan. But word came to them to refuse, the order emanating from Mr. Harriman's office. The loan was refused.

DROPS "THREE WEEKS".

Mrs. Glen's Drama Too Torrid for Summer Garden Audience, Says Hackett.

[BY DIRECT WIRE TO THE TIMES.]

ST. LOUIS, Aug. 21.—[Exclusive Dispatch.] James K. Hackett, matinée idol, will not play "Three Weeks" at the Suburban Garden Theater here as he announced. The piece as it stands, Hackett declared two weeks ago, was a little too torrid in spots for even a summer garden audience to stand for. He insisted on the second and third acts being revised, expurgated and pruned.

Mrs. Elinor Glyn, manufacturer of that literary and dramatic tabasco, has decided that it takes more than twenty-one days to make "Three Weeks," as she thinks it should be made, a first-class article that will tickle the palate of the public and comes back at Hackett by saying the piece is too classy for a summer garden audience—so there.

To the Public.

NEWS OF

MINE MYSTERY.

HIGH-GRADERS IN BIG HAUL

Fifteen Thousand Dollar Value of Ore.

Detectives Unsuccessful in Tracing Clews.

Former High Official Under Suspicion of Theft.

[BY DIRECT WIRE TO THE TIMES.]

SALINAS, Aug. 21.—[Exclusive Dispatch.] High-grade ore, valued by the owners at $15,000, has been stolen from the main tunnel of the Selby Consolidated shaft in the Jumbo district near Virginia City, according to Superintendent W. R. Gilbert, who reported the theft to the Sheriff's office in these counties today. Before telling the authorities of the robbery efforts were made privately to ascertain the method of disposing of the ore, but detective work was unsuccessful. It is hinted that a former high official of the Selby "Con" is suspected of the thefts. While this man is being watched, Gilbert is on his way here to Jumbo, in a fast automobile, where he expects to gather proof of guilt.

Gilbert was appointed two weeks ago by the Selby superintendency. He succeeded A. Y. Werner. Soon after Gilbert took charge Gilbert maintains he found thefts were occurring. The "Con" ore runs $120 to the pound in places where it is taken from a shipment made recently. The theft of ore, he would necessarily occupy the attention of more than one man.

FELL OVER HIGH CLIFF.

MAN AND WIFE SAVED.

[ASSOCIATED PRESS DAY REPORT]

SAN FRANCISCO, Aug. 21.—Tourists returning from Point Arena tell of an accident which occurred on Monday, in which C. G. Lamberson and Malla, an attorney, and his wife, narrowly escaped death as a result of falling from a cliff above the Garcia river. The pair had started on a walk and were passing along a narrow path, sixty feet above the river, when Mrs. Lamberson stumbled and fell over the cliff, carrying her husband with her. Fifty feet below they struck on a narrow ledge and by grasping the brush succeeded in staying their fall. But a rock slide followed them over the cliff and both were badly bruised, by falling rocks before they were rescued.

Mr. Lamberson was buried in the slide and lost his senses, but his wife, despite her injuries, crawled to a point where her friends came to her aid. The couple are under the care of a physician near the point, and will recover.

TELEPHONE COMPANY.

Official Seeks to Have Ordinance Revoked Because of Violations.

[BY DIRECT WIRE TO THE TIMES.]

SEATTLE, Aug. 21.—[Exclusive Dispatch.] Superintendent of Public Works A. V. Bouillon has filed charges against the Sunset Telephone and Telegraph Company, under which the franchise was granted to the Pacific States company here. The Independent Telephone Company. Bouillon recently suggested revocation of the franchises of the two companies and was requested to submit detailed charges before the matter is acted upon. The charges, in brief, embrace charging higher rentals than allowed by the franchises, arbitrarily removing of phones, allowing phones to remain out of order, refusing to install telephones, maintaining coin-in-the-slot instruments which are not provided for in the franchise, increasing charges and the proposed ordinance revoking the franchises will be taken up by a Council committee next Tuesday.

BANK CLEARINGS GAIN.

INCREASE FOR WEEK.

[ASSOCIATED PRESS NIGHT REPORT.]

SAN FRANCISCO, Aug. 21.—For the first successive time, the weekly bank clearings of San Francisco show an increase. Compared with last week, the gain is nearly a million dollars. The figures for the week ending at close of business Thursday were $35,505,281. However, in comparing the record for the corresponding week last year, there is shown a decrease of 12.7 per cent. The Los Angeles bank clearings for the week were $9,344,942, a decrease of 17.2 per cent. from last year.

The falling off is shown in the same week in Oakland, where the clearings for the week were $1,548,436.69, a decrease of 28.2 per cent.

San José the clearings were $488,—for the week, a decrease of 2.6 per cent. this year.

Stockton clearances of $583,305 for the week mark a gain of 2 per cent. Sacramento's clearings entered the six-figure column, with $1,083,315. The Fresno banks cleared $458,650.35, the San Diego banks, $739,500.69. The grand total for the eight cities was $14,751,964.90.

TO FIGHT FRUIT TRUST.

Growers of Northwest Will Operate Canneries and Take All Steps for Competition.

[ASSOCIATED PRESS NIGHT REPORT.]

ALBANY (Or.) Aug. 21.—To fight the alleged "fruit trust," in all its forms, will be the purpose of the Northwest Fruit Association, as announced at a meeting held in Albany this afternoon. Organized at Salem last Wednesday to enter the prune-growing field this fall, the association will widen its scope and operate canneries or take any other steps necessary to provide competition and protect fruit growers. Plans of the association now crystallising presage a widespread effect on future fruit culture in Oregon.

The association will have its headquarters in Albany.

SHERIFF TAKES JURORS.

Complete Panel in Treadwell Perjury Case Disposed of by Court.

[ASSOCIATED PRESS NIGHT REPORT.]

SAN FRANCISCO, Aug. 21.—Against impassioned protest of Attorney Thomas Dozier, who declared the proceeding autocratic and un-American, twelve sworn jurors and one who had been temporarily passed in the Treadwell perjury case, were ordered by Judge Conley today to be taken in charge by the Sheriff. They will not see their homes until the trial

SHERIFF TAKES JURORS.

mplete Panel in Treadwell Perjury Case Disposed of by Court.

SSOCIATED PRESS NIGHT REPORT.]

N FRANCISCO, Aug. 21.—Against impassioned protest of Attorney as Dozier, who declared the pro-ing autocratic and un-American, sworn jurors and one who had temporarily passed in the Tread-perjury case, were ordered by Conley today to be taken in by the Sheriff. They will not see their homes until the trial ends. The jury will be completed on Monday, when taking evidence will begin.

Dozier's protest against the jurors being deprived of their liberty was based on the fact that the jury box had not been filled, and that one of the veniremen was still subject to peremptory challenge. Not until the last year or so, he said, had an incomplete jury ever been placed in a Sheriff's charge in San Francisco.

Judge Conley said the matter was one in the discretion of the court.

BAN TAKEN OFF SULPHUR.

Pennsylvania Courts Decide Cured Fruits Cannot Be Barred.

[ASSOCIATED PRESS NIGHT REPORT.]

SAN FRANCISCO, Aug. 21.—Word was received today by A. R. Briggs, president of the State Board of Trade, that the courts of Pennsylvania have declared unconstitutional the law which prohibited the distribution and sale of fruit cured by the sulphur process.

STAMPEDE.

NEW RUSH FOR NEVADA GOLD.

MEN AND WOMEN FIGHT FOR PLACES IN BOX CARS.

Reports of Marvelous Strikes at Rawhide Rival Anything Ever Known in State—Climax Comes With Assay Showing $233 a Ton in Four-Foot Ledge.

[BY DIRECT WIRE TO THE TIMES.]

RENO (Nev.) Aug. 21.—[Exclusive Dispatch.] Two hundred men and women, some of them the most prominent in western mining history, left here in automobiles and on special Southern Pacific trains this afternoon and tonight for Rawhide as the result of the publication of news about daily strikes which rival anything ever reported in the State for richness.

At Schurz tonight 100 people, some of them women, scantily attired for desert hardships, are fighting for accommodations in railraod box cars. The automobile and stage lines have been overtaxed with travel during the cumulative excitement of a week.

The climax in Rawhide's second stampede came today when it was known here that a discovery has been made on the Grutt Hill Coalition which carried values of $233 a ton clear across four feet of a ledge which has been developed gradually from a narrow seam.

Proven assays were made and the results telegraphed to brokers here who immediately started engineers for the scene to make an inspection. Samples brought from Rawhide this week and shown in the display cases of mineral specimen collectors, run $2 to the pound. While this richness is not the record, the excitement increases because of the quantity of rock being uncovered.

Simultaneously numerous minor small strikes made below the level of Rawhide's mines have been made since last Thursday, and engineers say that the discoveries at such depth indicate the permanence of the camp. Many predict that this second stampede will exceed the 1905 boom in Goldfield.

SEEK UNIFORM STATE LAWS.

National Commission Begins Session in Seattle—Non-Support Indictable Offense.

[ASSOCIATED PRESS NIGHT REPORT.]

SEATTLE (Wash.) Aug. 21.—The three-days' session of the National Commission on Uniform State Laws, preceding the meeting of the American Bar Association in this city, began today with about thirty delegates in attendance, representing nearly twenty States.

The report of the Committee on Marriage and Divorce recommended for adoption a bill making desertion and non-support an indictable offense, punishable by imprisonment at hard labor.

The day was largely taken up with a discussion of the proposed uniform bill on stock certificates, which has been prepared by Prof. Samuel Williston of Harvard law school, and which makes certificates negotiable.

The annual election resulted in the choice of Amasa M. Eaton, Providence, R. I., president; Walter George Smith, Philadelphia, vice-president; Charles Thaddeus Terry, New York, secretary, and Talcott H. Russell, New Haven, Ct., treasurer. Judge Eaton has been elected president each successive year since 1901.

SLOPE BRIEFS.

Forest Fire Destructive.

BELLINGHAM, Aug. 21.—A forest fire last night nearly wiped out the little town of Bow, ten miles south of here. The saw and shingle mill, and dry kilns owned by Daniel Cain, with a half-million shingles, were destroyed, as well as five cottages belonging to the mill company. Several towns threatened by fire for several days past are declared safe by Fire Warden Lee.

Arrested for Eloping.

SAN FRANCISCO, Aug. 21.—Acting under advices from Fresno, a city detective yesterday placed Nellie Summers, aged 16, of that city, and Lee B. Warren of Cleveland, O., aged 25, under arrest on a charge of eloping. The girl probably will start for home today. The girl is the daughter of O. P. Summers of Fresno, and the father has been here for some days looking for his child.

Fatal Fall Down Stairs.

SEATTLE (Wash.) Aug. 21.—Rev. Richard Miller, 68, retired Congregational minister, died here tonight from hemorrhage of the brain, following a fall downstairs at his home this morning.

Narrow Escape from Death.

SAN JOSE, Aug. 21.—Mrs. L. Brown, wife of a local mill man, had a miraculous escape from death this morning, when the Sunset Express of the Southern Pacific Company crashed into the rear wheels of her light road buggy as she was driving across the tracks at Fourth and San Antonio streets. She and the rig were hurled twenty-five feet to the curb, and she escaped with slight internal injuries.

Festival of the Sea, Long Beach.

CELESTIALS COMPLAIN.

POLICE CRUEL, SAY CHINESE.

Startling Charges Against San Francisco Force.

Six Companies File Protest Against Outrages.

Lay Cause of Persecution to Blackmail.

[BY DIRECT WIRE TO THE TIMES.]

SAN FRANCISCO, Aug. 21.—[Exclusive Dispatch.] An amazing tale of brutal outrages, prolonged through more than six months, is told in a document that will be filed tomorrow with the Police Commissioners by Attorney Grant Carpenter in the interest of the Chinese Six Companies.

The document, which relates scores of assaults on unoffending Chinese men and women, declares the Chinatown police squad is responsible for them, and it names Sergt. Matheson of Chief Biggy's force as the chief perpetrator of the outrages.

To the protest of the Chinese merchants are attached eight affidavits, and their pages are filled with accounts of personal assaults on innocent persons. They tell of daily searches for more than six months, without warrant of law, of the forcible ejectment of customers from stores, of illegal arrests, of merchants being taken half way to a police station in patrol wagons, and then being kicked out without being taken before a magistrate, of intrusions into women's apartments, of the destruction of property, and even of the rifling of cash drawers.

The president of the Six Companies and two or three prominent members were in consultation today with the Chinese Consul-General regarding the abuses by the police in Chinatown, and, while they would not admit it, it is believed the matter will be made the subject of diplomatic representations if the outrages do not cease.

One of the merchants said a similar system of persecution had been followed under the old police régime, with the idea of levying blackmail, but the leading Chinese merchants were banded together to prevent a similar system being foisted on them again.

ATTORNEY FREED; REARRESTED.

W. W. Millett, Candidate for District Attorney, Accused of Being Outside Bar.

[BY DIRECT WIRE TO THE TIMES.]

RENO, Aug. 21.—[Exclusive Dispatch.] W. W. Millett, candidate for District Attorney in Washoe county, who was arrested recently in San Francisco and brought back here to face a charge of embezzling $105, was acquitted in the justice court today and immediately reimprisoned. The second charge placed against Millett is that of practicing law without having been admitted to the bar in this or any other State.

Sheriff Ferrel took Millett to the County Jail. Millett's young wife, who came here from Alabama on her honeymoon to know that her husband was accused, has gone back to her husband's home in Illinois. Millett, according to Dist.-Atty. Moran, aided in the defense of Stanley Peck, charged with murder, when the trial was held recently.

SEA HERO.

CAPTAIN SAVED SIXTY LIVES.

DIAMOND-STUDDED MEDAL TO BE PRESENTED ON SHIP.

James Harrison of Volturno, Who Rescued Twenty-eight Sailors from Wreck on Grand Banks in April and Thirty-two Twenty Years Ago, Honored in New York.

[ASSOCIATED PRESS DAY REPORT.]

NEW YORK, Aug. 21.—In recognition of his having saved the lives of twenty-eight sailors during a gale on the Grand Banks last April, Capt. James Harrison of the Volturno, of the New York & Continental line, will today be presented with a gold, diamond-studded medal, on his ship lying at her Jersey City pier.

The presentation will be made by an official of the Life Saving Benevolent Association of New York.

Sailors who manned the life boats at the time of the rescue will also receive souvenirs of the heroic work.

The men saved formed the crew of the Champaigne, a French schooner of St. Malo, France, while the little vessel was bound to the fishing banks. The Volturno, en route from Rotterdam to New York, sighted the Champaigne when the schooner had been dismasted and was leaking. So high ran the seas that it required three days to transfer the men from the sinking schooner.

Twenty years ago Capt. Harrison saved thirty-two men from the Nautique, a French steamer, which foundered in mid-Atlantic.

Capt. Harrison brought to this country Lord Dunraven's racing yacht, the Valkyrie III.

TORPEDO DESTROYER NAMED.

Heroes of Naval Engagements Honored in Christening of New Craft.

[ASSOCIATED PRESS NIGHT REPORT.]

WASHINGTON, Aug. 21.—By authority of the President, the torpedo boat destroyers under construction have been assigned the following names:

Torpedo boat destroyer No. 17—Joseph B. Smith. Lieut. Smith commanded the Congress when she was sunk by the Merrimac on March 18, 1862. He was killed in this engagement.

No. 18—Roswell B. Lamson. Lieut. Lamson participated in the battle of Port Royal, and the capture of Fort Walker, and was commended by Rear-Admiral Dupont for bravery.

No. 19—Samuel W. Preston. Lieut. Preston was killed in the assault on Fort Fisher, January 15, 1865.

No. 20—Charles W. Flusser. Commander Flusser was killed in action on the Miami during an engagement with the Confederate ram Albemarle, near Plymouth, N. C., April 19, 1864.

No. 21—Samuel C. Reid. Capt. Reid commanded the privateer Gen. Armstrong. He was attacked in the harbor of Fayal, September 26, 1814, by boats from three British men-of-war. Capt. Reid drove them off, killing and wounding 135 officers and men. The frigate Rota compelled him to run his ship ashore and destroy her before capture. He received the commendation of Congress, and a sword from the State of New York.

CINCINNATI GETS CONVENTION.

Life Insurance Men Select Ohio City, Elect Officers and Adopt Resolutions.

[ASSOCIATED PRESS NIGHT REPORT.]

DENVER, Aug. 21.—Cincinnati was chosen today as the meeting place of the American Life Convention next year, on a date to be fixed by the Executive Committee. A. J. Dean of Georgia wasc elected chairman of the legal section. Secretary Deitch was re-elected.

The convention unanimously adopted resolutions favoring a uniform system of taxation of life insurance companies throughout the United States, denounced the present methods as unfair, unjust and unequitable to the companies, and made such members of the convention as attend the coming meeting of the State Insurance Commissioners in Detroit, August 25 to 27, a special committee to represent the convention at the coming gathering and to frame up such plans for a campaign as they may consider advisable and later to refer the same to the Executive Committee of the life convention to act upon as they shall see fit.

FAIRBANKS IN HOSPI

Vice-President Spent Day in Chicago as Patient, Under Some Secrecy.

[BY DIRECT WIRE TO THE TIMES.]

CHICAGO, Aug. 21.—[Exclusive Dispatch.] Vice-President Charles W. Fairbanks was a patient during one day this week at the Henrotin Memorial Hospital, where he was under the care of Dr. Gustav Futterer.

Considerable mystery surrounds the details of the Vice-President's stay at the hospital. Color to the rumors of a surgical operation and serious illness was given by the hesitancy of Dr. Futterer, when questioned as to the condition of his patient.

After some denial the physician said the Vice-President was affected with a cold in the back on his arrival in Chicago on Monday, and fearing that it might develop into pneumonia, he went to the hospital, where he spent Monday night, continuing his journey to Missouri the next day.

Mr. Fairbanks is at St. Louis today.

POLITICAL.

CONVENTION AT OAKLAND.

Republicans of State to Meet Next Thursday.

Dozier of Shasta Is Slated for Chairman.

Woman Suffragists Want a Plank Inserted.

[ASSOCIATED PRESS NIGHT REPORT.]

OAKLAND, Aug. 21.—The Republican State Convention will be held at Liberty Theater next Thursday, August 27.

The headquarters of the State Central Committee and of the citizens' Committee on Accommodations will be at the Hotel Metropole.

P. S. Teller, chairman of the State Central Committee, will call the convention to order, and W. H. Davis, secretary of the State Central Committee, will act as secretary until officers of the convention are elected.

Thomas B. Dozier of Shasta will, in all probability, be elected chairman. Minor officers of the convention will be elected from the city in which the convention will be held. Harry S. Anderson, the present secretary of the Alameda County Convention, will probably receive the secretaryship.

A candidate for Presidential elector from the Third district will be F. M. Smith, the "borax king."

A committee of women will wait upon the Committee of Resolutions for the purpose of having inserted a plank favoring women's suffrage.

NEVADA REPUBLICANS MEET.

GOLDFIELD CONVENTION.

[ASSOCIATED PRESS NIGHT REPORT.]

GOLDFIELD (Nev.) Aug. 21.—The State convention of the Republican party meets in this city tomorrow and the town is already crowded with delegates and politicians from all sections of the State.

State Senator H. N. Morehouse will be temporary chairman of the convention and probably permanent chairman also.

The most important planks in the platform to be adopted will be those relating to a revision of the State banking laws and amendments to the State police law. The latter law as it stands is in the main satisfactory, but amendment will be made to the way it has been administered.

The convention will name H. B. Maxson of Reno for the Congressional nomination; Hugh Brown of Tonopah for Justice of the Supreme Court, and Don Ahearn of Virginia City for Surveyor-General. State Senator P. J. Flanagan will be the choice of the convention for United States Senator to succeed Newlands, and it is probable his name will be placed on the ticket in order to give the voters an opportunity to express their preference.

Likewise the Democratic convention probably will place the name of Senator Newlands on their ticket for the same reason.

There is a law on the statute books allowing this, but the law does not make it compulsory upon the Legislature to elect the man receiving the most votes for the office.

REPORTER FOR GOVERNOR.

ANNOUNCES CANDIDACY.

[ASSOCIATED PRESS DAY REPORT.]

HOUSTON (Tex.) Aug. 21.—Texas has a new candidate for Governor in the person of Scuddy Richardson, who has served as a reporter on many Southern papers. Mr. Richardson has issued formal announcement of his candidacy in the following unique platform:

"With the help of God, I intend to be Governor," says he. "I enter the race seemingly handicapped, cut off from the great political parties that have ruled the land; but I shall win as God is with me and I stand for what is right."

Mr. Richardson opposes prohibition.

POSTMASTER GENERAL HOME.

Returning from Vacation Meyer Says He Will Try to Kill Red Tape Dragon.

[BY DIRECT WIRE TO THE TIMES.]

WASHINGTON, Aug. 21.—[Exclusive Dispatch.] Postmaster-General Meyer, upon his return to his office today from a five weeks' vacation, said that it is his intention to play the part of St. George, his patron saint, and make at least one try at killing the dragon or red tape which has kept the Postoffice Department from adopting any business method less than a century old.

Mr. Meyer also announces that he will take the stump in behalf of his postal savings bank scheme. He went to Hot Springs tonight for a talk on politics with Mr. Taft, so that he may also say something for the benefit of the nominee at the same time.

BRYAN OPENS CAMPAIGN.

SPEAKS ON TARIFF IN IOWA.

[ASSOCIATED PRESS NIGHT REPORT.]

DES MOINES (Iowa) Aug. 21.—Comparing the attitude of the two dominant parties on the tariff question, William J. Bryan, the Democratic candidate for President, at the baseball park in this city tonight, before a vast audience, fired the first gun of the campaign.

He attacked the Republican tariff revision, and asked if the Democratic party was not justified when it included in its platform the declaration that "the people cannot safely entrust the execution of this important work to a party which is so deeply obligated to the highly-protected interests as the Republican party."

"The whole aim of our party," he said, in summarizing, "is to secure justice in taxation. We believe that each individual should contribute to the support of the government in proportion to the benefits which he receives under the protecting government. We believe that a revision of the tariff approached gradually, according to the plan laid down in our platform, will equalize the burdens of taxation still more. If the Republican party is to have the support of the people who find a pecuniary profit in the exercise of the taxing power, as a private asset in their business, we ought to have the support of that large majority of the people who produce the nation's wealth in time of peace, protect the nation's flag in time of war, and ask for nothing from the government but even-handed justice."

While Mr. Bryan was speaking at the ball park this evening, the temporary platform, on which were seated several hundred people, collapsed. Nobody was hurt, and there was no panic, but Mr. Bryan was interrupted for five minutes while arrangements were made for him to continue speaking from the grand stand, where he finished his address.

Upon the conclusion of his tariff speech, he addressed an overflow crowd in the Auditorium, and emphasized his views regarding the election of Senators by vote of the people.

Mr. Bryan made an unexpected call today on Gov. Cummins, and was cordially received.

During the day Mr. Bryan announced that Wednesday next, on his way from Indianapolis to Topeka, he would stop several hours at Salem, Ill., his birthplace, and deliver a speech from the porch steps.

Mr. Bryan left at 10:50 p.m. for Chicago, where he will remain three days and hold frequent conferences with his campaign managers.

M'VEAGH OUT FOR TAFT.

Millionaire Grocer of Chicago Deserts Democratic Party.

[BY DIRECT WIRE TO THE TIMES.]

CHICAGO, Aug. 21.—[Exclusive Dispatch.] Franklin MacVeagh, millionaire grocer and known the country over as the "Scholar-merchant of Chicago," friend of Grover Cleveland and leader in civic reforms, has become a Republican and will vote for William H. Taft, November 3. In departing from the Democratic ranks Mr. MacVeagh announces that he is actuated by the fact that his interest is in progressive politics and in a party backing which makes them practicable.

In further defining his position, the merchant prince compares the two candidates for the Presidency and says he is for Taft because Taft "will carry forward what Roosevelt has begun," and will be "another epoch-making President."

As to Bryan, he remarks that the Nebraskan is "able and honest," but "lacks political judgment and common sense and would be extremely uncertain and unsafe."

SELECTING CAMPAIGN ORATORS.

Hitchcock and Sherman Confer Over Choice of Speakers to Spread Doctrines.

[ASSOCIATED PRESS NIGHT REPORT.]

NEW YORK, Aug. 21.—For the purpose of selecting from the Republican membership in Congress the most effective speakers for use in the national campaign, a conference was held tonight between Frank H. Hitchcock, chairman of the Republican National Committee, and James S. Sherman, the Republican nominee for Vice-President.

The national acquaintance which Mr. Sherman has with all these men made his counsel extremely valuable to Mr. Hitchcock.

The speaking tour which Mr. Sherman will undertake, beginning the last week in September, will be more extensive than has been expected. It is likely now that he will continue to deliver addresses, most of them in Central and Western States, until election day. It is planned now to have him follow Mr. Bryan at several important meetings and reply to the Democratic candidate's discussion of national issues.

Mr. Sherman has promised to make his first speech in Representative McKinley's district, in Illinois, McKinley, who is chairman of the Republican Congressional Committee, will be in New York next week to confer with Mr. Hitchcock about the joint literary work which will be done for the two committees. Representative Hepburn of Iowa, visited national headquarters today. He said local issues, such as the Senatorial situation in Iowa, would not affect the national ticket in the State and the usual Republican majority would be given for Mr. Taft.

POLITICAL BRIEFS.

Judge Parker Called Home.

SEATTLE (Wash.) Aug. 21.—Judge Alton B. Parker has been called home on important law business and will not be able to attend the meeting of the American Bar Association, at which he was to have made the report of the committee on professional ethics and present a code for the government of the legal fraternity. Accompanied by Delancy Nicoll, Judge Parker left tonight for Duluth, whence he goes by ship to Buffalo.

JAPANESE VIEWPOINT.

DISLIKE CHINESE ALLIANCE PLAN.

TOKIO PRESS DISCUSSES RUMOR OF AMERICAN ACTION.

"Nichi-Nichi Shimbun" Unable to Understand Latent Dislike in the United States for Island Empire and Declares Visit of Fleet Shows Feeling Is Unwarranted.

[BY DIRECT WIRE TO THE TIMES.]

TOKIO, Aug. 21.—[Exclusive Dispatch.] In connection with the suggested American-Chinese alliance against Japan, the Kokumin Shimbun asks editodially:

"What benefit will America secure by such an alliance? Does America find it advisable to depart from the concert of powers for the maintenance of the open door and equal opportunities in the Far East. Does China believe that it will be able to exclude the other powers by allying itself with America alone?"

The Nichi-Nichi Shimbun is unable to understand the latent American dislike of Japan. It declares that signs are not lacking, including the forthcoming Japanese welcome to the American fleet, that such a feeling is unwarranted.

Festival of the Sea, Long Beach.
September 1 to 5. Unique, attractive.

"Times" Branch Office, 531 S. Spring St.

For the convenience of Times patrons, a branch office has been established at 531 S. Spring street, where advertisements and subscriptions are taken by experienced clerks.

AN interesting and timely article in The Times Magazine the coming Sunday will be that entitled "Abdul Hamid, the Sick Man of Europe, and His Tottering Throne."

Zambesi is being harnessed in The Times Magazine the coming Sunday.

"THE HOTEL CLERK" will discuss the campaign in the Times Magazine the coming Sunday.

RAILROAD RECORD.

FALL TRAFFIC TO BE HEAVY.

Eastern Roads Anticipate Buying by Merchants.

Stocks of Country Merchants Are Depleted.

Sale of Crops Will Mean Heavy Demands.

[BY DIRECT WIRE TO THE TIMES.]

CHICAGO, Aug. 21.—[Exclusive Dispatch.] Traffic officials are generally predicting a large increase in the movement of general merchandise within the next few weeks. From investigations made by them of the conditions of stocks now in the hands of country merchants, they have found that these are run down to an extent that it will be absolutely necessary to have them renewed if the holders are to continue at all.

In a week or two the agricultural communities will begin making their fall purchases. At present crop prices they are certain to be in funds, and they are expected to be liberal buyers. Passenger traffic has increased considerably and a feeling of buoyancy is taking the place of the depression from which railroad officials have suffered for the last nine months.

WANT HEPBURN RATE LAW AMENDED.

[BY DIRECT WIRE TO THE TIMES.]

CHICAGO, Aug. 21.—[Exclusive Dispatch.] Chicago and Illinois shippers have inaugurated a campaign to induce Congress to amend the Hepburn rate law to conform to the decision recently made by Judge Grosscup in setting aside the $29,240,000 fine imposed by Judge Landis on the Standard Oil Company. The fact that Judge Grosscup ruled that the shipper could not be considered guilty of having accepted a rate less than the legally published rate unless he actually knew what the legal rate was, has been received with great pleasure by the shippers who feel their position has been greatly strengthened, and they are prepared to renew their contention with vigor.

The Hepburn law says a road shall not accept either more or less than the legally published rate and the Interstate Commerce Commission has interpreted the provision to mean the shipper must know the rate.

The shippers contend there are many small shippers who are not able to cipher out all the confusing papers and figures that generally make up the tariff sheet and in any case it is often impossible for shippers to know definitely and precisely whether any rate which is quoted them or which is taken from a printed tariff is a legal rate without first having made inquiry at Washington whether all the requirements of the law have been complied with.

The shippers claim that under the present arrangement they are too often made the victims of carelessness on the part of rate clerks in quoting rates.

MOVEMENT OF CROPS CALLS OUT ALL CARS.

[BY DIRECT WIRE TO THE TIMES.]

CHICAGO, Aug. 21.—[Exclusive Dispatch.] Operating officials of all roads centering in Chicago, report a steady increase of activity in their departments. Not only has the flow of traffic enlarged steadily within the last few weeks, but the preparations now being carried out for the beginning of the movement of new crops in volume are of such a nature as to require the greatest effort to meet the necessities of the case. Trainload after trainload of empty cars that have been lying on sidetracks are now being sent to the West and Southwest. The operating officials are determined that the increase in traffic shall not in any way be hindered at the outset by a car scarcity.

HARRIMAN SUMMONS OFFICIALS.

PELICAN BAY CONFERENCE.

[ASSOCIATED PRESS NIGHT REPORT.]

KLAMATH FALLS (Or.) Aug. 21.—E. H. Harriman has summoned to Pelican Bay for a conference Julius Kruttschnitt, his chief assistant; E. E. Calvin, vice-president and general manager of the Southern Pacific, and William Wood, chief engineer of the system, as well as a number of other prominent officials connected with the Harriman lines.

It is believed the object of this conference is to hear a report by J. P. O'Brien, manager of the Harriman lines in the Northwest, who has just made a trip through Central Oregon with Gov. Chamberlain, and that Mr. Harriman and his officials will consider the advisability of the extension of the road from this city, making it the main line of the Southern Pacific between Portland and Sacramento. The officials are expected here at any time.

HIGH FINANCE.

BONDS OFFERED FOR CURRENCY.

BANKS WANT TO USE RAILROAD SECURITIES FOR MONEY.

Application to Secretary Cortelyou Comes in Form of Request to Designate Acceptable Railroads to Secure Issue of Bank Notes—Plan Causes Embarrassment.

[BY DIRECT WIRE TO THE TIMES.]

WASHINGTON, Aug. 21.—[Exclusive Dispatch.] An application for authority to use railroad bonds as security for national bank-note circulation is under consideration at the treasury, where it was received several days ago. The fact that such an application had been received did not become public until today.

The application came in the form of a request from New York bankers, asking the treasury to designate the railroad bonds that will be accepted as security for circulation.

The inquiry plainly meant that the New York banks desire to turn railroad paper into money, and wish to know just which securities will be accepted if it becomes necessary to put out additional money this fall. After the bitter fight in Congress last winter against classing railroad paper with the preferred security acceptable as the backing of guaranteed bank notes, and because of the intensely hostile attitude of the Middle West to the use of railroad bonds, Secretary Cortelyou has shied at a treasury authorization of the plan.

The new law provides that a national banking association may apply for circulating notes "to be secured by the deposit of bonds other than bonds of the United States." The Secretary of the Treasury passed upon the application and the bonds proffered. So the matter of classifying railroad bonds rests with Secretary Cortelyou.

TEST FOR SAFETY.

Salt Lake Railroad to Try Cab Signal System, for Which Local Inventors Claim Much.

The Salt Lake Railroad will install and thoroughly test an electric system by which warnings of impending danger from open switches, broken rails, or a train approaching from an opposite direction, are supposed to be conveyed to the engineer in time to prevent an accident. It will be tried on the route between Los Angeles, Long Beach and San Pedro. If successful it should result in the elimination of wrecks from these usual causes and increase greatly the safety of rail travel. It has been a failure thus far, but has been improved since unsatisfactory tests were made by the Southern Pacific.

The system is a local invention and belongs to the Mills-Piddington Company. By it the railroad is divided into blocks of about three miles each. Along the track there are placed at intervals a kind of short rails, slightly raised above the level of the metals on which the wheels run. On the locomotive a brush is placed so to rub these side rails as the train moves. A light current of electricity charges these rails, and it is communicated to the engine, where it works an apparatus which keeps a green light burning in the cab before the engineer's eyes as long as the track is clear.

When another train or engine gets within the zone of danger the current that operates the system is short-circuited and the green light is replaced by a red one and a bell rings in the cab of each engine until the trains are stopped. The same thing happens when a switch is left open, a car is left on a siding so as to project over the track or an obstruction of any kind gets on the rails on right of way. Theoretically it renders a collision or derailment impossible. Engines are stopped within a mile or more of danger and can not run into any thing, according to the theory; the practical side remains to be demonstrated.

Railroad Odds and Ends.

The Santa Fé has hauled about 1000 sailors and naval recruits from the East to San Francisco within the past week. A trainload of 300 from Norfolk, Va., arrived at the northern city yesterday.

The Los Angeles-Pacific is preparing the picnic of Hamberger's clerks at Venice a week from today. The proprietors of the great store will sell the tickets to their employés at 25 cents apiece by special arrangements.

W. V. Hill, chief clerk to Gen. Manager Sherman of the Los Angeles-Pacific, is spending his vacation in the North. H. G. Feraud, the company's purchasing agent, is acting as chief clerk during his absence.

W. G. Barnwell, general freight agent of the Santa Fé, is spending his vacation at Lake Tahoe, and will be gone until the last of the month.

BRADLEY'S WIDOW WEDS.

At Age of Fifty-four, Wife of Late Turfman Elopes With Nephew, Twenty-one.

[BY DIRECT WIRE TO THE TIMES.]

NEWPORT NEWS (Va.) Aug. 21.—[Exclusive Dispatch.] Mrs. Mattie Hubbard Bradley, widow of the famous horseman, "Virginia" Bradley, is now the bride of her late husband's nephew, Archie Bradley. The bride confesses to 54 years while the bridegroom is but 24 years of age.

The marriage took place last evening in Salem, N. C., to which place the couple eloped.

Mrs. Bradley was the widow of Robert Bradley of Greenway, Charles City county, Virginia, who was known throughout the United States on the turf as "Virginia" Bradley. He died sixteen months ago.

"Virginia" Bradley had annexed many of the richest prizes of the turf, among them being the classic American Derby.

FLASHES FROM WIRES.

A telephone message from Jonesburg, Mo., yesterday, stated that Charles Van Studdiford, formerly a resident of St. Louis and husband of Grace Van Studdiford, the actress, is in a serious condition by reason of injuries received when he was thrown from a horse on Tuesday, last. Two of his ribs were broken and it is believed he is internally injured. He had been lying unconscious for over an hour when found and has failed to rally and respond to medical treatment.

A special dispatch from Teheran says that Ain-Ed-Mowleh, who arrived outside Tabriz a couple of days ago at the head of 1200 government troops, has been captured by the revolutionists.

The Turkish government has decided to engage the services of a British adviser for the reorganization of the Turkish navy, and a French adviser is to be employed for the rehabilitation of the finances of the empire.

Several persons were slightly hurt yesterday when whites and negroes in Chicago became involved in a quarrel, using bricks and stones. When a patrol wagon loaded with police responded to a riot call, the combatants had dispersed.

Felix Isman of Philadelphia, who leases several theaters in New York, yesterday purchased the land occupied by Oscar Hammerstein's Gloria Theater and the Belasco Theater, at the corner of Seventh avenue on Forty-second street.

LABOR.

ITALIAN GANG MOBS HINDUS.

Northern Pacific Strikers Attack Workers.

Pitched Battle Takes Place, With Two Injured.

Company Refuses to Give in; Trouble Is Feared.

[ASSOCIATED PRESS NIGHT REPORT.]

TACOMA (Wash.) Aug. 21.—Maddened at the sight of forty Hindu strike-breakers filling their places in the Northern Pacific Railroad yards, about fifty Italian laborers armed with stones, clubs and other weapons twice today engaged the Hindus in a pitched battle, but were repulsed by the latter with bullets.

One Hindu is in the hospital with a bruised knee, and the foreman of the track gang has a lump on his forehead from a rock thrown by the Italians. Other than this there were no casualties.

The leader of the strikers has promised Mayor Linck that there will be no further disturbance tonight, and tomorrow he will have a conference with the railroad officials. The strikers say they are not demanding an increased wage, and that the men came from St. Paul to work at $1.50 per day and were promised return transportation.

They claim the company has reduced their pay to $1.25 a day and refused to keep its contract about transportation. The leader of the strikers says he will not vouch for the behavior of his countrymen after Saturday night, and if the Hindus remain at work they must protect themselves.

Tonight the railroad officials declare the wages of the Italians will not be increased, and that the Hindus will be given every protection, and have appealed to the Sheriff for deputies.

STRIKERS THREATEN JAPANESE.

DEPUTIES ON GUARD.

[BY DIRECT WIRE TO THE TIMES.]

SEATTLE, Aug. 21.—[Exclusive Dispatch.] Sheriff L. C. Smith was called upon today by the Northern Pacific Railway to send ten deputies to Auburn tomorrow to prevent threatened trouble between striking Italian section hands and Japanese, with whom it is proposed to replace the strikers.

A few days ago thirty Italian section hands struck when their demands for higher wages were refused. They were ordered out of their shanties, but refused to go. Japanese have been employed and last night about fifty of them slept on the ground near the Italian quarters.

Today another demand was made on the strikers to vacate their quarters, but they again refused and the company was told that the Italians would shoot any man who attempted to evict them or any Japanese who was put to work. The railroad was told that the deputies would be sent to Auburn tonight.

MINER SHOT FROM AMBUSH.

Alabama Negro Whose House Was Dynamited, Waylaid and Fatally Injured.

[ASSOCIATED PRESS NIGHT REPORT.]

BIRMINGHAM (Ala.) Aug. 21.—Anthony Davis, a negro non-union miner, whose house at Pratt City was destroyed by dynamite, Wednesday night, was fired on from ambush near his home at Pratt City tonight, and fatally injured. Quite a number of shots were fired into his body.

Davis had been working steadily since the beginning of the strike and immediately after his house was dynamited, claimed that he had seen and recognized the men who committed the deed.

Governor Comer has not yet decided what action to take in the matter of throwing the troops into the district, although great pressure has been brought to bear upon him today to augment forces.

Apprehension of further trouble continues keen all over the district.

Rolling Stock Suffers.

WINNIPEG, Aug. 21.—That the Canadian Pacific rolling stock is getting into bad condition on account of the machinists' strike was suggested today when it was announced that three freight trains were ditched in Lethbridge, Alberta, yesterday. Much rolling stock was destroyed. It is reported that 150 engines between Swift Current and Calgary have been put out of business since the strike began.

TWO PLEAD GUILTY.

Fresno Kidnapers Confess to Crime While Murderer of Rancher Makes Formal Denial.

[ASSOCIATED PRESS DAY REPORT.]

FRESNO, Aug. 21.—Charles Barnes, one of the kidnapers of Edna Domengine of Coalinga, pleaded guilty before Judge Austin this morning. He is but 18 years of age. Barnes drove the kidnapers, Grover C. Rogers and Z. T. Loveall, to the scene of the crime. Rogers has already pleaded guilty. Loveall, for whom the officers searched for several days and who finally surrendered, pleaded not guilty to the charge against him, today. Charles H. Loper, who murdered Joseph Vernett, the aged rancher, and hacked his body to pieces, entered a plea of not guilty today, although he has made a full confession to the District Attorney. The case will come up next month.

STRANGE SPOOKS.

SPIRITS TELL WIFE TO SECURE DIVORCE.

[BY DIRECT WIRE TO THE TIMES.]

M'ALESTER (Oklahoma) Aug. 21.—[Exclusive Dispatch.] Mrs. Susie Barnes, daughter of J. K. McAlester, millionaire corporation commissioner, has dismissed her suit for divorce from Simpson H. Barnes, as the result of a sensational cross bill filed by him in which he charges that she brought her action because the spirits influenced her to do so.

According to the charges of the husband, Mrs. Barnes became identified with a spiritualistic organization which held seances in the select homes of the town. Mediums claimed to have communion with the spirits of her grandfather, who was a big Choctaw chief, and with her twin sister who died in infancy.

She became convinced that her husband was not her affinity and then the spirits told her that while on business trips he was improperly intimate with other women. Society stood aghast when Mrs. Barnes, whose husband manages the Muskogee Street Construction Company and is a man of affairs, filed a suit for divorce against him in which she charged him with being guilty of cruelty, alleging that he had abused her in public and in private and had accused her of being unchaste.

She alleged that he had armed himself with a pistol and that she was afraid of him. He had refused to support her, she charged, and she had been forced to provide for herself.

"The spirits in which Mrs. Barnes has been taught to believe, are responsible for the trouble," said Barnes. "Strange ideas have been put into her head. They have poisoned her mind. I did not say she was untrue. I did not think it and do not think it. She has been deluded."

Music Hungry?

Well the simple fact is that for all kinds of Music—Songs, Instrumental, Band and Orchestra, there is no music maker equal to the world-famous

Talking Machine

Why not avail yourself of our easy payment plan and own a Victor, a Zon-o-Phone or Edison.

TAFT PROVES.

(Continued From First Page.)

of a real country picnic. There were seats for but a few hundred, while the thousands had to stand or sit on the ground. Mr. Taft occupied a hastily erected speaker's stand in front of the bleachers benches. He was introduced by Col. Allen, and his reception was cordial and his speech heartily applauded.

CAUSED DEPRESSION.

Mr. Taft reviewed the record of the Democratic party from the time of the last Democratic administration in 1892.

"During this period," he said, "it repealed the McKinley tariff bill passed in 1890 and enacted the Gorman-Wilson tariff bill of 1894. With the prospect of a Democratic tariff for revenue and under the operation of the Gorman-Wilson tariff bill subsequently passed, a period of industrial depression set in which continued through the next Presidential campaign of 1896."

"As soon as the Republican party came into power in 1897," he continued, "it repealed the Gorman-Wilson tariff bill and enacted the present Dingley tariff bill and with the assurance of an honest monetary standard, confidence was restored and a period of business expansion and prosperity followed to an extent never before known in the history of the world."

Wages never were higher, he declared, and the high standard of wage-earners, farmers and business men in part of comfort, enjoyment of life, was advanced beyond precedent. Attending this great prosperity abuses developed, growing out of the "dishonesty of some prominent men entrusted with the management of the business of others and of a greed of financial power over some, stimulated by the enormous successes incident to the combination of capital in large corporations."

LAW VIOLATIONS.

These abuses, he said, chiefly took the form of violation of the anti-trust law and granting of rebates and discriminations by railroads to large shippers. When the extent of these evils was brought to the people, he said, President Roosevelt invoked the attention of Congress and the public to them and proceeded to enforce the laws then on the statute books.

"It was not," he said, "until Mr. Roosevelt, realizing to the full the danger to which our society was exposed unless the offending corporations, railroad and industrial, were made to obey and fear the law, took vigorous action in the recommendation of new legislation and the enforcement of the old that anything very effective was done to check the growing evil."

The Republican Congress which had been elected with President Roosevelt in 1904, Mr. Taft said, made a record for remedial legislation along the lines recommended by the President, which as he has said himself, has never been equalled in our time.

REFERS TO GOOD LAWS.

Mr. Taft referred to the railroad rate law, the law creating the Bureau of Corporations, the pure food bill, and the meat inspection law, most of which he declared encountered the open bitter opposition of the corporations and failed of passage in the previous Congress.

"What has been the result of this legislation and executive action?" he said. "Secret rebates and unlawful discriminations have been actually abolished. No monopoly of business in any line is now maintained by a secret reduction of freight rates to it which is denied to competitors."

He declared that "the people have ruled through the Republican party. I have no hesitation in saying that not since the beginning of the government has any other national administration done so much for the cause of labor by the enactment of remedial legislation as Theodore Roosevelt and the Republican Congresses elected and sitting during his terms of office."

It is true, he said, that additional legislation is needed to perfect the machinery for enforcing the principles laid down by Mr. Roosevelt and declared in the remedial statutes already passed.

"The present Congress," he added, "has reënacted the employers' act, has strengthened the s... pliance act; has passed the ... ment employés' compensation ... directed investigations into ... sters and has passed a mo... labor bill. A VOICE FROM THE TOMB.

RE ACCUSED BY THE DEAD.

rtling Dying Statement Read to Court.

na Rancher's Last Words Implicate Pair.

yer and a Woman Charged With Immorality.

[SPECIAL CORRESPONDENCE OF THE TIMES.]

VENTURA, Aug. 21.—After a contest of two court sessions, the dying statement of William F. Beale, the man killed at Walnut Center by Thomas O. Corley, was admitted as evidence in the preliminary examination this morning. It startled the community with its sensational contents. The statement, taken by Dist.-Atty. Hendricks at the California Hospital, charge is made that Corley had been living in improper relations with Mrs. Elmer E. Cook, wife of his employer, and sister-in-law of the murderman.

Mrs. Claude L. Congdon, wife of Mrs. Beale's brother, and a neighbor, testified that she had never heard any remarks relative to unlawful relationship existing between her husband's sister and the accused, nor had she seen anything that would tend to prove the allegations of the dead man.

Mrs. Ella Wilkinson of Newport Beach, another sister of Mrs. Cook, testified that she had never seen or heard anything that would lead her to believe that her sister was acting otherwise than in a proper manner.

WIDOW FAILING RAPIDLY.

William F. Beale, widow of the dead rancher, is very ill at Santa Paula. She has been rapidly failing in health since the trouble at Walnut Grove.

Corley's version of the fight is as follows:

"I was running my engine and came over to see how the irrigation was coming along. When I came back I found the orchard nursery stock and the cutting off suckers. All at once I heard the engine make several misses. I supposed something was wrong, jumped the ditch into the road and right into this man (Corley.) As I got into the road he jumped off the rules. I didn't know what it was—I thought there was something wrong with the team. As I walked to go by he said:

SHOT IN THE BACK.

'Here, I understand you have been talking about me. Did you ever see me do anything wrong with Mrs. Cook?' I said I did. And I said, 'If you were doing that with my wife there would be something doing.' When I said that, he reached in his pocket, and said to him: 'You are not going to shoot me in the back!' He had shot me in the back before, and as I turned from him he shot me in the back as I was running."

DEFENDANT ON STAND.

Thomas Corley, the defendant, was put on the stand. He denied that the conversation relative to Mrs. Cook between him and Beale. He said that I was sitting on the mower, and that Beale approached me. Beale said to me: 'I heard you are carrying a gun on me.' I said that it didn't make any difference whether I was or not. Then I told him I had the gun on me at the time. Beale said, 'If you don't kill you.' I kept backing away from him. He struck me with a knife and the mules ran away. He had the knife in his hand, and said that he would cut my throat. He started after me and I fired. I don't know how many times I fired. Beale started to run and later I went to Covina and delivered myself up to the officer."

Dist.-Atty. McComas offered in evidence a dead man's overalls as evidence. They had three bullet holes in the back of the garment and none in front.

Mrs. Elmer E. Cook testified to fights that occurred before the shooting. The examination was continued until today.

CHASE SAFE-CRACKER.

FUSILLADE OF SHOTS.

[ASSOCIATED PRESS NIGHT REPORT.]

SAN FRANCISCO, Aug. 21.—A lively and unsuccessful chase after a pair of safe crackers, in which a fusillade of shots was fired, occurred early today when a special policeman surprised two men at work trying to open the safe of the Pacific Tank company on Pine street.

The officer making his rounds in the commercial district, Special Policeman W. Dathe saw a man going into the tank company's office. The burglar saw the officer about the same time. Followed by a companion, the two ran into the street, and Dathe and two other policemen opened fire on them. Inside the safe of the Tank company the police found a white mask, and in the street in a doorway a hammer, chisel, punch and other burglar tools.

BOY TRAMP ROBS BOY.

POLICE ARREST YOUTH.

[SPECIAL DISPATCH TO THE TIMES.]

OLD BLUFF, Aug. 21.—[Exclusive Dispatch.] Bert Olson, eleven years old, who claims his home is in Port-land, Or., is imprisoned here and the city and county authorities are at a loss what to do with him. Yesterday afternoon he was at a swimming hole with a number of other boys who had gone swimming. Michael Huegira, a boy of his old, was dressing and displayed a twenty-five cents in coin. Olson grabbed the money and gagged him with a sock. He made off with the money, pursued by the boys. He ran to City Marshal Slater, who, after hearing all the facts, took Olson to prison. The boy has been traveling about the country as a tramp.

SAYS HE WAS SHANGHAIED.

CLAIMS BRITISH SAILORS.

[ASSOCIATED PRESS NIGHT REPORT.]

NEW YORK, Aug. 21.—John Clark of San Francisco, and John Cuthbirth of Fort Worth, Texas, seamen, who sailed as steerage passengers on the Pennsylvania from Liverpool today, and stopping at the Catholic Mission, appealed for aid in reaching their homes.

Clark says he was shanghaied in San Francisco, March 2, while wearing the uniform of the United States Navy, by the British steamer Stratdon, bound from San Francisco to ports in Japan. He says that because he refused to work he was handed to the authorities at Singapore and imprisoned for thirty-one days. If his story is true interesting complications may result.

JUDGE SHOOTS AT WIFE.

Tuskian Living in San Francisco Announces He Is Tired of Companion.

[ASSOCIATED PRESS DAY REPORT.]

SAN FRANCISCO, Aug. 21.—William Webb, former district judge of Clay County, Kentucky, early, today, at-

MAYOR IS CONVICTED.

Judge He Appointed Must Fix Sentence for Gambling.

[BY DIRECT WIRE TO THE TIMES.]

GUTHRIE (Okla.) Aug. 21.—[Exclusive Dispatch.] Cassius M. Barnes, former Governor of Oklahoma and Mayor of Guthrie, has been convicted of gambling. Judge Strang reserved sentence.

Mayor Barnes was arrested several weeks ago with a number of other prominent men. His companions pleaded guilty to the charge of gambling.

Judge Strang, who will sentence Barnes, was appointed by the defendant as an Attorney-General during his administration as Governor.

The jury returned a verdict against Barnes after five minutes' deliberation.

tempted to kill his wife, firing several shots at her as she fled from their home. None of the shots took effect. Webb lives with his wife and five children at 717 San José avenue. According to the statement made to the police by Mrs. Webb he is insanely jealous of her.

Returning home today he told his wife that he was tired of her conduct and began to shoot at her with a revolver. The woman ran out of the house followed by the children screaming for help. Webb was arrested after he had emptied his revolver at his fleeing wife.

Mrs. Webb, however, refusing to swear to a complaint against her husband for attempting her life, Webb was charged with discharging firearms in the city limits.

OUTRAGE.

GIRL VICTIM OF THIRTY-TWO.

ATROCIOUS CRIME IS REPORTED FROM MILITARY CAMP.

Alleged Perpetrators Chained and Under Guard to Avoid Lynching by Fellow Soldiers—Non-commissioned Officer, Escort, Said to Have Been Beaten.

[ASSOCIATED PRESS NIGHT REPORT.]

DENVER, Aug. 21.—A News special from Laramie, Wyo., says that, while every effort has been made by the authorities at Camp Emmett Crawford, the military maneuver grounds, to keep the fact secret, it is known that an atrocious crime was committed last Sunday by members of an artillery battery, who assaulted a young woman, leaving her bruised and unconscious upon the ground.

According to the story, a non-commissioned officer of the Twenty-first Regiment was escorting the young woman, when they were attacked by thirty-two men of the artillery battery. The officer was beaten into insensibility with a gun and the unfortunate young woman was dragged to an isolated spot and assaulted. After lying half-dead for hours, the victim of the outrage revived and succeeded in crawling to a house some distance away and told her story.

Twenty-six men, alleged to have been implicated in the outrage, are under arrest and are chained together in the camp prison. They are under constant guard to prevent lynching, as sentiment in the camp is strong against them.

Six of the alleged assailants escaped, but three of them were apprehended at Rawlins today. The other three are still at large.

CRIME BRIEFS.

Returns to Face Charge.

DETROIT (Mich.) Aug. 21.—Charles Rusk, wanted in San Francisco to answer a charge of grand larceny, waived extradition and started for the West today in charge of a San Francisco detective. Rusk is alleged to have taken the $4000 insurance money received by a widow whose boarding house was destroyed at the time of the big earthquake.

Express Messenger Killed.

ST. PAUL, Aug. 21.—Otto Sorenson, a messenger traveling on the Soo Railroad in the employ of the Western Express Company, was killed, yesterday, probably by tramps who attempted to rob his car, at Enderlin, N. D. The position in which Sorenson's body was found indicated he had had a terrible struggle. The contents of the strong box in the car were intact and it is believed that the tramps fled in terror after killing their man.

Held for Wife Murder.

SAN FRANCISCO, Aug. 21.—After refusing to grant a motion to reduce the charge against Peter Pelassou, the aged dairyman who is accused of killing his wife with a pitchfork, to murder in the second degree, Judge Shortall today held him for trial in the Superior Court.

Mexican Kills American.

WASHINGTON, Aug. 21.—Consul Maxwell Morehead, at Acapulco, Mex., has notified the State Department of the death of Grant U. Price of Winona, Minn., from a gunshot wound inflicted by a Mexican named Manuel Saluda, at Pie de la Cuesta, near Acapulco. Price was an employé of the Mexican Pacific Company of Seattle. He died last night. The Mexican authorities are making efforts to capture Saluda.

Robbed and Murdered.

MARYSVILLE, Aug. 21.—With hands tied behind in a knot, blood oozing from the mouth, a gash in the head, the body of a German known as "Russian Pete," was found in Feather River here today. He had evidently been murdered, robbed and thrown into the stream.

Suicide Was Fugitive.

COLUMBUS (O.) Aug. 21.—John P. Reid, who committed suicide in London yesterday, was a fugitive from justice here, having been indicted for assault a year ago on his own daughter. He was a wealthy contractor and fled the country after his indictment.

"Times" Branch Office, 531 S. Spring St.

For the convenience of Times patrons, a branch office has been established at 531 S. Spring street, where advertisements and subscriptions are taken by experienced clerks.

"THE HOTEL CLERK" will discuss the campaign in the Times Magazine the coming Sunday.

COURT SCORED.

(Continued from First Page.)

constitute a defense if it appeared that the ignorance was the result of neglect on the part of the shipper or of wilful failure on the part of the shipper to resort to the sources of information which were available.

The government contends that this is the correct construction of the statute on this subject.

The Court of Appeals lays down the rule that it is necessary for the government to show beyond a reasonable doubt, as a part of its case, that the shipper actually knew what the lawful published and filed rate was.

The government contends that this is an impossible rule; that it is contrary to the purpose of the Elkins Act; that it is contrary to the general rule applicable in criminal cases; that, put into effect, it would make of the Interstate Commerce Act "a mere will-o'-the-wisp of legislation, a phantom statute, destitute of strength or substance."

MISSTATEMENT CHARGED.

The government contends in the petition that the Court of Appeals has misstated not only the record as to what evidence was admitted, but has also misstated the construction which the trial judge placed upon the statute, and that for this reason there should be a thorough reargument upon the only proposition as to which the ruling of the trial judge up to the verdict of guilty, is reversed.

The government contends that an examination of the record will show that the court did not rule out the testimony tending to show want of knowledge, but that on the contrary all proper evidence tending to show that the defendant was ignorant of the facts with reference to the legal rate was admitted for the consideration of the jury, and that there was ample evidence to show that the defendant did know what the legal rate was.

In other words, the government contends vigorously and with references to the record that the reversal of the case, so far as the ruling of the trial Judge with reference to ignorance on the part of the shipper as a defense is concerned, is based upon a misstatement by the court of the record in the case as to the admission of the evidence and to a misunderstanding by the court of what the trial judge ruled with reference to the admission of evidence and how he really charged the jury.

WOULD NULLIFY LAW.

The government strenuously contends that the effect of the construction of the statute announced by the Court of Appeals is to nullify the Interstate Commerce act so far as shippers are concerned; to make its enforcement impossible, and to plunge the country again into the deplorable condition of railroad discriminations and favoritism which existed prior to its passage.

The government contends that the Court of Appeals has no right to place this construction upon the statute in the face of the fact that the very question involved in this case has been expressly left open by the Supreme Court in the Armour Packing Company case, recently decided by that court. The precise question involved in this case was stated by the Supreme Court in that case, it was not decided by Supreme Court, however, because it was not involved but was left open.

The government insists that before laying down this harsh rule and practically nullifying the law the Court of Appeals should certify in accordance with the statute this question to the Supreme Court for its decision; that no court short of the Supreme Court should undertake practically to wipe the Interstate Commerce act from the statutes.

ERRONEOUS RULE.

The petition states "before the government is required to try this case under the rigid rule of construction laid down by this court, is it not manifestly fair and right in the interest not only of justice in this case, but in the interest of a final and definite construction of this important statute, that judgment be taken of the highest tribunal of the nation?"

The government contends that the Court of Appeals in its opinion has laid down an erroneous rule for determining the number of offenses.

The government contends that each shipment is the basis of a distinct offense; and that in this case each carload was a separate shipment.

The Circuit Court of Appeals has held that there is but one offense for each settlement for freight.

The government cites against this an opinion of Presiding Judge Grosscup, in which that judge laid down an exactly contrary rule to the one which he laid down in the Standard Oil case.

The government contends that the rule laid down by the Court of Appeals is contrary to the principles of the Elkins Act, and leaves it to the shipper and carrier to elect for how many offenses they shall be fined.

INJUSTICE TO LANDIS.

The government contends in the petition that the Court of Appeals has done a great injustice to trial Judge Landis in misstating what he did in connection with the imposition of the fine on the Standard Oil Company.

The Circuit Court of Appeals in its opinion charges that Judge Landis assumed to fine the Standard Oil Company of New Jersey, and imposed the large fine for the reason that he was satisfied that the Standard Oil Company of New Jersey was not a "virgin offender."

The government shows in its petition that Judge Landis never referred to the Standard Oil Company of New Jersey in this connection and that the language used was used in connection with the Standard Oil Company of Indiana, and that nowhere were the proceedings directed or pretended to be directed against the Standard Oil Company of New Jersey.

The government takes issue with the Court of Appeals that Judge Landis's proceeding in this case "amounted to a strange doctrine in Anglo-Saxon jurisprudence," and says that the proceedings of Judge Landis are in accordance with the rule of procedure pointed out by Mr. Bishop in his work on criminal law as one of the elementary principles of that jurisprudence recognized from the earliest days.

SIZE OF THE FINE.

The government takes issue with the Circuit Court of Appeals as to its proposition that a defendant cannot be fined more than the value of the property which he possesses and states that this rule is an innovation in criminal law and if applied would destroy the enforcement of most statutes.

The government claims that the facts before the Court of Appeals justify the imposition of the penalty inflicted by the trial judge.

It appears from the record in the Circuit Court of Appeals that the net profits of the business of the Standard Oil Company of Indiana, the corporation that Judge Landis fined, for the years during which the violations of the law for which it was convicted were committed and including the year in which it was indicted amounted to $33,583,206 80.

EIGHT YEARS' PROFITS.

On this point the petition states:

"We respectfully call the attention of the court to the statement of the Standard Oil Company of Indiana on file in this case, referred to by the court in its opinion and treated as proper for consideration in determining whether or not the penalty was excessive."

That statement shows, with reference to the assets and liabilities and profits of the Standard Oil Company of Indiana, the following:

STANDARD OIL COMPANY (INDIANA.)

Year—	Gross assets.	Liabilities.	Profits.
1899.....	$15,154,466.16	$5,004,831.05	$ 4,196,770.54
1900.....	16,077,618.24	2,735,695.09	4,981,371.64
1901.....	16,435,213.71	2,963,417.01	5,379,948.55
1902.....	19,794,672.94	3,206,520.64	7,515,906.60
1903.....	21,277,619.70	4,553,206.78	9,753,110.73
1904.....	20,087,760.64	3,663,407.62	7,792,620.21
1905.....	20,743,561.97	2,436,907.62	8,521,674.52
1906.....	27,502,089.86	2,178,152.78	20,516,982.75

The punishment therefore is no more severe than that is inflicted upon a letter carrier who steals a letter and is sent to the penitentiary for three years, thereby depriving him of his earning capacity for that time. It is not nearly so severe as the minimum penalty of five years in the penitentiary imposed upon a banker who misappiles the funds of his bank.

RETRIAL NOT NECESSARY.

The government claims that on account of the size of the fine alone, there is no necessity for a retrial of the case; that the Circuit Court of Appeals may, itself, name the fine which should be imposed, and calls upon the court to do so in case it adheres to the view that Judge Landis abused his discretion in imposing so large a fine.

The petition concludes:

"It is therefore respectfully submitted:

"That the opinion of this court is based upon a misconception of the record with reference to the rulings of the trial judge as to the admission of evidence tending to show want of knowledge, and with reference to his construction of the statute on that subject, and the theory on which the case was tried; that the evidence of Bogardus which it is claimed showed want of knowledge was admitted, that it was overcome, however, by the facts and circumstances of the case, and that the evidence as an entirety was sufficient to show actual knowledge, or what in law was its equivalent.

"That the interpretation of the statute by this court, imposing no duty on the shipper and permitting a defense of ignorance to be made without regard to the negligence of the shipper, is contrary to the language of the statute and to its purpose, and seriously impairs the efficiency of the act.

CONCLUSION.

"That the ruling stated in the opinion as to the basis for determining the number of offenses involves an erroneous construction of the statute and fails to take into consideration that the thing which is prohibited by the act is the transportation of property at the unlawful rate.

"That the criticism of the trial judge for abuse of discretion rests upon a wrong assumption of what the trial judge actually did and assumes that he attempted to try and punish the Standard Oil Company of New Jersey, when in fact, as appears from the record, the entire proceedings were directed against the defendant, the Standard Oil Company of Indiana;

"That the ruling stated in the opinion to the effect that a fine is excessive when it exceeds in amount the ability of the defendant to pay is an innovation in criminal law and if generally applied would prevent the practical enforcement of most criminal statutes;

"That, in short, the opinion as it stands erroneously states material portions of the record; does injustice to the trial juage; leaves doubtful in a new trial the rule of law to be applied, both as to knowledge on the part of the shipper, and as to the number of offenses; appears to be in conflict with the language of the Supreme Court and with the previous language of the presiding judge of this court, and with the great weight of legal authority, and, if permitted to remain unmodified, will tend to encourage disobedience to law, to impede the enforcement of salutary statutes and largely to defeat their purpose.

"For the reasons stated we respectfully request that a reargument of this case be granted.

The petition is signed:

"CHARLES J. BONAPARTE,
"Attorney-General,
"FRANK B. KELLOGG,
"Special Assistant to the Attorney-General,
"EDWIN W. SIMS,
"United States Attorney,
"JAMES H. WILKERSON,
"Special Assistant United States Attorney."

NEW NAMES APPEAR.

[ASSOCIATED PRESS NIGHT REPORT.]

CHICAGO, Aug. 21.—The filing of the petition marked the appearance of Atty.-Gen. Bonaparte in the case, as well as that of Frank B. Kellogg, who is a special assistant to the Attorney-General. Besides these two names, the petition is signed by Edward Sims, United States District Attorney at Chicago, and Special Assistant James H. Wilkerson, both of whom presented the government's side of the case in the original hearing.

Although it is not specifically stated in the petition, it was agreed by counsel for the government in their conference at Lenox, Mass., following the reversal by the Appellate Court of Judge Landis's decision that if the interpretation of the law given by Judges Grosscup, Seaman and Baker, were allowed to stand, successful prosecution of rebate cases against corporations would be impossible in the future.

Cramming for Examinations.

Bismarck vowed that after passing a competitive examination a man was never any good, that the strain wrecked him. Still it was cramming, the cramming of the ingenious mind of Lord Chesterfield, which brought about the reform of the calendar. Cramming and flattery did it. "I have been of late a sort of an astronomer despite myself," he wrote. "I was obliged to talk some astronomical jargon, of which I did not understand one word, but got it by heart and spoke it by rote as a master." He had to make the peers believe that he knew something of the matter, "and also to make them believe that they knew something of it themselves, which they did not." For his own part, he said he could as well have talked Celtic or Slavonian as astronomy, and they would have understood him fully as well. They became parties to the deceit. They would not betray ignorance upon a subject as to which he credited them with abounding knowledge. Thus they reformed the calendar.—[Exchange.

Royal Chickens of Japan.

"The most beautiful and extraordinary chickens in the world are those bred by the royal family of Japan, the privilege of raising them not being accorded to any of the mikado's subjects," said Mr. L. J. De Courcey, of Yokohama, at the Rennert. "These chickens are celebrated for the wonderful growth of their tail feathers, a full-grown rooster's tail often reaching a length of 20 feet. The tail is of a lovely deep blue shade, while the body is buff, and about the neck is a white ring. A pair of these chickens has been known to sell to a wealthy Englishman for $1000 on condition that he would take them out of the country. "I believe that ere long the species will entirely disappear, as I heard before leaving Japan that it was the intention of his majesty to cease their breeding.—[Baltimore American.

THE FLEET.

(Continued from First Page.)

magnificent reception Australia has accorded, not to a British but to an American fleet, says:

"It means and is welcomed by the Australians as meaning that the United States is determined to secure their position in the Pacific, and the demonstration they are giving of the means they intend to employ to keep their position is extraordinarily complete. What the people at home have scarcely realized is that Europe has practically vacated the Pacific. Not a single battleship belonging to an European power is to be found in any corner of that great ocean, while America has three squadrons there. The mastery of the Pacific was Britain's only twenty years ago. The rise of Japan on the one hand and the naval renaissance of the United States on the other, has profoundly changed conditions and revolutionized Australia's attitude toward problems for national defense."

The Daily Telegraphs finds Australia's ambition to have its own navy is but a natural one, but it thinks the American demonstration will show her how many millions the realization of such a dream will require and convince her that her naval interests can be best secured by contributions to the British navy.

In conclusion, the Daily Telegraph thinks that the principle of a white Australia washed by a white Pacific, held passionately by the Australians, conceals serious dangers, but it does not doubt that the thorny question of Asiatic immigration can be settled on perfectly honorable terms.

THE MOTHER COUNTRY JOINS IN GREETING.

[ASSOCIATED PRESS NIGHT REPORT.]

LONDON, Aug. 21.—The London morning newspapers give great prominence to reports of the American fleet's reception in Australia.

The Chronicle says: "That the American sailors will take Australia by storm is certain. They have done it already; they have conquered before they came. This cordial fraternization is very gratifying to this country, where the maintenance of the most friendly relations with the American people and government is an object of universal desire and an axiom of our policy."

The Morning Post remarks that the visit will encourage Australian statesmen to promote the naval policy they have at heart, namely, the creation of an Australian navy, which, says the Post, hitherto has met with great obstruction from the government, which is anxious to impose on the colonies the duty of subsidising the British navy."

Then, referring to the feeling of the enthusiasm shown by Australia toward the United States, because of its exclusion of Asiatics, the Post says it declines to believe there is any real resentment in Asia at the adoption by the Anglo-Saxons of this traditionally Asiatic principle, and says:

"The only real danger of active enmity arising comes from the reckless assertion, still sometimes made in this country, that the British policy is to insist upon the open door in the East, while barring the door in the colonies."

AUSTRALIA SENDS TO PRESIDENT GREETING.

[ASSOCIATED PRESS NIGHT REPORT.]

OYSTER BAY (N. Y.) Aug. 21.—Upon the arrival of the American fleet at Sydney, N. S. W., the President received through the British charge d'affaires the following telegram from the Governor-General and government of the commonwealth of Australia:

"Australians, thousands of whom are gathered on shores of Sydney to welcome the battleship fleet of the United States, at this moment entering the eastern gateway of this continent, unite in cordial greetings to President Roosevelt. The people of the commonwealth gratefully appreciate the generous response to their invitation to the President and citizens of the great republic, and rejoice in the opportunity afforded by this demonstration of the might of American naval power, to express their sincere admiration of your sailors and their esteem and affection for the country whose glorious flag they hope to see always floating beside that of their motherland."

When Secretary Forster returned from a night visit to the President at an early hour this morning, the President sent this telegram in response:

"OYSTER BAY (N. Y.) Aug. 21, 1908. —The British Chargé d'Affaires, Manchester, Mass.: Through you I have just received the cordial and kindly message from the Governor-General and government of the commonwealth of Australia, and I desire to express in my turn to the Governor-General and government, and through them to the entire people of the mighty commonwealth of Australia the appreciation which the American people feel for their generous hospitality to the American fleet. The people of this republic hold in peculiar esteem and admiration the people of Australia, and it was a very real pleasure for me, on behalf of the nation, to accept the generous hospitality proffered by Australia to the fleet on its voyage of peace, for the American navy is a menace to no power, but is, on the other hand, we believe, an asset of importance in securing peace and justice throughout the world.

[Signed]

"THEODORE ROOSEVELT."

Searching for Missing Sons.

Commissioned by 400 mothers in Norway to find their missing sons and daughters in America, and, if nothing more, induce them to write home, a Norwegian woman arrived in Seattle a few days ago, and is now going among the Norwegians in an effort to locate fifteen of the missing that she believes to be either in Seattle or known here.

The woman is Mrs. Dick Waaler, the wife of a lieutenant colonel in the Norwegian Army, and herself a well-known journalist and writer. Two years ago Mrs. Waaler left Norway on her unique mission, and since reaching America she has traveled in her self-appointed work from New York to Florida and from Texas to Washington, having been in thirty-three States of the Union. She came to Washington a few weeks ago, and, in addition to Seattle, she has stopped in Spokane and Tacoma, locating six men whose failure to write back to the mothers and fathers left behind in Norway had made them as though dead to the parents across the sea. Of the six, two have been found in Seattle, and before she leaves Mrs. Waaler hopes to be able to materially increase this number.

Although Mrs. Waaler's husband is an officer in the Norwegian army, and her brother a member of the National Parliament, her mission is in no way a State enterprise, but is her own voluntary task.—[Seattle Post-Intelligences.

EXODUS FROM BOSTON JAILS.

Mayor Pardons Five Hundred Prisoners.

Overcrowding Due to Wave of Crime Relieved.

Crooks Swamp Ferry in Rush to Get Out of City.

[BY DIRECT WIRE TO THE TIMES.]

BOSTON, Aug. 21.—[Exclusive Dispatch.] The record pardoning fest of this country and probably of any other took place in Boston today when the Mayor pardoned 500 prisoners in a bunch.

Because of the wholesale arrests of crooks, yeggs and tramps during the crime wave that has been sweeping over Massachusetts, all the police stations and city jails have been packed to suffocation.

With accommodations for only 4500 prisoners, the city authorities found themselves with about 6000 to take care of. Deer Island, with maximum room for only 1000 prisoners, was in the worst shape, 1551 prisoners being confined there.

Mayor Hibbard went down and looked things over this morning and when he came back every clerk in his office went to work making out pardons.

Five hundred and fifty-one prisoners, all told, were released and they nearly swamped the city ferry in their wild exuberation when they were released.

Tomorrow, the Mayor says, he will take up the other city penal institutions.

The prisoners released were charged with minor misdemeanors.

Sepulchre of the Hapsburgs.

When Emperor William of Germany was in Vienna recently he visited the Capuchin Church to lay a wreath on the tomb of the Empress Elizabeth. This church is not only the Hapsburg sepulcher, but is said to be also probably the most striking burial place in the whole world. Over and above the more than a hundred coffins, those of emperors and empresses draped in black velvet and gold, while the lesser Hapsburgs rest under red and silver trappings, there is an array of crystal vases each containing the heart of Hapsburg.

SNAILHAM IS FALSE ALARM.

Webster Easily Beats Him in Twenty Rounds.

Otto Trims Montana Kid With One Punch.

Local Boy Given Inducements to Enter Ring.

Webster beat Snailham, twenty rounds.

Young Otto knocked out Montana Kid, one round.

If Billy Snailham has a big eastern reputation as a prize fighter he must have stored it in some warehouse when he left there to come to the Coast, for he didn't show any of it last night in his twenty-round scrap with the local boy, Danny Webster, at the Jeffries arena. As a matter of fact he fought like a dub, and Webster hung it on him almost every round of the twenty.

Snailham has a magnificent punch that lands on the back. He also has a vicious uppercut that cuts a fierce gash in the atmosphere and there is no man in the ring today who can hit his opponent a prettier blow on the ear in a clinch. He has an occasional left lead to the face that would make a fly sick in his stomach if it should land on the beak. Right there he stops, and if he has anything else it must be represented by the warehouse receipt that stands for that big eastern rep.

Webster simply made a sucker out of Snailham. He slashed him on the nose, eyes, ears, body, stomach and head, dodged the uppercuts sent at him, ducked under wild swings, held his own in the infighting, and backed away from Snailham or rushed him to the ropes and hammered him with rights and lefts, just as the occasion presented itself. He laughed at poor Snailham all the time, and while Billy's efforts were really jokes, he did not think so.

The beaten boy must be given credit for trying, but that is about all. He certainly didn't show any class, and if he has any the fight demonstrated that Webster must be a better boy than many fight bugs think he is. If Webster is a real star, then Snailham is a dub, and it is not necessary to pick out any particular round to prove that he is very much overrated.

Webster just beat him to everything but that occasional left lead to the face, and this is something that Webster is shy of. The only way he can avoid it is to duck quickly and this ducking showed up poor Snailham as a fine back-puncher, for about his most effective blows were hard downward slams on Webster's back. These resulted in clinches and, coming out of these grabbing matches, Webster frequently caught Snailham with an uppercut. There were no knockdowns, for almost all of the blows were glancing ones.

One round was practically like another, and Webster had a big lead all the way. The eighth, ninth, tenth, eleventh and twelfth were about even, with no particular advantage for either boy, one leading in one part of the round and the other leveling matters before the gong rang.

Snailham started the first with a left lead to Webster's face but Danny came back strongly with right and left to face and a left to the stomach, and had the best of the round. Snailham rushed matters in the second but Webster more than held his own, for he fights better when he is being pressed. The third was all Danny's and he hit Snailham a right in the stomach, three right swings to the head and two right uppercuts and all practically without a return. The fourth was fairly even, but the fifth was all Webster's, as were the sixth and seventh.

The next five were slam-bang affairs, with honors even, but after the twelfth Webster gained more confidence and rattled Bill to the finish, and Referee Tommy Walsh had no trouble in giving the decision to Webster.

SUCH A QUICKNESS.

The scheduled twenty-round bout between Young Otto of New York and Montana Kid of this city was an awful joke, for it did not last half of the first round. Before there had been one minute of fighting Montana was on the floor and was counted out, but whether he was hit hard enough for a knockout or just quit, is not known.

Both stripped "big" and Otto assumed the aggressive by following Montana slowly around the ring. Montana led with his left once, which was blocked. Otto was taking things easily and slowly backing Montana around the ring. When they reached Montana's own corner, the local boy backed up against the ropes. Quick as a flash Otto feinted with his left and then hooked his right to Montana's jaw and the fellow went down. It was a glancing blow on the side of the jaw. Montana rolled over on his back and then turned on his stomach. Finally he raised to his hands and knees and then tried to stand on his head and this very thing made some of the fight bugs think Montana quit, for it is probably the first time in the history of the local ring that a "knocked-out" pug endeavored to stand on his head. At any event he was counted out.

Incidentally, there is a story connected with this fight that shows that Montana Kid was practically scared to death when he got into the ring.

When the boys weighed in during the afternoon, Otto was three-quarters of a pound overweight, weighing 133¾ pounds. They left the rooms of the Jeff club and, after some talk, Montana's manager said he thought he would have to claim Otto's weight forfeit money of $50. He did this, and it looked for a time as if the fight was off. Rather than take the chance of losing a scheduled bout, no matter how much of a frost it might prove to be, Manager Long of the club then said that he would give Montana Kid $50 to go on with the fight and that he would see that the purse money was split even, instead of 60 and 40 per cent., as had been originally agreed upon. Accordingly, Montana Kid gets $100 more than Otto, but has probably fought his last fight in this city.

There was a good-sized crowd present and the receipts were probably about $2000. The card was a fair one and as it was played out by 10:10 o'clock the enthusiasts had ample time to reach home.

COMING BY AUTO.

KETCHEL MAY GIVE IN.

[BY DIRECT WIRE TO THE TIMES.]

SAN FRANCISCO, Aug. 21.—[Exclusive Dispatch.] Early tomorrow morning Champion Ketchel, Manager Joe O'Connor and Tom O'Connor will leave in an automobile for Los Angeles, where it is expected details of the Papke-Ketchel match will be arranged.

There is still speculation whether the match with Papke will be made, and although O'Connor has issued contradictory statements, there are reasons to believe he thinks of Papke that he can be defeated under any conditions, and will, if necessary, agree to the 156 pounds demanded by Jones.

To certain friends, O'Connor tonight said:

"If Papke insists on 156 pounds, instead of 158, we will give way to him. I want that match, as I am sure Ketchel will beat him easily."

In a public statement, he said:

"Under no circumstances will Ketchel give in to Papke. He must fight at 158 pounds at 5 o'clock in the morning or not at all."

That O'Connor has reached the conclusion he will agree to a reasonable compromise, but that he did not wish to make it common property, is deemed probable.

STREET CATCHES BALL FROM SKY.

[ASSOCIATED PRESS DAY REPORT.]

WASHINGTON, Aug. 21.—Charles Street, catcher for the Washington baseball team, today won a bet of $500 made with John Biddle of this city by performing the unprecedented though oft-attempted feat of catching a regulation baseball dropped from the top of the Washington monument. The ball was dropped from a height of 550 feet above the pavement, where Street caught it on the fifth attempt, the failures being due to a rather brisk wind which deflected the ball in its course. Street was considerably jarred by the impact of the sphere, but nevertheless caught in the American League game this afternoon.

Paul Hines, Buck Ewing, Charley Snyder and Malachi Kittridge are a few of the old-timers who tried this feat without success. The ball was calculated as traveling at the rate of 135 feet per second when it reached the catcher's hands. Street wore a regulation catcher's mitt.

NEW CLUB BREWING.

OFFICIALS MEET MONDAY.

President Cal Ewing of the Coast League held a short conference with Frank Goings and Henry Lyon yesterday in regard to the proposed new ball club that will be in this end of the State next season, but Ewing stated last night that nothing had been done and that there will be another meeting Monday to settle matters.

Ewing admitted, however, that he had told the men that they would have to show him that some one had $20,000 to put behind the new club and when this was done the business could be settled very quickly. It would make no difference who furnished the money, as Ewing's only object was in seeing that the league would not be thrown down after the season started.

TENNIS TOURNAMENT.

Clothier Defeats Ames in Feature Singles Match While Emerson Defeats Bull.

[ASSOCIATED PRESS NIGHT REPORT.]

NEWPORT (R. I.) Aug. 21.—There were a number of ranked players paired in the all-comers' tournament for the national tennis championship at the Casino today, but the committee featured the match between William J. Clothier of Philadelphia and J. O. Ames of Providence. It proved a straight-set affair, as was anticipated. Clothier won, 6-2, 8-4, 6-5.

Emerson, the Chicago player, found some difficulty in disposing of C. M. Bull of New York, four sets being necessary, 6-4, 6-5, 2-6, 6-2.

The tournament reached the fifth round today. It was hoped to reach the semi-final round on Saturday or Monday, and the final challenge matches on Tuesday or Wednesday of next week.

The players again were favored with excellent weather today.

Alaska Ball Team.

SEATTLE, Aug. 21.—The Fairbanks, Alaska, baseball team arrived here today and will start Monday on a tour of the States. The first stop will be made in Spokane and the players will then work toward the southern country for the winter, playing along the Atlantic Coast next spring and back across country to Seattle next fall.

LUCKY SWATS BEAT CHAMPS.

Seals Have Very Easy Time With Locals.

No Choice Between Pitching of Nagle and Willis.

Oakes Startles Fans With a Great Running Catch.

San Francisco, 3; Los Angeles, 0.

Too much luck with men on bases, made the Seals beat the locals yesterday in a snappy game that had only the luck and the great running catch of Oakes in deep center field for features. Nagle was not in perfect form, for he gave three passes and two of these were developed into runs, and yet on ordinary days he would beat any team with the pitching he showed yesterday.

Willis did the heaving for the Seals and managed to keep the seven hits secured off him, scattered around where they could not hurt him. He had a pitcher's battle with Nagle and there was no difference between them, only that the Seals seemed to make their swats count.

Mohler singled in the first inning and was caught off first a moment later by a throw from Hogan to Dillon. Then Hildebrand bounced the ball behind Nagle and Delmas startled the fans by dashing over and grabbing it on the run with his left hand, changing the ball to his right hand and throwing Hildy out at first. Then Zeider slammed the ball to the center fence. Oakes ran toward left field for it and when it came to him on his right side, he turned his left hand over in front of his face and speared the ball, receiving loud cheers for his pretty work.

The pitching was too good for anything spectacular and yet the Seals made their runs without much effort, apparently. In the third, with one out, McArdle was passed and ran to third on Willis's double to the left fence, Ellis catching the ball within two feet of the fence and then dropping it as he crashed into the boards. Then Mohler bounced a high one to Delmas and McArdle scored on the out.

Willis opened the sixth by getting a pass. He went to third on Mohler's sacrifice and later scored on Melchoir's hit to right field. The final run came from three successive singles in the eighth inning.

The locals could do nothing with Willis, but could have scored one run in the ninth inning if Jud Smith had tried, but as one run would not win the game or even tie it up, the run would have done no good.

The score:

BREAKS UP GAME.

LA LONGE IS THE CANDY.

[BY DIRECT WIRE TO THE TIMES.]

SAN FRANCISCO, Aug. 21.—[Exclusive Dispatch.] The Oaks snatched a game out of the fire in the last half of the ninth, today, winning from the Beavers by a score of 2 to 1. Mickey La Longe stepped up to the plate with the bags full and one man out and swatted the ball safely past third driving home Heitmuller and Slattery.

The opposing pitchers were Rose and Christian and both recruits pitched glit-edged ball. Rose was batted freely in the early rounds, but when he settled down he had the Oaks swinging wild at his offerings and he would have won the game with good support.

Portland's run came in the sixth. With Ryan out, Casey reached first on Anderson's error and took second on Bassey's out, Houston to Ryan. Then the mighty Johnson heaved one over Van Haltren's head for three bases and Casey trotted home. Good snappy ball was the order of the day until the ninth.

Then came the last and deciding inning. Heitmuller reached first on Cooney's bad throw. Eagan flied to Bassey. Slattery, batting for Cook, lined out a beauty and Heine took second. Lewis hit to Casey who juggled and when he steadied himself the bags were occupied. Then La Longe, the borrowed catcher, broke up the game with a terrible slam.

PIRATES SAVE THE BACON.

[ASSOCIATED PRESS NIGHT REPORT.]

PITTSBURGH, Aug. 21.—Pittsburgh won a postponed game from Brooklyn today, 2 to 1. Score:

Pittsburgh, 2; hits, 9; errors, 0.
Brooklyn, 1; hits, 7; errors, 1.
Batteries—Maddox and Gibson; Rucker and Bergen.
Umpire—O'Day.

CUBS EAT BEANS.

[ASSOCIATED PRESS NIGHT REPORT.]

CHICAGO, Aug. 21.—Chicago defeated Boston, 5 to 3. Score:

Chicago, 5; hits, 9; errors, 1.
Boston, 3; hits, 3; errors, 2.
Batteries—Reulback, Overall, Moran and Kling; Lindaman, Ferguson and Smith.
Umpires—Rudderham and Rigler.

THE NINTH INNING.

[ASSOCIATED PRESS NIGHT REPORT.]

ST. LOUIS, Aug. 21.—A double, followed by two sacrifices in the ninth, scored one run and gave St. Louis the second game of the series. Score:

St. Louis, 4; hits, 10; errors, 1.
Philadelphia, 3; hits, 12; errors, 2.
Batteries—Lush and Ludwig; Corridon and Doolin.
Umpire—Emslie.

OUTLAW LEAGUE.

SCHIMPF PUT TO SHAME.

[ASSOCIATED PRESS NIGHT REPORT.]

SANTA CRUZ, Aug. 21.—Schimpf, who has been released by Santa Cruz for indifferent playing, pitched for Oakland today. The visitors outplayed Santa Cruz, but were beaten by hard luck, and a batting rally in the ninth Score:

Santa Cruz, 4; hits, 9; errors, 2.
Oakland, 3; hits, 7; errors, 1.
Batteries—Hopkins and O. Hoag; Schimpf and Perkins.
Umpire Schroeder.

RIOT AT BALL GAME.

UMPIRE IS ARRESTED.

[ASSOCIATED PRESS NIGHT REPORT.]

DES MOINES (Iowa) Aug. 21.—An arrested umpire, a riot and a hurry-up call for the police combined to make today's baseball game between Des Moines and Sioux City the shortest on record this year.

President John F. Higgins of the Des Moines club demanded that Umpire Brennan show his credentials before he proceeded with the game. He refused, whereupon Higgins sent an officer into the field to arrest him. As the officer marched the umpire away, he shouted over his shoulder, "I hereby forfeit this game to Sioux City."

Then the crowd took a hand and it began to shout and clamor for its money back, making a swoop upon the box offices with such vigor that the police were called. Order was then restored and money refunded.

The umpire was taken to the Police Station and later released on bonds. Brennan threatens suit for false arrest. Brennan and Higgins have had trouble before.

Papke Is en Route.

CHICAGO, Aug. 21.—[Exclusive Dispatch.] William Papke intends to keep his engagement to fight Stanley Ketchel at Los Angeles on September 7, Labor Day as scheduled. The Spring Valley fighter got back from the East yesterday and will start for the Pacific Coast tomorrow night. Papke will put in the day visiting his folks at Kewanee and tell the natives how easy it was for him to clean up the eastern fighters and what he will do to Mr. Ketchel. Papke's manager does not expect any great trouble from Ketchel on the weight question.

Southern Target Range.

SAN DIEGO, Aug. 21.—That the Navy Department will establish a small arms target range on the Pacific Coast within the near future, and that San Diego and vicinity presents favorable attractions for its establishment here, are the assertions of Lieutenant-Commander W. A. Moffett, navigating officer attached to the cruiser Maryland. He leaves this noon to rejoin his ship. He said that a commission would undoubtedly be appointed to select a site and that San Pedro and San Diego were both possibilities.

MIDDLESKY AND HOGAN.

Wrestling Match Arranged for Chutes Park Sunday Afternoon Between Indian and White.

Chief Middlesky, 235 pounds, and Jack Hogan, 170 pounds, are matched for the main event in the weekly wrestling card to be given this afternoon at Chutes Park, and a fast bout is expected. Hogan demonstrated his gameness and prowess in his recent match with Tommy Munkers, whom he defeated in one of the closest bouts ever exhibited in the city, Jack clinching the bout with two falls out of three.

Hogan is confident of defeating the dusky warrior by reason of superior knowledge of the game and all-around cleverness. Middlesky lost his last bout to Jack Lee, who wrestled Hogan to a draw, so the latter, according to dope, is granted a fair chance to give the giant Indian a good bout.

"Young Leo" Livingston and Finn Johnson will appear in what promises to be an interesting preliminary bout. Johnson is well known as a clever performer, while his opponent is a "dark horse" as far as the local enthusiasts are concerned, but brings a creditable record from Chicago, where he ranks well in the lightweight class. Johnson will have a slight advantage of five pounds in weight, but will probably need all his extra beef to offset the known skill of his opponent.

W. Vander Priem, the official referee of the bouts, who has charge of the proposed championship wrestling tourney, reports gratifying progress, and hopes to begin the preliminary elimination bouts some time in September. Entries are coming in, and there seems to be an abundance of likely material for an interesting session.

MASSACHUSETTS TEAM WINS.

Regimental Championship Trophy Won Three Times at Camp Perry by Same Team.

[ASSOCIATED PRESS NIGHT REPORT.]

CAMP PERRY (O.) Aug. 21.—The regimental championship rifle shoot of the United States, held under the auspices of the National Rifle Association, was won today for the third successive year by the Sixth Regiment of Massachusetts. By winning for three years the Massachusetts team is entitled to permanent possession of the $500 trophy. The Massachusetts team won by a score of 775.

The Fifth Regiment team of Maryland was second with a score of 769, and was awarded the silver medal.

Today's contest was for the 1000 stage of the regimental championship which had been continued from last Tuesday and concluded the events of the tournament.

The final stages of the shoot for the Perry prize, which also was a continued event, held under the auspices of the Ohio Rifle Association and open to all, was shot today. First place was taken by the United States Marine Corps, with a total score of 1647. The Pennsylvania team was second with 1643 and Ohio's first team third, with 1642.

The service revolver match, held by the Ohio association, was won by the United States cavalry by a total score of 821.

These events concluded all of the preliminary shooting incident to the contests to be held under the auspices of the United States army which will begin next week.

The three leaders in the regimental champion match are:

Organization—	1000 yds.	Total.
Sixth Massachusetts	256	775
Fifth Maryland	261	769
Second Ohio	250	762
Sixth Oregon, sixth	244	748
Third Oregon, eleventh	229	736

CHAIRMAN VANDERBILT.

Millionaire Contributes Five Hundred Dollars and Receives High Honors.

[ASSOCIATED PRESS NIGHT REPORT.]

NEW YORK, Aug. 21.—Alfred Gwynne Vanderbilt has accepted the chairmanship of the general committee of the Olympic Reception Committee, and has contributed $500 to the fund. Mr. Vanderbilt's letter, which is dated Newport, R. I., indicates that he will take active part in the reception. Contributions are coming in daily and it is expected that there will be enough money subscribed to cover all the expenses, including the medals. The total amount received and promised up to last night was $4000.

With the possible exception of Martin J. Sheridan, every athlete who competed in the Olympic games will be on hand for the celebration on August 29.

Five more athletes sailed from Liverpool today on the White Star steamer Baltic. They are Robert Cloughan, George V. Bonhag, Joseph Bromilow, Jr.; Lee Talbott and J. R. Reilly. The cablegram announcing the sailing of the men also stated that Lawson Robertson, Dan J. Kelley, Charles R. Bacon, Harry F. Porter, Melvin W. Sheppard, Joseph P. Sullivan, Harvey W. Cohn and J. B. Taylor will sail tomorrow on the Mauretania, which will arrive about the same time as the Baltic.

Gen. Fred D. Grant yesterday issued orders through his chief of staff, Col. Sanderson, for the regular troops to take part in the parade. Owing to the scarcity of troops at Governor's Island, the troops will be detailed from Fort Hamilton and Fort Wadsworth, and will consist of four companies and the band of the Twelfth Battery of Artillery.

NEW YORK, Aug. 21.—Among the passengers who arrived today on the steamer Celtic, from Liverpool and Queenstown, were Ralph Rose of the Olympic club of San Francisco, and Matthew McGrath and John J. Flanagan of the Irish-American A.C. of New York, members of the American team which competed in the Olympic games in London.

DRAWS COLOR LINE.

KETCHEL CUTS LANGFORD.

[BY DIRECT WIRE TO THE TIMES.]

SAN FRANCISCO, Aug. 21.—[Exclusive Dispatch.] The chief topic among sports here today was the drawing of the color line by Joe O'Connor, Ketchel's manager. O'Connor says under no conditions will he allow Stanley to fight a negro, and Ketchel says while personally he has little objection to a coon, he is under O'Connor's management, and will be ruled by what he says. This knocks out all chance of a meeting between Sam Langford and Ketchel. Langford has challenged Ketchel, and is willing to meet him at catchweights, winner to take all.

It is the popular opinion that Ketchel will lose prestige by refusing to box a negro, as the followers of the sport admire a man more when he willingly takes on all comers, irrespective of color or race. When Tommy Burns declined to box Jack Johnson almost every sporting writer in the country roasted him, and attributed his refusal to sign articles with the ebon-hued scrapper to nothing else but "cold feet."

ASKS FOR STRINGENT LAWS.

Chicago's Corporation Counsel Wants Measure Compelling Classification of Automobilists.

[ASSOCIATED PRESS NIGHT REPORT.]

CHICAGO, Aug. 21.—First Assistant Corporation Counsel Emmon C. Wetten announced yesterday that, alarmed by the increasing number of automobile accidents, the next Legislature will be asked to enact a law compelling classification of the various kinds of machines, the licensing of all drivers and possibly barring from the city streets those cars whose high power makes possible a speed far in excess of the city's regulations.

"A casual examination of the report of motor car accidents seems to show that many of them occur when the machines are driven by young persons or by women," he explained. "At present there is no way of preventing this and no way of making sure that any one has the capability and experience necessary to handle a large machine.

"A law will be asked which will allow a man to drive his machine if he knows enough about it, but which will prevent his children from taking turns at imperiling the lives of pedestrians. Every season makes such a law more necessary because every season brings into the market cars with more complicated mechanism."

ALL STRAIGHT HEATS.

Grand Circuit Races Furnish Little Excitement and but Two Are Concluded.

[BY DIRECT WIRE TO THE TIMES.]

POUGHKEEPSIE (N. Y.) Aug. 21.—[Exclusive Dispatch.] Close finishes were the rule today in the Grand Circuit. Cereal won the slow trot in three heats in almost the same time. Loyal had little difficulty winning the faster trot in three heats. Only two races were run off today. Summaries:

The 2:20 trotting, three in five; purse, $1000:

Cereal, b.m., by Boreal-Mambrino (Andrews) 1 1 1
Nelcyone, b.m. (Howell) 2 4 2
Nancy Royce, blk.m. (McCarthy) 3 2 3
Kid McGregor, b.h. (Geers) 5 3 4
Prince Kohl, br.h. (Estery) 4 5 5
Mighty Onward, b.h. (Davis) .. 6 dis
Time—2:12¾, 2:12¾, 2:13¾.

The 2:14 trotting, three in five heats; purse, $1000:

Loyal, b.h., by Boreal-Trevillion (Geers) 1 1 1
The Aloma, ch.h. (Cox) 2 3 5
Composer, b.g. (Lazelle) 6 4 2
Marveletta, b.m. (McDonald) .. 4 2 6
Vendetta, br.h. (McCarthy) 3 6 4
Bow Catcher, b.g. (Bishop and Andrews) 5 5 3
Time—3:10½, 2:09¼, 2:11¾.

HIGH CLASS RACING.

RECORD BREAKING FILLY.

[ASSOCIATED PRESS NIGHT REPORT.]

CHICO (Cal.) Aug. 21.—Two more divisions of young horses furnished a continuance of high-class racing today, and another Coast record was broken Easter D., 2-year-old pacer, went a mile in 2:13 1-2, which is 1-4s under the record made last year by Ray O'Light, winner of yesterday's 3-year-old pace. The 3-year-old trot was a victory for Cleo Dillon, who was classed before the race in the field with Don Reginaldo and Katalina favorites.

Summary:

Two-year-old pace, division Futurity No. 6, $2950, 2 in 3:

Foster D., b. g., by Diablo (Stewart) 1 1
Teddy Bear, b. c., by Del Coronado (Ivey) 4 3
Jim Logan, b. c., by Charles Derby (Montgomery) 2 4
Godello, br. s., by Tombro (Mitchell) 3 3
Time, 2:15 3-4; 2:13 1-2.

Three-year-old trot, division Futurity No. 5, $3844.50, 3 in 5.

Glee Billen, b. f., by Signey Dillon (Walton) 5 1 1 1
Don Reginaldo, br. g., by On Stanley (Ward) 1 3 3 2
Katalina, b. f., by Tom Smith (Zibbell) 2 2 2 3
Melon Stiles, b. f., by Sidney Dillon (Phippen) 4 4 4 4
Dr. Lecco (Velker) Idol Way (Mosher) Bessie T. (Torrey) Siesta (Davy) and Impestoso (Heller) also started.
Time, 2:15 3-4, 2:13 3-4, 2:14 1-4, 2:15 3-4.

Special trot, purse $300, 3 in 5:

Wilmar, b. g., by Wild Nut (Quinn) 1 1 1
Alsandra, b. c., by Bonnie Direct (Hayes) .....

Strenuous Tal

By the "OFFICE BOY

These college kickers, score the long goals from field, that forty thousand gle travel miles to see, pick up the ability casually, trick looks easy enough, see the lad take a cou quick steps and the ball sailing across the bar for points and a victory. It over before you can catch breath. But before the p man learned to take those steps and swing his foot right, he spent four yea prep school and three yea college, kicking his leg a futile efforts to catch knack of it. It takes a w study and a long spell of trying before you can lea do anything in this world worth doing. Every bus has a good many more t and knots in it than sho the surface. There's only way to get a grasp on them that can be summed up i words—study and work. work has been invented a time, and in a good many and years, nobody has been able to invent a sa tory substitute for it. If is any shorter cut to s in this business, we'd be t ed to the man who will w to us at our expense. The is getting awfully short f to close out the balance o these goods. They mu before Sept. 1st. Our goo for better than you think are. That's one of the ex of success—to give custo only the very best make goods. We are closing ou broken lines at less than Eastern cost.

STATE'S RIGHTS.

FEDERAL LAW INTERFERES.

ATTY.-GEN. WEBB DISCUSSES AMENDMENT.

He Declares Government Overrode Old State Law in Dealing With Admission of Japanese to San Francisco Schools and Believes Amendment Will Be Repealed.

[ASSOCIATED PRESS NIGHT REPORT.]

DENVER, Aug. 21.—The National Association of Attorneys-General elected the following officers today, at the close of its second annual convention:

President, R. V. Fletcher of Mississippi.

Vice-President, U. S. Webb of California.

Secretary-treasurer, W. H. Dickson of Colorado.

Selection of time and place of the next meeting was left to a committee appointed by the president.

Atty.-Gen. Webb of California discussed the Fourteenth Amendment to the Federal Constitution, especially in relation to the question of dealing with aliens in California. Speaking of the trouble that arose in San Francisco over the admission of Japanese children in the San Francisco schools, he said the Federal government had interfered with a law of California which had existed for a long time, using the Fourteenth Amendment and a treaty with Japan as a club.

The exact terms of the "truce" agreed upon at the conference in Washington, he said, had never been made public, but it was known that the school board had agreed for the present to admit Japanese in any school and he was informed that for the present the Japanese had agreed not to ask for such admission.

Another objection to the Fourteenth Amendment was that it admits to full citizenship the children of Japanese and Chinese born in this country.

Mr. Webb expressed the belief that eventually the amendment would be repealed.

AN interesting and timely article in The Times Magazine the coming Sunday will be that entitled "Abdul Hamid, the Sick Man of Europe, and His Tottering Throne."

ONE of the great astronomical events of the not distant future will be the return of Halley's comet. Read about it in the Times Magazine the coming Sunday.

CONSERVATIVE.

HOLLAND WILL NOT BLOCKADE.

DUTCH CALMLY AWAIT CASTRO'S REPLY TO LETTER.

Report of M. De Reus, Minister Who Was Expelled from Venezuela, on His Arrival at The Hague, Will Largely Determine Immediate Action of Wilhelmina.

[ASSOCIATED PRESS NIGHT REPORT.]

THE HAGUE, Aug. 21.—Holland's action against Venezuela, and the text of her note to President Castro will depend largely upon reports M. De Reus, former Dutch Minister to Venezuela, who was expelled by Castro, makes to the government. He is expected to arrive here next Monday.

M. Van Swinderne, Minister of Foreign Affairs, will consult with M. De Reus before the government takes further steps in the matter. The ex-Minister's arrival is eagerly awaited here.

The press and public of The Netherlands take the Venezuelan affair most calmly. Naval officers are most interested in it, and express pleasure at the possibility of seeing active service. The government, however, thinks there is a chance that the difficulty may be patched up by diplomacy.

A blockade of the Venezuelan coast, if it is undertaken, will not be done for some time, because the addition of punitive measures will depend upon the tenor of President Castro's reply to Holland's representations.

NEW DIFFICULTIES.

[ASSOCIATED PRESS DAY REPORT.]

WILLEMSTADT, Aug. 21.—Each day brings a new development in the difficulties between The Netherlands and Venezuela, indicating retaliatory measures on the one side or the other. Today it was learned that the Royal Dutch Western Indian mail line had decided to temporarily discontinue its Venezuelan trips. The steamer Prinz Willem V of this line, from Carupano, Venezuela, brought Superintendent Devries, who was interviewed today. He said:

"Although we do not fear that the Venezuelan authorities will molest our steamers in Venezuelan ports, the recent occurrence in connection with the quarantine regulations imposed by neighboring countries have obliged the company to discontinue its Venezuelan service for the time being."

THE WEATHER.

COMPARATIVE TEMPERATURES.*

Los Angeles	86	57	71	Seattle	76	58	67

*The maximum is for day before yesterday; the minimum for yesterday. The mean is the average temperature for the two days.

Yesterday's Forecast and Report.

LOCAL OFFICE, U. S. WEATHER BUREAU, Los Angeles, Aug. 21.—[Reported by A. B. Wollaber, Local Forecaster.] At 5 o'clock a.m. the barometer registered 29.86; at 5 p.m., 29.78. Thermometer for the corresponding hours showed 58 deg. and 72 deg. Relative humidity, 5 a.m., 96 per cent.; 5 p.m., 61 per cent. Wind, 5 a.m., southwest, velocity 4 miles; 5 p.m., southwest, velocity 8 miles. Maximum temperature, 79 deg.; minimum, 57 deg. Barometer reduced to sea level.

Weather Conditions.—The low area noted yesterday north of the British line is over the western lake region this morning, having given rain during its passage in Eastern Washington and Montana. Light showers have also fallen in Nevada, Northern Utah and Northern Arizona, with heavier precipitation in Southwestern Utah, Northern New Mexico and Texas. Rain is also reported in the Gulf States. Elsewhere in the United States, generally fair weather has prevailed. Temperatures have risen generally throughout the country, though some localities show a fall. The usual summer conditions prevail in the Southwest, and it is probable that fair weather will continue in Los Angeles and vicinity tonight and Saturday, very likely with clouds or high fog late tonight or early Saturday morning.

Forecasts.—Local forecast for Los Angeles and vicinity: Fair tonight and Saturday, with clouds (high fog) tonight or Saturday morning; westerly winds.

SAN FRANCISCO, Aug. 21.—There has been little change in weather conditions on the Pacific Slope during the past twenty-four hours. Fair weather prevails over the interior and cloudy weather along the coast north of San Francisco. Cloudy and threatening weather prevails over the Rocky Mountain region and Arizona, where thunderstorms and light rains have occurred. The temperature has risen over Southern Nevada and remained about stationary in other districts. Conditions are favorable for fair weather in California, with fog along the coast in the morning. Forecasts:

San Francisco and vicinity: Fair Saturday, with fog; fresh west wind.

Santa Clara Valley: Fair Saturday; light northwest wind.

Sacramento Valley: Fair Saturday; light south wind.

San Joaquin Valley: Fair Saturday; light south wind.

Los Angeles and vicinity: Fair Saturday; light west wind.

Arizona: Fair in south; showers in north portions Saturday and possibly Sunday.

Port Items.

WEATHER: Clear at 5 p.m.; wind southwest, velocity 11 miles.

The steamer George W. Fenwick is due tomorrow from Astoria, via San Francisco, with a large cargo of lumber. A log raft for the Hammond Lumber Company was towed down by the Fenwick at dark and dropped at San Francisco.

The steamer Wasp, Capt. Wehman, arrived this morning from Gray's Harbor and docked at the Southern Pacific slip, carrying 700,000 feet of lumber.

The Pacific Coast Company's steamship Queen, Capt. Hall, arrived tonight from San Francisco and way ports with freight and passengers. She will clear tomorrow for San Diego.

The steamer Olympic, Capt. Hansen, has arrived from Bellingham, carrying 850,000 feet of lumber consigned to the E. K. Wood Lumber Company.

The steamers Despatch and Lakme cleared yesterday from Eureka, carrying full cargoes of lumber for wholesalers at this port.

The steamer Harold Dollar, Capt. Gust Johnson, completed the discharge of the major part of her lumber cargo at this port and is scheduled to clear tonight for Port Harford, where 200,000 feet will be discharged.

The oil steamer Whittier, Capt. Seamen, arrived this morning, and after loading at Terminal Island, cleared for San Francisco with cargo for the Union Oil Company.

The schooner Guide, which left San Pedro twenty-one days ago bound for Tillamook, has arrived at San Francisco with her rudder head damaged. On August 14, in latitude 41 deg. 5 min. north, longitude 135 deg. 15 min. west, it was discovered that the iron band of the rudder head had been carried away. Temporary repairs were made and the vessel's course changed for the Golden Gate.

The steamer Yosemite, Capt. Jahnsen is out two days from Astoria with 810,000 feet of lumber and a log raft in tow bound for San Diego.

A notice to mariners has been issued stating that Blunt's Reef light-vessel No. 83, stationed 1¾ miles S.W.¼S. from Blunt's Reef, off the coast of California, and four and one-half miles W.S.W. southerly from Cape Mendocino nighthouse, was replaced on her station August 18, and relief light-vessel No. 76 was then withdrawn. No change has been made in light-vessel No. 83, as to the characteristics of her lights, fog signals or general appearance. Notice is likewise given that Humboldt Bay fog-signal station, located on the southeasterly point of North Spit, northerly side of the entrance to Humboldt Bay, Cal., has recently been established. During thick or foggy weather, a first-class compressed air siren will give blasts of three seconds' duration, separated by silent intervals of seventeen seconds.

REDONDO.

ARRIVED—FRIDAY, AUG. 21.

Steamship Queen, Capt. Hall, for San Diego, via San Pedro.

IN PORT—FRIDAY, AUG. 21.

Tug Redondo, at pier No. 2.
Steamer Tahoe, at pier No. 3.

TO ARRIVE.

SUNDAY, Aug. 23—Steamship Queen, from San Diego, via San Pedro.

MONDAY, Aug. 24—Steamship Santa Rosa, from San Francisco, via Santa Barbara.

WEDNESDAY, Aug. 26 — Steamship Santa Rosa, from San Diego, via San Pedro.

FRIDAY, Aug. 28—Steamship Queen, from San Francisco, via Santa Barbara.

TO SAIL.

SUNDAY, Aug. 23—Steamship Queen, for San Francisco, via Santa Barbara.

MONDAY, Aug. 24—Steamship Santa Rosa, for San Diego, via San Pedro.

WEDNESDAY, Aug. 26 — Steamship Santa Rosa, for San Francisco, via Santa Barbara.

FRIDAY, Aug. 28—Steamship Queen, for San Diego, via San Pedro.

SAILING FOR REDONDO.

Schooner Allen A., from Gray's Harbor.
Schooner W. F. Jewett, from Columbia River.
Barkentine Chas. F. Crocker, from Mukilteo.
Schooner Robert R. Hinds, from Portland.
Steamer Katherine, from Eureka.
Steamer Queen, from San Francisco.
Steamer Santa Rosa, from San Francisco.
Steamer Northland, from Portland.
Steamer Santa Barbara, from Gray's Harbor.
Steamer Brooklyn, from Union Landing.

Movement of "Mosquito Fleet."

ARRIVED—FRIDAY, AUG. 21.

Sloops Redondo, Fearless, Helbertha, Ruby, Dawn, Ina and Martha, from the fishing banks, with 2500 pounds of fish for local and Los Angeles wholesalers.

SAILED.

The above sloops for the fishing banks.

Notes.

The Queen arrived today from the North with 365 tons of general merchandise and 175 passengers for Los Angeles and other interior points. She sailed at 3 p.m. for San Diego and San Pedro.

The steamers Brooklyn and Santa Barbara are due here, the former from Union Landing, the latter from Gray's Harbor, with lumber cargoes for local and Los Angeles wholesalers.

SAN FRANCISCO, Aug. 21.—Arrived: Steamer George W. Loomis, from Redondo; steamer Hanalei, from San Pedro.

GENERAL EASTERN.

WHEAT CLOSES AT LOW POINT.

SHORT RALLY FOLLOWED BY GENERAL SELLING.

Decline Abroad Ascribed to Liberal Offerings from Russia and Danube, Followed by Promise of Heavy Movement in Northwest Caused Depression—Oats Firm All Day.

[ASSOCIATED PRESS NIGHT REPORT.]

CHICAGO, Aug. 21.—Wheat opened weak, due mainly to the apparent indifference of foreign traders to advance here yesterday, as evidenced by declines at nearly all the principal European grain markets. The decline abroad was ascribed to more liberal offerings of wheat from Russia and points on the Danube, and the favorable prospects for the Argentine crop. Trading in the local market was very quiet for a time, but the receipt of dispatches telling of low temperatures last night in Manitoba, Saskatchewan and Alberta brought out an active demand from several leading commission houses. These advices, together with an advance of more than 1c at Winnipeg, soon started a rally which carried prices more than 1c above the opening quotation. About mid-day a prominent commission house began to sell freely, which started general selling by pit traders. The result was a break of 1c, which landed all deliveries a trifle below the opening figures. This selling pressure was inspired to a large extent by numerous reports which predicted a heavy movement of new wheat in the Northwest next week. The market failed to recover from this setback, a heavy tone prevailing the remainder of the day. The close was weak at almost the lowest point.

Odd interest in the corn belt, and the strength of wheat induced considerable purchasing of corn early in the day, which caused moderate strength. The close was easy, although December and May ended still a trifle above yesterday's final quotations.

Oats were independently firm all day. One of the chief factors in the situation was the crop report of local bank, which was made public today, and which placed the total yield for this year at 22,000,000 bushels less than the estimate made by the government on August 1.

With the exception of a brief period of steadiness early in the day, growing out of buying by a local packer, provisions were weak all day. The close was at about the lowest point.

Cash quotations were as follows: Flour was steady; No. 2 spring wheat, 1.15; No. 3, 96@1.10; No. 2 red, 94½@95¾; No. 2 corn, 79¼@79½; No. 2 yellow, 80@80½; No. 3 white oats, 49@51; No. 2 rye, 77; fair to choice malting barley, 65@67; No. 1 northwestern flaxseed, 1.32; prime timothy seed, 3.70@3.75; mess pork, per bbl, 14.50; lard, per 100 lbs., 9.12½@9.15; short clear sides (boxed,) 9.75@9.90; whisky, basis of high wines, 1.37.

Portland Wheat Market.

PORTLAND (Or.) Aug. 21.—Wheat, club, 88; red, 87; blue stem, 92; valley, 88.

ALL NIGHT AND DAY BANK.

Articles of incorporation of the All Night and Day Bank have been filed by Newton J. Skinner, and the new institution is to be ready for business by September 30. The bank will have a capitalization of $250,000, of which $100,000 will be paid in at the time of the opening or within thirty days of that date, according to Mr. Skinner. It will occupy the room vacated by the National Bank of Commerce at Sixth and Spring streets. The directorate will consist of Newton J. Skinner, Eugene Germain, L. D. Bassett, C. P. Elerick, president of the First State Bank of Oklahoma City; H. B. Stafford, formerly president of an Arizona bank and a director in the Southern Pacific Railroad, and W. Ona Morton.

DIVIDEND DECLARED.

At a meeting of the directors of the Golden State Portland Cement Company, held yesterday, the second semi-annual dividend of 3½ per cent. on preferred stock was declared, to be paid October 1.

THE CITY IN BRIEF

"A counter charge!"

NEWS AND BUSINESS.

Chambers of Commerce Banquet.

There will be a banquet at the Virginia Hotel at Long Beach tonight, which representatives of the local Chamber of Commerce and the chambers of Santa Barbara, Riverside, Redlands and other Southern California cities are expected to attend. The host will be the Long Beach commercial organization.

"You Should Know."

The Chamber of Commerce of this city has issued a little booklet entitled "You Should Know." Several thousand copies are ready for free distribution. The booklet contains information concerning local manufacturers and business enterprises and in a terse form contains much information of value to the visitor.

Central-avenue Band Music.

Concerts will be given every Saturday evening from 8 until 9:30 o'clock on Central avenue, between Forty-fourth and Forty-fifth streets, by the Schoneman and Blanchard Band. The people of that neighborhood have made a band stand out of a large hay wagon which will be placed on the street each Saturday evening.

Winner Back.

Postmaster M. H. Flint returned to the city yesterday from San Francisco, where he was one of the leading speakers at the convention of State Presidential postmasters. Through his influence he succeeded in securing the 1908 meeting for this city. At least 200 postmasters will attend, and he believes that the convention will aid in boosting this section.

Wiggins's Trade-mark.

Secretary Frank Wiggins of the Chamber of Commerce has originated a trade-mark for Los Angeles products that he thinks will be adopted officially. The words, "Los Angeles, Cal.," are enclosed in a rectangle, which is crossed by a line from one corner to the other. "Many cities have paid a good price for a special design," stated Wiggins yesterday, "but this simple trade-mark is free to any manufacturer or business man who cares to use it."

BREVITIES.

Come to the Newmarket for great bargains in genuine bargains in fresh-killed meats. Our meats are fresh—they keep fine. Saturday you can buy a prime rib roast, best cut, 12½c pound; veal roasts, 8c and 10c pound; veal loin and leg, 15c pound; pork roasts, 8c and 10c pound; boiling beef, 5c pound; rib steak, young and good, four pounds for 25c. Corned beef Saturday and all next week, very choice, only 5c per pound; rump corned beef, 8c pound. Everything first class; cheap for cash. Good meat, good weight, polite service. Newmarket, 522-24 South Broadway, between Fifth and Sixth.

Ladies who appreciate expert manicuring, shampooing, facial and scalp treatment and artistic hair dressing are invited to call at the Ramsdell Company's Toilet Parlors, rooms 36 and 37, 455 South Broadway, Los Angeles. The proprietors, Misses Jones and Kissee, are thoroughly experienced and painstaking and have fitted their establishment with the most up-to-date equipment obtainable. The Fanny Briggs Carr face preparations are used and for sale. Appointments may be made for the parlors or at ladies homes by telephoning Home F1503.

To Let—Handsomely fitted office and exhibit spaces or desk room, also basement, in premises occupied by new branch office of The Times at 531 S. Spring st.; splendid location; suitable for California products display and well adapted for headquarters of excursion, steamship or railroad enterprises, as well as mining exhibits. Established information bureau now conducted in connection. For particulars and rental cost, apply on premises, or to Manager's office in the Times Building.

To the public. For the benefit of our customers who have time to shop only on Saturdays, we will remain open 'till 10 p.m. Our sample shoes are bargains. Regular $4 values $2 and $2.50. All canvas shoes 69 cents. Sample Shoe Co., top floor, Bryson Block, 2nd and Spring streets.

Times Branch Office, 531-533 South Spring st. Advertisements and subscriptions left at the new Spring-street office of The Times will receive as careful attention as at the main office. Competent clerks in attendance.

New lot sample shoes shown today, same price. Women's $2, men's $2.50, best I ever offered, upstairs. Remember, Streicher's Sample Shoe Shop, 414½ S. Broadway.

The Marlborough School reopens September 29th. Mrs. Caswell will be at the school from 2 to 4 p.m., daily, after September 15.

Pease Bros. Furniture Co. will be closed all day today. Clerks' holiday.

$2 for $3.50 women's strap slippers on sale now. Cummings, 551 S. Broadway.

Drs. Hayden, osteopaths, 516 Auditorium Bldg., residence, Hotel Chickasaw.

Furs remodeled. D Bonoff 324 S. Bdwy.

TROOP D'S SMOKER.

Troop D, First Cavalry, N.G.C., held an important meeting last night at the Armory. The following-named made applications for enlistment: Gordon C. Eastman, No. 1219 West Eighth street; Herbert L. Schauber, No. 924 East Twenty-eighth street; J. B. Wilson, Long Beach; Israel Weiner, No. 1949 Park Grove avenue. Additional names will be announced at a meeting to be held next Friday. After drill there was a smoker, with ice cream and cake. One of the guests last night was Capt. Ansel E. O'Banion, former commander of the troop. A tour of the Armory by guests showed every detail in fine order. The sixty-two new model Springfield rifles created much favorable comment. Quartermaster-sergeant V. R. Patterson was complimented on the care he has bestowed on the equipment under his charge. The troop is preparing for a ride September 6, 6 and 7, with drill movements.

A GUIDING HAND.

SIGN-POST TO AID AUTOISTS.

AUTHORITIES DO LITTLE FOR POOR PROSPECTORS.

Something Happens in Kern When Motorists Cannot Find Their Way. Twenty-five Hundred Dollars of the State's Appropriation for Desert Help Still Unspent.

Capt. H. Z. Osborne, chairman of the Mines Committee of the Chamber of Commerce, has received a letter from Highway Commissioner Ellery, in answer to his inquiries as to the status of the desert roads and the guide-posts offered by the State.

The answer is not encouraging. Only two counties have reported to the department as to the placing of their signs, some of the others ordered the posts and presumably used them but failed to make any returns. There is still $2500 in the fund, but none of the county governing boards appears to be taking the least interest. This too in the face of several deaths and untold suffering within the last few months on the desert.

Such communications as have been received from any of the counties show a state of mind on the part of the authorities that would be truly astonishing if it were not so well known and had not been the same for over half a century. This is the case all over California and in Nevada the same utter indifference or worse if that were possible prevails.

The advent of the automobile that so greatly shortens all desert trips and removes most of the dangers, may become the means of accomplishing the reforms that should have been had half a century ago. As travel increases with these machines, and a class of people with more influence, begin to cross the desert frequently, some of the County Supervisors appear to have awakened to what they should have awakened years ago and are placing the signs on the main roads. Kern county has just done this. Agitation for this is reported in San Bernardino.

So far so good, but while there is need for signs to guide the autoist there is far more need for them for the benefit of the poor prospector who wends his way over the sandy waste with no companion but his sad-eyed burro and faces horrors, the extent of which is mercifully veiled from the vision of others.

All northern and eastern San Bernardino and eastern San Diego and Riverside counties, with large parts of Kern and Inyo, have enormous areas that are veritable death traps and which must be explored and developed if the State is to prosper as it should.

MERITORIOUS SERVICE.

Santa Fe Honors Employees on Los Angeles Divisions for Acts Especially Noteworthy.

The current issue of the Santa Fé Employés' Magazine contains the following mention of credits for meritorious service on the Los Angeles division:

A. B. Ledgerwood, freight conductor, Los Angeles division, five, for discovering that the brake connection on the rear coach of a passenger train was down and dragging, signaling the train to stop and assisting in making repairs.

S. S. Stites, night chief, Los Angeles local freight office, ten, for returning to the point of shipment a carload of emigrant outfits containing live stock, shipment having been made to a point prohibited by quarantine laws.

C. Turner, engineer, Los Angeles division, ten, for detecting a bad pound in the left cylinder of his engine, removing the cylinder head, discovering and removing the cause, replacing the head and proceeding without injury to the engine.

R. Milligan, engineer, Los Angeles division, ten, for good service rendered in making temporary repairs on the road. In this case the truck center pin on a consolidation engine broke. The engineer blocked up the springs on the front driver, placed the truck brass on the engine truck wheels in order to hold up the equalizer and came in without delaying the train.

C. W. Frazier, conductor, Los Angeles division, ten, for discovering two cracked wheels and one loose wheel in a freight train.

DEATH OF MRS. CRESSEY.

Case in Court Recalled That Created Unusual Interest on Account of Prominence of Parties.

Mrs. Nellie E. Cressey, wife of Capt. F. J. Cressey, died yesterday at her home, No. 1644 Gramercy Place. No arrangements for the funeral have yet been made.

The deceased was the fourth wife of Cressey. In October, 1906, less than one year after her marriage, her friends came here from the East and instituted proceedings to have her declared incompetent. It was shown at the trial that she had loaned Cressey $1000 within ten days after the wedding; that he had her life insured for $10,000, and that a month later she had deeded him all her property. These were the circumstances that led her friends to attack her competency, together with the fact that they had received letters from Cressey telling them that his wife was very ill and likely to die. After hanging in the courts for several months, the case resulted in the declaration that Mrs. Cressey was incompetent, and the Merchants' Trust Company was appointed trustee of her estate. Six months later she was restored to competency by the action of the court, and has been living with her husband at her home on Gramercy Place.

FROM NAVY TO ARMY.

Former Midshipman Receives Second Lieutenant's Commission and Goes North to Report.

Eugene B. Walker yesterday received orders from the War Department to report at once to the commanding officer of the Presidio at San Francisco for duty with the heavy artillery. He left last night for the North to take up his new duties.

Mr. Walker, who received his commission as second lieutenant of Coast Artillery, was formerly an officer in the navy, and is a graduate of Annapolis. When the battleship fleet arrived here on its long cruise from the Atlantic seaboard he was a midshipman on the U.S.S. Ohio. He resigned while the fleet was here.

Before throwing up his commission Mr Walker received assurance that he would be commissioned in the army, and he made his residence in this city during the short time that he was in civil life.

SUPERIOR JUDGE.

Albert Lee Stephens.

Chairman County Central Committee—Albert M. Norton, Los Angeles.

THE Democratic County Convention closed yesterday with another bump for Tom Savage, the late boss of the Tenderloin.

His friends attempted feebly to reopen the fight by which he was expelled from the party Thursday night.

Tony Schwamm, the object of his wrath and threats, was nominated for Supervisor, defeating John T. Wilson of San Fernando.

Savage appeared to hold Tony responsible for his expulsion from the party. He said Tony had turned "long-

Dan Neuhart,
withdrawing from the Democracy.

hair," and in the Eighth Ward that is about the worst thing you can possibly call a man.

Yesterday morning Savage said he would sell his saloon and use all the money to defeat Tony Schwamm, if necessary. But when the convention of the Fifth Supervisoral District came, only three votes went against Tony Schwamm.

When the main convention met yesterday, all the delegates expected a renewal of the fight by Savage and the six other expelled men. None of them appeared, however.

Milton K. Young, in their behalf, moved a reconsideration of the vote by which the convention adopted the expulsion resolution. The motion was laid on the table by an overwhelming vote.

TOO MUCH FOR NEUHART.

Dan Neuhart, the veteran Democrat, was so shocked at this that he rose and marched out of the convention hall with majestic, offended dignity.

"When I was chairman and Trask was in the convention, we nominated him for judge, and elected him," said Neuhart, as he left, "and we haven't elected a Democrat since. Now he is chairman, and he reads men out of the convention on a viva-voce vote.

"It isn't legal, and it isn't Democratic. They have turned a county convention into a silk factory, and right here is where I quit."

He was followed by a derisive laugh from his former political crony, Joe Simons.

This bitter fight being definitely buried, a slight flurry came up over the adoption of the Resolutions Committee's report.

One of the planks in the platform related to the consolidation of Los Angeles with the beach cities, an enabling act being recommended.

City Attorney Long of Long Beach introduced a minority report striking out this plank. Several arguments were excitedly made.

"Silver Dick" Warner, the sage and philosopher from Stilaguamish, Wash., attempted to bring peace.

He said that Long Beach might be shy, but there are many other beach towns like Redondo, Santa Monica and so on eagerly knocking at the doors of Los Angeles.

Enraged voice from the Redondo delegation: "Nit."

Enraged voice from Santa Monica delegation: "You're wrong about Santa Monica."

Long was finally defeated and the platform adopted.

YOUNGEST MANAGER.

Albert M. Norton, probably the youngest man who has managed a county campaign here, was then elected chairman of the county central committee by acclamation.

Delegate Harris made a motion endorsing Robert G. Loucks for chairman of the State convention. A silence fell and one delegate got up and asked of Harris, "Say, honest, are you in earnest or are you joking."

The motion was promptly voted down.

When it came to the nomination of Superior Judge, Justice Albert Lee Stephens was nominated by acclamation; no other nominaton was made, as the Democrats intend to "single-shot" him.

The convention concluded its labors with the worst and most horrifying experience of all—speeches from well-known Democrats.

AT THE FINISH.

"We who are about to die salute thee." Such was the farewell greeting of the nominees to the Bourbon conclave.

The victorious Democratic Leaguers took an extra reef in their silk togas and stepped carefully over the prostrate figures of the vanquished "regulars" who had slept all night outside the breastworks.

It was oh, what a difference in the morning. Most of the delegates suffered from splitting headaches—the legacy of the wild orgies of Thursday night. Yesterday they were so nerv-

NOT PERMITTED TO DIE.

Man About to Shoot Himself When Detective Interferes—Sequel to Domestic Quarrel.

While William Rouse of No. 1211 East Fourteenth street was making preparations to take his life late yesterday afternoon, Detective Chapman forced open the door of his room and after a struggle wrested a revolver from his hands. An hour later Mrs. Rouse was found and a reconciliation between husband and wife was effected.

Rouse and his wife had trouble yesterday, and when she was driven from the house she telephoned to the police that her husband had threatened to commit suicide. Detective Chapman hurried to the house and found the doors locked. He crawled through a window and then broke open the door of Rouse's bedroom. The man was sitting on the bed, partly undressed, with the revolver beside him. He picked it up and was about to shoot himself, when the officer overpowered him.

Rouse had been employed for some time as a night watchman for the Merchants' Fire Dispatch.

DRUGGED AND ROBBED.

After being drugged and robbed of $100, Robert L. Rhoades of No. 2131 South Hoover street was found at the rear of No. 921 East Third street about 9 o'clock last night. He was taken to the Receiving Hospital. It is believed that chloral had been put in some liquor he drank. After he became conscious he said he had been with a man earlier in the evening, but could not remember his name or give a description of him. Rhoades will be detained at the City Jail until he completely recovers.

INDEPENDENT.

DEFIES CITY; WILL DREDGE.

Harbor Company "Passes up" Wilmington.

Buys Banning Land, Imperial Lease and Rights.

Admiral Evans's Asked to Be Its Chairman.

Several important developments came out yesterday in the Wilmington harbor fight. The Los Angeles Harbor Company made a new move that is likely to be fraught with the utmost importance to Los Angeles and to every interest involved.

First, the effort to get a lease from the city of Wilmington has been abandoned and the application laid over.

Second, a deal was consummated by which the Harbor Company took over formally the lease granted to the Imperial Investment Company.

Third, an opinion was rendered by the company's attorneys, Lloyd Moultrie, Lawler, Allen, Van Dyke and Jutten and Frank Thomas, to the effect that Mrs. Banning's tidewater land titles are valid. On the strength of this and the Imperial company's lease the company proposes to go ahead without asking any further permission of the city of Wilmington, dredge the harbor and carry out its proposed improvements. Should there be any attempt made to enjoin the work by any one the suit will be fought in the courts. The company does not expect any opposition in this way. It claims the right as an owner to make a channel to its property within the government's harbor lines, and it has both the Banning title and the Imperial lease to base its claim on.

Fourth, the company has extended an invitation to Rear-Admiral Robley D. Evans, U.S.N. (retired) to become chairman of its board of directors. Should he accept he may very likely become a resident of Los Angeles. The admiral is at Lake Mohonk, N. Y., a resort on the Hudson River, and all efforts to reach him last night and learn his decision failed. In New York the papers express the opinion, however, that his health will prevent his acceptance.

WILL START AT ONCE.

W. J. Arkell, assistant to President Bird, confirmed the report yesterday so far as the laying over of the application for the further lease is concerned, and said:

"The company will at once commence dredging the West Basin upon the decision of our attorneys and will not wait for a judgment in the city of Los Angeles' suit. You know we are all getting along in years and we want to see ships coming into the West Basin without looking downward. I often wonder how those people who are so anxious to take these tide lands away from Mrs. Banning would feel if the positions were reversed. She has been paying taxes on them for twenty-two years. Does it seem right, now that they are becoming valuable, after waiting so long, that a lot of enthusiastic gentlemen should appropriate them for the city without even a 'thank you?' At any rate, our people are satisfied to put up their good money, believing that Mrs. Banning is in the right."

When the application was pending before the Wilmington Trustees last Monday night a point was made that the company already had more land than it needed. Capt. Fries argued so in his letter to the board. The company's representatives in their statements also intimated that they were under no obligations to seek a further lease from the city. Their position is now made clear.

THE PRESENT STATUS.

With the laying over of its application for the further lease the company drops its proposition to build a public slip for the city and also its offer to fill in lands for the municipality and to donate the forty-foot strip for widening the county road. The proposed slip would have been on the additional lease which now will be claimed under the Banning title.

The effect will undoubtedly be to arraign the company and its backers squarely on the side of the Bannings in the coming suit as their interests will be at stake, whether the corporation becomes a party to it in a legal sense or not. An adverse decision will leave the company with the Imperial lease only.

Besides the tract leased by the Imperial Company on the west shore of the west basin and that piece, the lease of which was sought from the city, and which adjoins the first on the south, the company has acquired the Bannings's title to two blocks of thirty-one and thirty-two acres located on both sides of the Wilmington-San Pedro line. The total is over 150 acres, enough for quite extensive wharves, railroad yards and warehouses.

A. C. Bird, who has been active in the company's organization, will remain its president. His experience in the executive management of the Gould and other railroads is relied on in connection with the transportation problems which the company must meet and solve if it is to accomplish what it has announced its intention of doing.

A SAD FAREWELL.

"A platform is binding as to what it omits as well as to what it contains. An official is not at liberty to urge personal views."—Bryan's Speech of Acceptance.

AFTER SCALPS.

TICKET BROKERS DEFENDANTS.

SALT LAKE SUES TO RESTRAIN THEIR OPERATIONS.

Purchasing or Selling of Unused Portions of Special or Excursion Tickets Temporarily Stopped by Federal Injunction—Court Asked to Fix a Monetary Damage Also.

Practically all the local ticket brokers are made defendants in a suit brought in the United States Circuit Court, yesterday, by the San Pedro, Los Angeles and Salt Lake Railroad, to restrain them from purchasing or selling unused portions of special or excursion tickets.

This action is similar to that brought a few months ago by the Southern Pacific Company against the same defendants. Among them are Selmar Magnus, Theodore Fulton, Moses Greenwald, and a number of "John Does," "Richard Roes," whose true names are unknown to the plaintiff.

The Salt Lake Railroad, through its local attorneys, secured a temporary injunction from Federal Judge Wellborn, pending a preliminary hearing, set for the 31st inst.

In the bill in equity, it is set forth that the railroad has recently established special rates for persons desirous of attending various conventions held in this city and other Pacific Coast points. It is also averred that a low summer excursion rate was established for the purpose of inducing eastern people to come to Southern California to see for themselves the advantages of the country.

It is alleged that the local "scalpers," who are members of either the American Ticket Brokers' Association or of the Guaranty Ticket Brokers' Association, have advertised that they would purchase unused portions of round-trip or excursion tickets.

The plaintiff asserts that such tickets have been sold to persons desirous of obtaining cheap tickets to eastern points. It is stated that every purchaser of a special excursion ticket signs his name to the contract and in other ways pledges that the unusued portion will never be presented for transportation except by the original purchaser.

The suit is an attempt to secure a permanent injunction that will prevent "scalpers" from buying or selling such tickets and the court is asked to fix a monetary damage, in addition to the granting of an injunction.

This same matter has been successfully fought out in the eastern courts by the railroads and the business of "scalping" has been reduced to a minimum. It is stated that the alleged illicit brokerage business has assumed enormous proportions in this city, San Francisco, Portland, Seattle and other Pacific Coast points. It is said that all the transcontinental railroads have combined to fight the ticket brokers and that a determined effort will be made to prosecute them both civilly and criminally.

HANDSOME DINNER.

Maj. Miyata Entertains Five Japanese and Five Americans on His Birthday Anniversary.

A patriotic affair, in the form of a handsome private dinner, was given here yesterday by Maj. Y. Miyata of Tokio, Japan, to ten guests. It was the major's birthday anniversary and he had five Americans and five of his own countrymen at one of the most costly affairs of its kind ever given in town. A private dining-room at the Bristol was used, and there was special music, flowers, wines and choicest edibles. The table decorations were in the form of a centerpiece, typifying the Japanese national emblem, the sun with golden rays stretching in all directions. The menu was beautifully printed on parchment, adorned with tempting Geisha girls. Maj. Yamata opened the pleasures of the evening by proposing a toast to President Roosevelt and a return toast was drank to the Mikado. The Americans present: Dr. Claire Murphy, Dr. M. M. Armstrong, Dr. Louis Webber, Dr. George L. Hutchinson and H. J. Crawford. The Japanese guests were: Taka Gi, T. Shuma, J. Icno Tujuma and the editor of the Japanese Daily News.

MAY MEET HERE.

An effort is to be made to get the American Pharmaceutical Association to meet in Los Angeles in 1909. It will assemble on September 7 at Little Rock, Ark., this year. There will be no delegates from Southern California present so far as known, but William M. Searby of San Francisco, who will represent the State, is expected to present the name of this city. The Santa

PUBLIC SERVICE—OFFICIAL DOINGS.

SUMMARY OF THE DAY.

City's free employment agency has been ordered to close September 1, as the Council has appropriated no money to maintain it.

Chaves ravine blasting by the Los Angeles Brick Company is to be modified to satisfaction of near-by residents.

Sixteen moving-picture theaters may lose their licenses unless they comply with a new city ordinance.

On the ground of desertion, Judge Bordwell yesterday granted Charles H. Hull a divorce from Mrs. Bell Hull.

Mrs. Alice G. Clark was granted the temporary custody of her 10-year-old child by Judge James yesterday, pending the trial of her suit for divorce from Claude H. Clark.

Judge Rives yesterday declared valid the second marriage of the late Milton Taylor Hancock, and the right of children by the second wife, Mrs. Nina Little Hancock, to share in his estate.

Judge James yesterday dismissed a writ of habeas corpus, taken out by Frank H. Smith, an escaped prisoner from Sacramento.

AT THE CITY HALL.

FREE AGENCY IS TO CLOSE.

EMPLOYMENT OFFICE CUT FROM CITY'S APPROPRIATIONS.

Mayor and Councilmen Decide Institution Has Lost Its Usefulness and Order Its Discontinuance the First of September—Manager Wilson Says It Was a Boon.

Unless the City Council makes special provision the city's free employment bureau, No. 217 East Second street, will be closed September 1. The city budget, passed last week, omits any appropriation for its continuance, and Mayor Harper, the Finance Committee and the Auditor agree that it should be discontinued.

The bureau was established six years ago, and has for most of its time been managed by A. L. Wilson as a civil service city employé. Its purpose was to furnish employment for men and women not only for the city work but for all lines of employment, and to obtain the coöperation of large employers. The Mayor, the Finance Committee and the Auditor believe it has demonstrated its failure.

"The last nine months," said Mayor Harper, "ought to have shown its usefulness, but they have not done so. It seemed to be a complete waste of money, and for this reason it was agreed to abolish it."

The bureau cost the city $1548 a year, of which $1200 was Wilson's salary. When it was first opened a small fee was charged, but this was discontinued. Recently the Board of Public Works announced that it would give preference to applicants registering at the bureau, as 1000 men will be needed on the aqueduct work, but the city officials say this did not stimulate the bureau business, as the applicants continued to go direct to the water office.

The bureau, according to the officials, is without utility except as a means of protecting workingmen against rapacious private agencies, of which there was much complaint at the time of its establishment. Councilman Dromgold of the Finance Committee says Manager Wilson was warned many months ago that he must improve the business of the bureau or it would be discontinued. Mr. Dromgold says the business did not improve, and the committee decided unanimously that the bureau should be ended. He thought, however, that a bureau properly located and managed might be made of large public service.

Manager Wilson says the bureau has been doing a great deal of good, and that its discontinuance will be a large loss to the needy work seekers who cannot afford to pay employment office charges. The Finance Committee, however, says he has filed no reports showing the business transacted and that the office appearances were not satisfactory. The committee has agreed to continue the office through August.

SUBDUED BLASTING.

CHAVEZ RAVINE COMPROMISE.

The Chavez Ravine blasting is to be subdued, done only at hours satisfactory to the residents of the hilltop, and the white-winged dove of peace will hover over the brick yard and the neighborhood. This is the result of the conference between H. A. Hamaker and C. T. Sprading, representing the complaining property owners, and the representatives of the Los Angeles Brick Company before the Police Commission yesterday afternoon in the Mayor's office.

The commission and the disputants discussed the blasting for two hours and finally the commission offered a compromise which seemed to please both sides. Accordingly the petition for the revocation of the company's blasting permit was denied and a new permit stipulating that only one keg was to be used to the charge and shots to be fired at an hour least disturbing to the hilltop neighborhood was issued.

The brick company has agreed to fence the precipice which its blasting has caused and will look for a new location to get its material.

TO CLOSE THEATERS.

MOVING-PICTURE REGULATIONS.

Sixteen Los Angeles repositories of "canned theatricals" may lose their licenses September 1, if they do not make alterations in their interiors as required by ordinance. They are all moving pictures shows and are now amenable to the ordinance passed a month ago requiring proper exits and facilities for egress that they do not now possess.

The building inspector has made a list of the theaters whose interiors and exits are not in accordance with the ordinance and has furnished it to City Clerk Lelande who will not issue new licenses September 1, unless shown a permit approved by the Board of Public Works, the City Electrician and Building Inspector. The loss of the license fees will be $320 a month to the city in case the theaters cannot comply. The list includes these places:

Cineograph, 114 Court street; Lyric, 242 South Main street; New Broadway (Tally's,) Sixth and Broadway; Picture Theater, 545 South Main street; William C. Ralfes, 255 South Main street; Southwest Amusement Company, 508 South Broadway, 522 South Spring street; T. W. Johns & Co., 125 South Main street; Optic, 445 South Broadway; Nickelodeon, 527 South Spring street; N. Isoyama, 230 First street; Sweet & Sweet, 211 South Main street; Figg & Keiser, 315 South Main street; G. D. Wakefield, 527 East Fifth; Royal, 323 South Main street; E. A. Fischer, 423 South Spring street.

Under the new ordinance the rooms where moving pictures are exhibited must be on the ground floor, fronting [illegible] and having [illegible] two aisles four feet wide, according to the width of the room and the sidewalls and ceilings must be of masonry or covered with metal lathing and fire-proof plaster. There are many other requirements as to details of construction all of which are designed to protect the safety of the occupants in case of emergency.

Many of the places, including some of the larger and more popular ones, declare they cannot meet the requirements and that they are too drastic. Building Inspector Backus declares he will prosecute all who do not comply with the ordinance by the time their present licenses expire.

City Hall Notes.

The Mayor has received notice from the Navy Department that Gus McGinnis of 154 North Beaudry street has deserted from the United States ship Pensacola now at San Francisco.

Because of the holiday proclaimed by the city on account of the clerks' outing at Long Beach today all the city offices, including the public library and water department will be closed. Bills payable at the water office today may be paid Monday.

An automobile driven by H. L. Pelican almost ran down Mayor Harper at Spring and Third streets yesterday afternoon. The car struck the Mayor and upset him, but caused no injury.

AT THE COURTHOUSE.

NO ONE KNOWS WHY SHE LEFT.

HUSBAND NEVER ASKS WIFE WHEN HE MEETS HER.

Even Mother-in-Law, Now Dead, Ignorant as to Cause of Daughter's Desertion—Judge Declares It "Most Unusual Case" and Grants Divorce Decree to Man.

"The conduct of Mrs. Hull is past understanding. This is a most unusual case," was Judge Bordwell's comment, yesterday afternoon, in granting Charles H. Hull a divorce from Mrs. Bell Hull on the grounds of desertion.

Hull testified that he was married to Mrs. Hull in Victoria, B. C., in 1898, and that for about a year they lived together without any trouble. In April, 1887, he returned home, one evening, and was told by Mrs. Hull's mother, who lived with them, that his wife had left him and had gone to San Francisco.

"I have never received a letter from her since, nor has she ever explained to me why she left me," Hull said. "I never made any inquiries from any one as to the cause of her action, nor did her mother ever tell me why my wife left me. Soon after Mrs. Hull's departure, I removed with my mother-in-law to Los Angeles and she kept house for me until her death, a few years ago. I have several times seen my wife on the streets here, and I have talked with her, but I do not know where she lives, never asked her, and have no knowledge as to her whereabouts."

Mrs. Craven, a spiritualist lecturer who lived in the Hull home at the time of the desertion, testified that Mrs. Hull had told her that she intended to leave her husband.

"She gave me no reason, and I asked for none," Mrs. Craven testified. "I never told Hull of his wife's intention, for I thought the matter none of my business. I was never asked by him for any information and I am ignorant as to the reasons for the separation."

The court questioned the witnesses closely as to a possible motive for Mrs. Hull's action, but finally granted the divorce on the ground that the fact of the desertion had been proven.

MOTHER GETS CHILD.

TALE OF DYNAMITE PLOT.

Sensational charges of a conspiracy by Claude H. Clark to make his wife, Mrs. Alice G. Clark, dynamite a miners' lodging house and a pipe line at the Yellow Aster mine in Randsburg, that the prestige of the Clarks as detectives might be increased, were made by Mrs. Clark in Judge James's court yesterday morning. Clark appeared to show why Mrs. Clark should not have the custody of their daughter, Edna, 10 years old, whom the father has been secreting from the mother, it was stated.

"He compelled me to work as a sewing woman in Randsburg houses of ill-fame that I might get evidence against miners for him," said Mrs. Clark. "A short time ago he tried to get me to dynamite the pipe line and miners' lodging house, saying that we could gain prestige by putting the blame on F. F. Yockey and others. I told him that he was too low down for me and my children to live with, and then he said that if I ever told what he said it would be all off with me. I and my husband have been working as detectives for the Hurst agency for over two years in Idaho, Randsburg and Bisbee, Ariz.

"I never heard of his charge of unfaithfulness until I came to Los Angeles in July, for he left me in Randsburg last June, to take Edna to my mother, Mrs. Annie Lindley, of No. 1324 East Forty-eighth street, to be with our other child, Thelma, 3 years old; that until he kidnaped Edna on August 2 and hid her did I learn of his charges against me."

Mrs. Lindley said that Clark detailed the dynamiting plot in her dining-room in July, and that her daughter, Mrs. Etta Gary, and her son, Arthur Lindley, heard him say that he and his wife could make a big sum of money by putting it through, but that Mrs. Clark would not have a part in the matter."

"I never compelled my wife to work as she describes, nor is there any truth in her story of the alleged dynamiting plot," said Clark. "I learned facts in Randsburg that convinced me that she had been unfaithful to me, and then I took my daughter away and hid her, for Mrs. Clark had told me that she cared nothing for the child or me, and had asked me twice to get a divorce from her."

Judge James gave Mrs. Clark the temporary custody of her daughter, and ordered that the father be permitted to see the children, who are not to be prejudiced by either parent against the other pending the trial of Mrs. Clark's divorce suit.

HANCOCK CASE.

SECOND MARRIAGE VALID.

Holding that Milton Taylor Hancock, inventor of the Hancock disc plow, divorced his first wife, Mrs. Nancy H. Hancock, in June, 1886, in Colorado, according to the statutes of the State at that time, Judge Rives yesterday declared valid Hancock's second marriage to Mrs. Nina Little Hancock. The decision makes her children, Milton T. Hancock, Jr., Eugenia Hancock and Newton Hancock, equal heirs with Hancock's children by his first wife, Mrs. Molly H. McNatt and Philip Hancock.

Hancock was killed in an automobile accident in Los Angeles three years ago, and left royalty rights in his invention, estimated at $1,000,000, to his children. The estate, as now seems probable, $500,000 will be divided among the heirs.

The children of Hancock's first wife attacked the validity of his second marriage on the ground that divorce had been obtained by fraud. Depositions were introduced to show that the first Mrs. Hancock lived in Georgia all her life, was deserted there by her husband, never secured a divorce from him, and never knew that she had been divorced.

The court reviewed the proceedings of the Colorado court in detail, and held that the decree was obtained regularly, although publication of summons was secured in a Colorado paper of local circulation. As the Colorado court was a court of competent jurisdiction, nothing remained for the California court but to respect its ruling.

TURNKEY FOOLED.

PRISONER IN NOVEL POSE.

Frank H. Smith, who escaped from the Sacramento County Jail on May 10, after serving part of a six months' sentence for petty larceny, appeared before Judge James, yesterday, in habeas-corpus proceedings to secure his release from the City Jail, where he has been since August 15. Smith was remanded to custody and was taken back to Sacramento last evening. He sought release on the ground that the statute had not been complied with in that he had not been notified of the charge on which he was held at the time of his arrest.

During the hearing, it developed that Smith escaped by a novel method. The Salvation Army holds Sunday afternoon meetings in the Sacramento Jail, and the prisoners are allowed to put on their best clothes and attend these. Smith, on the day of his escape, took an active part in the service. He gradually worked his way into the seats occupied by the lay members of the army and when the party was about to pass out of the jail, he seized some hymn-books and a tambourine and the turnkey thought he was one of the visitors.

"NOT ON YOUR LIFE."

REPLY TO IMPLORING LETTER.

When Henry Schwartz of San Diego wrote to his wife, Mrs. Pauline Schwartz, imploring her to return to him, she tore the letter into small pieces, put them in an envelope and mailed them to him, together inclosed with a scrap of paper on which she had written: "Not on your life."

This was Schwartz's testimony in Judge James's court, yesterday, when he appeared to show why he should not pay his wife alimony pending the trial of her suit for divorce. The couple was married in January and the wife left her husband six weeks later. She charges him of beating her and threatening to publish 500 of her letters.

"I gave my wife $400 of my money after my marriage, and she has kept it all," said Schwartz. "She ran away from me twice in our six weeks of married life and when I went to beg her to return and she refused, I lost my temper and threatened to publish her letters. I have no property, for she has got all my savings, and I have done everything I can to make up with her and she won't make up."

Judge James dismissed the order to show cause.

COURTHOUSE NOTES.

BREVITIES MISCELLANEOUS.

FORMER OFFICIAL SUED. The Green-Marshall Company, yesterday, filed in the Superior Court, a suit against Joseph L. Walter, secretary and treasurer of the corporation from December, 1907, to April, 1908, for $10,000 damages because of the alleged circulation of false reports.

FILES WILL. H. H. Wentworth and Mrs. Bertha Penfield, executors under the will of E. O. Penfield, who died in Pasadena on August 13, leaving a $35,000 estate to his children, yesterday, filed the will in the Superior Court for probate.

DESTITUTE. Mrs. Alice Smith, yesterday, filed in the Superior Court, a suit against Victor E. Smith for $35 monthly maintenance. She says that she was married in March, 1907, that the defendant deserted her and that she is destitute.

JUDGE'S VACATION. Judge Houser finished his work in Department 3, of the Superior Court, yesterday, and will leave Monday for a week's visit to the Grand Cañon. He will then go to his place in Millard Cañon. He may spend some time at Yosemite later.

TWO-DOLLAR CASE. Robert Castro was arraigned before Justice Summerfield on a charge of the larceny of $2 from Julius Bockmaier, while the latter was intoxicated. He was committed to the County Jail, pending his examination.

WAIVES EXTRADITION. Willey Hill ("Wild Horse Bill") who was arrested at Santa Monica, Friday afternoon, by Deputy Sheriff Mathewson on the request of the Texas authorities, waived extradition yesterday and said that he will return to that State. Sheriff Hammel says the prisoner is wanted at Snyder, Texas, on charges of horse stealing, kidnaping and seduction.

TUITION. H. W. Castleman, as assignee of the Union School of Trades, yesterday brought suit in Justice Pierce's court to collect $75 alleged due from A. J. Barnard on his $100 scholarship in the bricklaying department of the school. The defendant said that he had paid $25 of the amount stated, but that he found he was learning nothing about bricklaying and therefore declined to continue his payments. The court took the case under advisement.

DISAPPEARANCE. Mrs. Robert Tracey, wife of the San Pedro ranchman who disappeared Monday, called on the District Attorney yesterday and asked that a warrant be issued for the arrest of her husband for deserting her. She offered $100 reward for news leading to his apprehension, and said that she had learned that he took the train for Seattle at the Southern Pacific Depot here Wednesday. No complaint was issued, but the authorities in other cities will be communicated with. Mrs. Tracey said she does not think that Tarcey has gone north to meet another woman.

FATHER PLEASED. Mrs. Lillie W. Burns, who secured a divorce from Michal Burns in April on the ground of cruelty, and who was given the custody of their two minor daughters, was cited to Judge James's court yesterday to show why she should not allow the father to take his children on outings. Mrs. Burns stated that she objected to having the children out late at night. The court ordered that the father be permitted to see the children twice a week, and to take them on pleasure trips twice a month.

DRUGGIST ARRAIGNED. C. D. Wilhite, a San Pedro drug clerk, gave $100 bail in Justice Selph's court yesterday for his appearance on Monday on a charge of having sold morphine to Allen Edwards on August 20 without a prescription.

HUNTING LICENSE. José Talavera, accused of killing deer at Chatsworth Park without a license, was placed on trial in Justice Stevens's court yesterday. Seven jurors were selected. The case will be continued this morning.

HABEAS CORPUS. Thomas A. Potter, 12 years old, son of George Potter, was arrested yesterday at Avina and committed to the Detention Home by Judge James. The boy said he ran away from his father and went to the home of Mrs. Myers in Pomona, where he had remained since, and had been well cared for. His mother, Mrs. Marshall, former wife of his father, says that the latter kidnaped him from her Colorado home some months ago, and she demands the custody of her son.

DIVORCE. Mrs. Flora B. Thompson was granted a divorce from Saul S. Thompson by Judge James yesterday, on the ground of desertion. The woman said that Thompson was intemperate and attentive to another woman, and that two years ago in Kansas, when she gave him his choice of quitting the other woman or quitting her, he left her.

INCORPORATIONS. Articles of incorporation were filed yesterday with the County Clerk by the Hynes Athletic Club, no capital stock; Fair Oakes Market and Grocery Company, capital stock $10,000. The Los Angeles Investment Company gave notice of increase of capital stock from $1,000,000 to $2,500,000. Articles of consolidation, amalgamation and incorporation of the Clarion Oil Boys Consolidated Oil Company were filed by the Oil Boys Oil Company and the Clarion Oil Company. The capital stock is $500,000.

PHILLIPS OF NARCISSUS.

He Waives Extradition to Chicago and Gives Bond—Held Here on Two Cases.

"Doc" W. S. Phillips, promoter of "Narcissus" and other paper townsites, appeared in the Federal Court yesterday to waive his examination on extradition to Chicago. He furnished $5000 bonds to insure his appearance in the Illinois United States Court to answer to a charge of using the mails for fraudulent purposes. Phillips is under $4500 bonds in two cases now pending in the Superior Court, charging him with obtaining money under false pretenses. These cases will not be dismissed by the District Attorney unless the promoter is convicted and given a stiff sentence by the Federal judge at Chicago. As United States Dist.-Atty. Sims, a noted government prosecutor, is handling the case, it is expected that Phillips will be convicted. He organized a gigantic mining company with stock running into the millions, and sold several hundred thousand dollars worth of shares. The indictment, returned by a Federal grand jury in Chicago, charges him with obtaining money from trusting clients upon false reports of the mines he pretended to own.

OUT UNDER HEAVY BAIL.

Johnson, Charged With Assault With Intent to Kill Negro, Aided by Friends.

Sidney Johnson, proprietor of the Siesta Club at Ninth street and Santa Fé avenue, was arraigned before Justice Rose in the Police Court yesterday afternoon on a charge of assault with a deadly weapon with intent to kill Charles Scott, a negro. Johnson engaged in an altercation with Scott Sunday night. He shot the negro five times, seriously wounding him.

Bail of $10,000 was furnished by Johnson's friends, and he was released pending preliminary examination, to be held Friday.

L-A-GAS

Is A Real Home Product

Does forty-one years in the gas business in Los Angeles make "L. A. GAS" a Home Product?

We are the pioneers, our business having been established in 1867, and every employee of our company, as well as every director and officer, is a permanent resident of Los Angeles.

L. A. GAS & ELECTRIC CO.

PLANT OFFICE

Feeding Human Stoves in Hot Weather

Meat produces heat. It is all right in winter, but the more you eat now the more you will feel the hot weather.

These are Mapl-Flake days. Here you get the maximum nourishment and the minimum heat.

A great deal of food, as you know, goes toward producing heat.

Fat foods are heating; lean meat is heating. But whole wheat is not.

At least one meal a day, in this weather, should consist solely of Mapl-Flake and fruit.

Don't expect other cereal foods to take the place of Mapl-Flake, for they cannot.

Mapl-Flake is the one food that's all food, because it all digests.

We spend 96 hours in preparing it—four times as long as we need spend.

We steam-cook it for six hours—cure it for days—toast it in ovens at 400 degrees.

All this is done to separate the starch particles so the digestive juices can get to them.

Every food specialist knows that this is essential. So do the makers who don't do it.

One must choose between making a food cheaply and making it right. We choose to make it right.

And our choice will be your choice after you know.

Mapl-Flake

The Food with the Maple Flavor

We shall always have food fads that last for a little time. But wheat in this form is enduring.

There will never be a better food prepared in a better way.

Never a food more enticing, for we cook Mapl-Flake in pure maple syrup.

Children will beg for it after they get it once.

Please serve it to-morrow morning. Telephone your grocer now.

You surely want to serve the food that children like best, when it's the best food for them.

New York Central Lines TO New York The "DIFFERENT" Route Why?

It Lands You "IN" New York City, Grand Central Station

Only railroad terminal in New York. Right in the heart of the hotel and residence district. Subway station under same roof. Fifteen minutes to Brooklyn without change.

All you have to do is—

Get on the train "IN" Chicago or St. Louis

Get off the train "IN" New York.

MINES AND MINING.

OLD BULLFROG IS WORTHLESS.

Idle Clearly Proved by Engineer's Report.

Best Value in Mine Is Little Over Dollar.

Majority of Samples Carry Nothing.

property of the Gold Bullfrog Company, which has previously some attention in this column, been proved absolutely worthless report of an independent mining engineer of excellent professional ion. The highest assay obtained ne ore, pronounced by Callahan worth several hundred dollars ton, was $1.24. A great majority samples carried no values at all cold-blooded nature of the has been laid bare.

be remembered that, as a result exposure in The Times, the directors decided to secure an independent report. Bernard Gilpin was engaged for the work and filed his report during the first few days of this though many efforts have been made by the representative of The access to the report was refused until yesterday when demand was made by the mining editor as a matter of the company.

is absolutely no hope of stockholders receiving a cent on the money for the $129,000 invested, their assets consisting of a water right of doubtful value, a worthless mill, a plant of a capacity of thirty tons and a few buildings of no value whatever when removed from the property. The report proves what The Times has already stated—that the mining business is one of the rankest swindles ever perpetrated anywhere. To be more explicit, it may be mentioned that Mr. Gilpin took eighteen samples from the main shaft; one of these showed values of 20 cents in gold and the remaining seventeen were practically blanks. Eighteen samples from the upper tunnel produced a high assay of 83 cents, the balance running nothing, which was the case in all the distances, to 20 cents, 41 cents, 60 cents and 83 cents. Four composite samples taken from the tailings dump gave forth one assay of 20 cents—the balance being worthless. Two composite samples from ore at the mill and one that had been milled showed nothing at all. Of forty-one samples taken from the lower tunnel no less than forty-seven showed no trace of gold, while the remaining four ran from 10 cents to $1.24. Two samples taken from stopes gave returns of 20 cents and the remaining two were entirely blank. Special samples from the face and drift of the north shaft gave no values. All assays were made by Chas. A. Peres, of this city, whose report, including his report, Mr. Gilpin says: "The precipitation of minerals is too meager to be of any commercial value.

The highest assay value of all the samples taken from the workings of the mine ran $1.24 in gold per ton. Many of them contained no gold at all.

Samples taken from the values of the stopes taken from the ore was said to have been lost in milling and those from the ore in the mill ready for treatment go to conclude that milling results were very unsatisfactory. The best ore in the stopes ran 20 cents per ton in gold. The ore at the face for treatment ran a trace only.

The results of the examination clearly demonstrated that there was not of any commercial value in the workings of the mine." The report fully justifies the position assumed by The Times and its true light, the cold-blooded character of the swindle. Since the examinations made, and before the Gilpin report was filed, it is understood that W. Nash, the secretary of the company, has succeeded in selling out for a small sum, and it is said that Luentzel and Stepan, two members of the company have entered into to dispose of their holdings. As mentioned before in this column, the matter has been placed before the District Attorney, and several investors stand ready to apply for writs of warrants just as soon as the matter can be properly laid and the witnesses are ready to act. From evidence in possession of the District Attorney's office it can be proved that the men following a test of the property's ore, and in which it was shown worthless, the directors of the company issued a report signed by Callahan in which a glowing account of the mine was given and in which the values of the milling ore in sight was placed at high figures. Under the California statutes governing fraud, there is a question that a criminal action can be taken upon this charge would lie. From other sources it is learned that Secretary Stepan and former President Nash have absolutely deny any knowledge of the test, which was made in the presence of last year by the Garvin Assaying Company, and, if they are telling the truth, the blame for issuing false reports must lie between Secretary Nash and Vice-President Preston. Further inquiries has also ascertained that Secretary Nash owes the company $485 for treasury stock sold and not accounted for. It is also stated, upon the authority that in the earlier history of the company the directors voted themselves options upon large blocks of treasury stock at 10 cents a share. Mr. Nash and possibly several of the directors, resold this stock to small investors at as high as 50 cents a share without putting up a dollar.

It is understood that a meeting of stockholders will be called next week. It is probable that warrants for the arrest of some of the directors will be issued in a few days.

Security Savings Bank

Oldest and Largest in So. Cal.

MINES AND MINING.

OLD BULLFROG IS WORTHLESS.

indle Clearly Proved by Engineer's Report.

ghest Value in Mine Is Little Over Dollar.

at Majority of Samples Carry Nothing.

property of the Gold Bullfrog g Company, which has previously ed some attention in this column, been proved absolutely worthless e report of an independent min- engineer of excellent professional ation. The highest assay obtained the ore, pronounced by Callahan worth several hundred dollars ton, was $1.24. A great majority samples carried no values at all the cold-blooded nature of the le has been laid bare.

rill be remembered that, as a result exposure in The Times, the di- decided to secure an indepen- report. Bernard Gilpin was se- for the work and filed his con- during the first few days of Although many efforts have been by the representative of The access to the report was re- until yesterday when demand made by the mining editor as a holder of the company.

re is absolutely no hope of olders receiving a cent on the for the $129,000 invested, their ssets consisting of a water of doubtful value, a worthless e plant of a capacity of thirty nd a few buildings of no value er when removed from the . The report proves what The has already stated—that the business is one of the rankest s ever perpetrated anywhere. e more explicit, it may be men- that Mr. Gilpin took eighteen from the main shaft; one of howed values of 20 cents in gold he remaining seventeen were e blanks. Eighteen samples e upper tunnel produced a high of 82 cents, the balance running othing, which was the case in instances, to 20 cents, 41 cents, and 82 cents. Four composite from the tailings dump t forth one assay of 20 cents— ance being worthless. Two com- samples from ore at the mill ade that had been milled showed es at all. Of forty-one samples from the lower tunnel no less hirty-seven showed no trace of while the remaining four ran cents to $1.24. Two samples he stopes gave returns of 20 and the remaining two were blank. Special samples from th drift of the north shaft lanks. All assays were made A. Perez, of this city.

ncluding his report, Mr. Gilpin "The precipitation of minerals too meager to be of any com- value.

highest assay value of all the taken from the workings of e ran $1.24 in gold per ton. any of them contained no ill.

ing from the values of the taken from the stopes from the ore was said to have been for milling and those from the the mill ready for treatment fe to conclude that milling re- ere very unsatisfactory. best ore in the stopes ran $9 er ton in gold. The ore at the dy for treatment ran a trace

results of the examination learly demonstrated that there e of any commercial value in ent workings of the mine." eport fully justifies the position re assumed by The Times and in its true light, the cold-blood- e of the swindle. Since the ex- was made, and before the Gil- rt was filed, it is understood ed W. Nash, the secretary of pany, has succeeded in selling k for a small sum, and it is d that Luentzel and Stepan, ficers of the company have en- d to dispose of their holdings. entioned before in this column, is matter has been placed be- District Attorney, and several lders stand ready to apply for warrants just as soon as the can be properly laid and the are ready to act. From evi- n possession of the District At- office it can be proved that days following a test of the y's ore, and in which it was worthless, the directors of the y issued a report signed by Cal- in which a glowing account of e was given and in which the f the milling ore in sight was at high figures. Under the Cali- statutes governing fraud, there question that a criminal action upon this charge would lie. other sources it is learned that nt Stepan and former President l absolutely deny any knowl- of the test, which was made in ber of last year by the Garvin e Company, and, if they are tell- e truth, the blame for issuing eports must lie between Secre- ash and Vice-President Preston. Times has also ascertained that ry Nash owes the company $485 easury stock sold and not ac- d for. It is also stated, upon the uthority that in the earlier his- the company the directors voted ives options upon large blocks easury stock at 10 cents a share, at Nash and possibly several of hers, resold this stock to small rs at as high as 50 cents a share t putting up a dollar.

understood that a meeting of olders will be called next week, is probable that warrants for the of some of the directors will be in a few days.

Strike on Baby Florence.

recent activity of Baby Florence which carried the quotation up cents on the Los Angeles-Nevada Exchange yesterday, has been by the rumor that a rich strike ecently been made. M. J. Mon- who is president of the company, ed The Times representative day that he has received confir- n of the strike from the super- ent, but that the extent of the dy is not yet known. He says he discovery was made at the t level and that the ore was h that assaying was unnecessary. er particulars are expected in a ay.

BOURBON NOMINEES.

(Continued from First Page.)

ous that when a chair toppled over in the middle of the hall everybody jumped.

The candidates accepted their nominations with becoming resignation. Tony Schwamm and Frank Haddock were the only ones to run for places, the others simply stood for it. Each adjusted his halo carefully over one ear and strove to impress on the convention the moral beauty of his vicarious sacrifice.

"There is no use of my taking that nomination. I shall be beaten by at least 2000 votes," protested Will D. Gould when the convention forced on him the nomination for State Senator in the Thirty-seventh District.

Similar sentiments were expressed by about all the other candidates. There was less enthusiasm than in the Prohibition convention the day before.

TWO WHO WORKED.

Tony Schwamm worked hard for the Democratic nomination for Supervisor in the Fifth District, and Frank Haddock made a systematic campaign in the Fourth (Wilson's,) Supervisoral District. The only other contests were

"Windy" Moore

"blew in" and sat in the front row.

when members of the Democratic Club came in contact with the Leaguers.

The Democratic leaders admit that their ticket will be hopelessly beaten. Their only hope for victory lies in the Fifth Supervisoral District, and in the single-shot nomination for Superior judge.

BROOKS ON CLEVELAND.

The corpse of Grover Cleveland had to be brought out in its winding sheet and flouted before the delegates.

No Democratic convention is considered down-to-date this summer that doesn't offer some kind of indignity to this dead lion.

Clad in a robin-red waistcoat, J. Marion Brooks wanted to deliver the funeral oration. He roasted the platform committee for its neglect to offer a Cleveland resolution.

The convention rebuked him by including in the platform "the Cleveland resolution adopted at Denver." The leaders were fearful lest Brooks might have cribbed the Parker resolution. They were willing to bury Cleveland, but not to praise him, by so doing they might detract from the glory of the Peerless One.

"REGULARS" GIVE UP.

Before the convention had been in session five minutes it was apparent that the "regulars" had given up the fight. Albert M. Norton, the candidate of the league for chairman of the county convention, was elected by acclamation.

The league cheered and yelled for two minutes. It looked like a glorious victory. Before the campaign is over the recruits will understand why they won that so easily. The hot-blooded ones among the regulars wanted to start a real fight, yesterday; but the members of the Veteran's Association vetoed this plan. During the night plans had been completed for a walkout and a rump convention; but the veterans called that all off.

"There couldn't be a better time than the present to let these near-statesmen have charge of the machine," counseled one of the captains of hundreds in the Old Guard, "follow the example of the conservatives all over the country. They have turned the party machinery over to Bryan and his wind jammers; let us do the same. In the Ides of November there will be a reckoning more effective than any thing you can do now."

The attitude of the "regulars" is that the league has captured the works and it must now man them for the campaign.

The Assembly and Senatorial Conventions were only mockeries. In not a single district was the belief expresed that the Democratic nominee can win. The places were taken to fill the ticket so it will look lige a fight.

Joseph Mesmer presided over the Fifth Supervisoral district convention, where Tony Schwamm triumphed.

There were no untoward events; the voting proceeded in meekness and quietude.

Tony, through the influence of Mesmer, received the votes of almost the solid First Ward. He lost three votes in the Eighth, one each in the 169th, 171st and 173rd. Pasadena's delegates were absent. South Pasadena, where Mr. Pridham lives, voted four votes for Wilson and one for Schwamm. Most of the country precincts voted for Wilson. The final vote was 59 for Schwamm and 21 for Wilson.

Wilson made a gracious and complimentary speech in favor of Tony when the vote was announced and Tony, in his furious excitement set a fearful precedent by giving away two for a quarter cigars. The extreme allowed by the traditions of Thomas Jefferson are five centers.

MAN WITH A ROLL.

Martin Betouski side-stepped the nomination for Supervisor in the Second District; he didn't care to run what the sporting men would term a fixed race; McCabe looks too much like a certain winner. The delegates finally discovered a man with a roll in the person of H. J. Woollacott who would consent to make the race; as they tendered him the nomination they fairly fell on his neck and wept.

Frank Haddock had made an elaborate canvass for the nomination in the Fourth Supervisoral District. He expected to run against Pete Wilson. He probably would have declined to run against Nellis if the league hadn't put up a candidate against him. Haddock now says that he is in to win, but he keeps his hands behind him so one can't see whether his fingers are crossed.

In each of the three districts the Democrats were careful to select a candidate with money enough to make the race.

Frank Haddock,

nominee for Supervisor from the Fourth district.

AT THE BEACH.

MUFFED CATCH BEATS CLIFTON.

ARIZONAN PERMITS JUSTICE TO REMAIN AT BAT.

Santa Monica Then Rallies and Scores Enough Runs to Win by Good Margin—Justice, Walker, Cuthbert, and Liddell Are the Stars of Return Cricket Match.

Although the Clifton, Ariz., cricket eleven was beaten in its return match with Santa Monica, on the old polo ground at Santa Monica yesterday, by the narrow margin of 35 runs, it was due entirely to a dropped catch by Forrest, when H. Justice had made only 12 runs.

Santa Monica won the toss and put Clifton in to bat. The first wicket fell for only 3 runs, but Cuthbert batted in such dashing and fearless manner that 36 was up on the board before Thomson, who hit up 12, was dismissed. With the advent of Liddell, the greatest stand for the visitors was made. Cuthbert hit three fours, one three and three twos before being clean bowled by Justice, while Liddell lashed out at the bowling to the tune of six fours and two twos.

Mason was not idle either, as he scored 20 before being retired leg before wicket, by Justice. Dayer, Forrest, Forbes and Wagstaff only made 13 runs between them, and had these kept their end up, Stirrat, who carried out his bat for an invaluable 18, would have made a large score. With 9 extras, Clifton closed its innings for 148. Hunt and Justice again did good work with the ball, and backed by smart fielding on the part of the Santa Monicans, several boundaries were saved.

Lee and Rock opened for Santa Monica, but so well did Tempest and Cuthbert bowl that two wickets were down for only 5 runs. With Walker and Justice as partners, however, a complete change came over the batting. These two between them, put on 125 runs before the fall of the third wicket. Walker, the Old Reptonian and Notts Amateur, made 39, which included four fours, one three and five twos, and throughout his innings he gave no chance or a false stroke.

Owing to two dropped catches on the part of Forrest and Mason, Justice was twice spared. After making only 12 runs, this great hitter sent up a catch to Forrest, which was not accepted. Had Justice been caught out at this stage of the game Clifton would have won the match. Moson gave Justice a second life when he refused a catch in the deep field after the I. Zingari player had made 60. Apart from these two chances, Justice gave a wonderful exhibition of batting, and included in his score are fifteen fours, one three and eight twos.

The score shows how deadly Cuthbert and Neil really were, and with Stirrat as wicket-keeper byes were few and far between. On resumption of play after the interval for tea, Santa Monica wickets fell fast. First Hunt then Cochrane were retired by Mason and Forbes, who each made brilliant catches, while F. Justice was clean bowled by Cuthbert. Hardwicke made the winning hit at 5:10 o'clock, after which he was smartly caught out by Dayer. Dudley was cleverly stumped by Stirrat. At one time it looked as if Santa Monica would win only by the very narrowest margin, but Meggett, who carried out his bat for 20, scored so freely that the beach team was placed in a safe position.

Mayor Dudley presided at luncheon, and during this interval, the Royal Italian Band of Ocean Park discoursed sweet music. Many of the selections being Scotch airs. Every available seat was occupied by a large and enthusiastic gathering of spectators, among whom were many Arizonans.

This afternoon "C" team of Los Angeles will meet the Clifton aggregation at Vineyard station, when wickets will be pitched at 1:30 o'clock.

J. D. Brown and G. L. Waring acted as umpires in yesterday's game, while W. Kitchin and A. Armitage were the official scorers. Following is the full score and bowling analysis:

TAFT AND SHERMAN.

For President. For Vice-President.

Editorial Pen Points

It is reported that Aunt Carrie Nation is worth $250,000. It pays to be a freak.

Sometimes a man will quit a job with as much ease as a job will sometimes quit him.

Tony Schwamm swam out with the nomination, but what he has now to avoid is a ducking at the election.

Los Angeles is the best-lighted town in the West, and it looks all the more so when the red lights are out.

Australia is on the other side of the world from us geographically, but she is on the same side every other way.

Now let the old play of "The Smugglers" be revived, with Mrs. "Jack" Gardner in the leading female role.

There is but one issue in the campaign—the tariff. And but one choice for the majority of the voters—Taft.

Society women should avoid smuggling; unless it may be a little harmless smuggling that they do on their husbands.

Capt. Hobson has made 100 speeches in favor of four new battleships. Uncle Joe Cannon didn't make any, but he won.

The assurances are that the United States will be the busiest country in the world before election, and more so after election.

Surely the bunch of Independence Leaguers that bolted Hisgen will not have the nerve to send Hearst a bill for their hall rent.

The frequent result of a vacation is that it vacates the pocketbook and emphasizes the worries that a man left home to escape.

The Socialists, the Prohibitionists and the Populists all expect to make gains this year. No party except the Democratic party expects to lose.

Familiarity breeds contempt, and maybe it is because any man can serve on a jury that so many of them have such small respect for the law.

The railroads have started a campaign to educate the public, the main purpose of which will be to show the public that it must pay the freight.

No front porch campaign for Mr. Bryan. He can no more resist the temptation to go out and make speeches than a duck can resist a mill pond.

If Mr. Bryan can make a wretched excuse for a newspaper like the Commoner pay, he is wasting his time running for a measly $50,000-a-year office.

Young Joseph Medill Patterson is another instance of a man becoming bughouse on socialism and then naturally going crazy on every other subject.

Democrats are willing to shout for Bryan, but they absolutely decline to vote for him in large numbers or to contribute money to his campaign fund.

Our ships, with our sailormen, are now away down under the world, but they will be able to hang onto something there as long as anything else can.

All the Democrats in Los Angeles county appear to have been delegates to the convention, and even at that there were not enough of them to represent all the districts.

The things to pray for are a tranquil mind and a thankful heart. The man or woman who has these stands in need of nothing else except an occasional square meal.

We have no doubt that the gentlemen nominated by the Democrats are respectable, law-abiding citizens, but they can hardly be accused of caring much what they do with their time.

As a matter of interest to Democrats only, the coming elections may show Gov. Johnson up once more as a steady winner, in painful contrast to William J. Bryan as a steady loser.

If he hopes to win, the Democratic nominee in the Fifth District should not allow his name to go on the ballot as "A. Schwamm." The name Tony will appeal strongly to the Italian vote.

The new railroad between Guatemala and Los Angeles has already sent a lot of young Guatemalans here to attend school. Thus has the City of the Angels attached another outlying district.

A society has been formed for the purpose of making the possessors of swollen fortunes social outcasts. The Society for the Suppression of Unnecessary Noises has an easy task compared to this.

Holland says she has the support of the United States. Well, owing to a certain event that is about to take place in her family, Queen Wilhelmina might know very well that she has our sympathy, at least.

The gathering of the Hassayampans in Los Angeles discredits at least a portion of the legend concerning that famous river. The legend is that any man who drinks the waters of the Hassayampa will never again have an honest dollar, tell the

WELCOME HOME—NOW STAY.

Most of the lost sheep of Israel seem to be safely back in the fold and unreservedly glad to be there. The wolves in sheep's clothing are the only ones left out in the cold among the ravening wild beasts of the desert region where wild-eyed Populists roam and howl.

Speaking of home-comers, we refer to those members of the Republican party—the rank and file—who went out into the wilderness following a false and purposely misleading cry. These will now work with the Taft Republicans, who stood for fundamental Republican principles and refused to be inoculated with the virus brought from Oklahoma, Oregon and other States or places where Populism has full sway.

Speaking of those out in the wilds, we refer to the misleaders of the late unlamented Lissner-Rebate League now on ice awaiting the incinerator. And the stench of the burning will go up for a long time.

Brethren of the Republican faith, you must see now what you refused to see before. We pointed out to you, not in resentment or prejudice, but as a solemn matter of duty from unselfish devotion to principle, these facts: The leaders of the league who led you astray and led you to defeat were largely unconverted Populists, Bryanites, who came to the Republican party, not on principle, but from a great greed for office. Others were would-be bosses, merely intent on constructing a political machine, whose motive power and control were under their hands. The standing of many of these men in business, their reputation among their neighbors, absolutely forbade any person endowed with the gift of deep thinking to believe their purposes could be honest, or their aims unselfish. Their contentions all the time were for measures rankly Populistic, radically revolutionary, fundamentally contrary to all that sound Republicans had ever taught or entertained.

Brethren, you would not see this during all the long weeks in which, with sorrow of heart, we saw you following the misleading guidance of these Populists in Republican livery, these self-seeking office-chasers posing as patriots, these constructors of a wobbly political machine, badly conceived, poorly built and put together in the wrong way—a machine which to make go was a hopeless task—we warned you where your leaders were headed. It was a weary, thankless task, but never hopeless. We knew we had only to wait and that some day the light would break; you would see the dangerous path you were following; and then, recoiling in disgust, you must come back where you belong, leaving your guides, the wolves from whose back the wool had been torn, to raven in the wild places where the howling mobocracy rend one another.

We knew this would be, and when the daylight broke over the situation and you saw the error of your way, we were in no particle surprised. To us the expected happened. This light broke in on you in a full flood when the Los Angeles county Bryanites met in convention this week and proceeded to make known what the party stands for. Behold what happened! The chairman of this Populist gathering, "tears in his eyes, distraction in his attitude," spread a carefully laundered shroud over the defunct form of the Lissner-Rebate League. Then came the platform carpenters or the Populists, and lo! the go-cart that led all the rest had every shattered bit of timber the L.-R. League had tried to get the Republicans to adopt last week, only to find the thing cast into the rubbish pile with Red Fennessey and the other anarchists who represent Gompers, Debs, Haywood and Preston. And then all the other Bryanites, with saws, hammers and spikes, made a mad rush to fit the shattered débris into a semblance of wholeness again.

Brethren, is there an erring one among you who does not now see clearly? Every Bryanistic gudgeon "in the swim" at Turner Hall made a mad rush at the Lissner-Rebate pabulum (that had been pitched into the garbage can at the Republican convention) and, as a keen observer said, "swallowed the thing, bait, bob and sinker."

Thus wisdom is justified of her children. The men who had led honest, loyal Republicans astray for awhile, put in cold print their views on government, and tried to foist them on a Republican convention. The convention threw them out, body, boots and spats. But the Bryanites from Milpitas, Calabasas and places where men still vote for Andrew Jackson, and think the mantle of "Old Hickory" has fallen on the shoulders of Sam Gompers, seized the stuff as a vulture does a dead rat. It was their own meat!

Is not W. H. Taft a good enough leader for you, brethren? Are not his ideas sound? Why should you go to Lincoln, Neb., to the great political sail-trimmer of the ages, for notions? Why should you let any small-brained, semi-socialistic editor or spellbinder bring you these ideas branded Lincoln-Roosevelt, and make you adopt them without examination? Some of you misconceived The Times' motives, and misconstrued our earnest contentions for fundamental principles. Earnest we were, perhaps indignant, but it was a righteous indignation if ever there was such a thing.

But now you must see where we stood and why we stood there. We are dee-lighted to have you back in the fold, and only hope you will think longer the next time some clique of smug office-chasers comes along with a hypocritical cry to mislead you into adopting principles that are not Republican, nor even American.

DEMOCRATIC PROTECTION.

One of the long-horned political steers in the Turner Hall corral day before yesterday told the assembled statesmen that it was all a mistake, in fact, sheer nonsense, that Mr. Bryan's boosters have any malign intentions against the protective tariff—so far as it relates to California products. Jest so!

But they are dead against protection to Maine ships, or Pennsylvania steel, or Florida fruits. Jest so!

In Florida the Bryan boosters are the great and good friends of protection to anything produced in the Everglades. But to the happy hunting grounds with California. Jest so!

Inconsistent, insincere fakers, every one of them. Principles mean nothing to them. Votes are all the interest they have in the campaign.

The name of the late Stephen M. White was evoked in witness of the friendliness of the California Democrat to the principle of protection. Jest so!

The Times yields to no one in its admiration of the great native son, whose loss we sincerely mourn. But facts are facts. When the Dingley Tariff Bill was put on passage in the Senate, what was Senator White's action? Did he not vote "No?" He did, and so did every Democrat in the Senate. There is the recorded fact, and there is the true measure of the devotion to tariff protection of the best of Democrats.

California wants no tariff protectors from Turner Hall.

N.B. The Lissner-Rebate League managers be-

WELCOME HOME!

lieve in tariff protection just exactly as their friends, admirers and allies at Turner Hall believe in it. We want no tariff protectionists of the Expressler-Tyrrell brand, either.

THE DELUDED CURIOSO.

This is a pretty fix that Mrs. "Jack" Gardner and another less-noted Boston woman have got themselves into, just for the sake of a few old broken pots and kettles and suits of armor and knick-knacks from a foreign shore.

Won't it be a sight—the spectacle of these society women languishing in the body of the jail with safe-crackers, embezzlers, bunco steerers, yeggmen, and maybe murderers, for all we know. Of course, a smuggler is the most respectable of all criminals, but Mrs. "Jack" and the other good lady who has been caught red-handed will find small comfort in that.

But it seems a pity to put them in jail. It is a pity, because they had already got the worst of it. The chances are nine out of ten that the so-called art objects and curios they bought on the other side were frauds, anyway. They were "soaked" to start with by the slick fellows who sold the stuff to them. It's a poor thing to go to jail for—an old suit of armor that no warrior ever wore and a tea pot that maybe nobody but the faker who made it ever brewed a leaf in.

The American curioso is the most-imposed-on person that visits either Europe, Asia or Africa. Men and women in those "furrin parts" make a regular business of manufacturing things out of mud and tin, brass, iron and other materials, and then smearing them and smoking them to make them look as though they had been used several centuries ago by a Pharaoh or a Greek god. They are made to sell to silly Americans who have more money than wit.

It was not long ago that a committee of experts declared the majority of "old masters" hung in the principal galleries of Europe to be frauds. If, therefore, government agents, selected especially with regard to their education, experience and training, can be fooled, what chance does a Mrs. "Jack" Gardner and the likes of her stand?

It is all great foolishness any way it is looked at. Why on earth should a sane man or woman want a rug that some old dirty bashi bazouk had squatted on 500 years ago, in preference to something better and cleaner, fresh from the factory? It is past understanding.

Mrs. "Jack" Gardner and lots of other Mrs. Jacks and Mr. Jacks might do better with their money were they to buy new tea pots for poor folks who need them, and suits of good American "hand-me-downs" for worthy backs, than in throwing good coin at foreign fakers. And then, they wouldn't have the shadow of the jail hanging over them, either.

TALKERS—DOERS.

People may be classified in divers ways. Dear, gentle Charles Lamb subdivided men into lenders of books and borrowers of books. The scriptures tell us the final classification will be into sheep and goats.

There is a plain line along which men divide into talkers and doers. The streets are at all times full of talkers, windy persons who cumber the sidewalks and discuss all sorts of subjects—the banks, the scriptures, the rich, the poor, politics, political candidates and what not.

What do these talkers and their talk amount to? The only ones who listen are the same class, the talkers, who are just waiting for an opening to cut in with their own eloquence and wisdom.

Out in the street is a Mr. "White Wings," with his broom and go-cart, just cleaning the streets. He is doing more service to humanity in an hour than Mr. Windy Know-It-All could do in his whole lifetime.

A little gathering of quiet people is held some day, and when they come together the question is not, "Shall I talk first?" No; each wishes to hear what others think. There is a little interchange of thought, and a committee is formed, which does not "go to talk," but "goes to work." And the result is a great harbor for ships down at San Pedro.

A reticent railroad man comes into Los Angeles and gives a few orders. Next day 1000 men are shoveling dirt along some new rail line. In this way the transcontinental roads were all built and the county was gridironed with trolley lines. The men who built these roads had less to say in ten years than what some faker delivers himself of, on the curb, in a week.

A man or a woman mounts a soap box and begins an incoherent, illogical diatribe against society and talks and talks and still talks as long as any one will listen. All of them in a hundred years have never lifted humanity an inch higher in the plane of living; not one of them has ever taken a motherless child by the hand and given it a home, or stood by a sick bed and given the patient a cup of water.

Other people get together and with a few words found an orphan asylum, or a free hospital, gather in the motherless, teach them, and care for them until they become useful men and women. The sick, who are alone and forlorn, may go to the free hospital and be cared for until they are healed. Orphan asylums and hospitals have exalted human life tremendously, whereas windy agitators have not lifted the race by the thickness of one sheet of paper.

A spouter hires a hall and shouts himself purple about the saloon evil, but never yet went to a man fallen in the gutter, raised him up, took him to a place of safety, and when he became sober, said a word of helpful sympathy or moved tongue or finger to rescue him from his curse.

Another sees a fallen brother, and, without a word or any effort, excepting not to attract attention, lifts him up, cares for him, and when the right time comes, tries to win him from his vice.

Let any man sit down and go over in his mind the Windy Eloquents he has known always on a hobby and shouting at the people as if they were driving a band of sheep. Then think of the Mr. Do-Things you have known, and you will not long hesitate in deciding "who is who," in your experience, and who it is that makes the world better and life more worth living.

There are two candidates for the Presidency. One is a man of few words and of many deeds, although when it is his cue to talk he can do it effectively. The other is a man of many words, eloquent, scintillating words; but he has few deeds to his credit, although he has been among us for nearly half a century.

Apply the test of doing and talking to these, and will not the conclusion be forced on you that Taft the doer will fill the chair better than Bryan the talker?

GOOD EXAMPLE CONTAGIOUS.

The Times urged a heavy vote on the good roads bonds, with other reasons, because it would stir up the people of adjoining counties to more enthusiasm. This is coming true. San Bernardino, Santa Barbara and San Diego people are now in a campaign for large sums of money to construct their parts of the great network of good roads to cover all the Sunny Southland.

This is good. Now the big sister among the southern counties must go on setting the others a good example. We can do this by selling the road bonds with all dispatch, and then spending the money in the same way.

The people voted the bonds with right good will, and the sooner the roads are built the more joy there will be among the people.

The harvests will all have been gathered, and this will throw some men out of work. The roads can be built in the cool days of winter even better than in summer. Wages are likely to be a little easier in the slack times.

The tourists will be here in force as soon as the election is over, and more of them will be coming if they learn we are preparing stretches of highways for them.

The work done will furnish employment to many and make business better for all.

Let us go on setting all our neighbors a good example

HOROSCOPE.

Saturday, August 22, 1908.

Well fares the arm with honor for its shield,
With good success it shall its weapons wield.

Mars and Venus are in ecliptic conjunction with the moon. Mercury is in parallel with Mars. Venus is in benefic aspect.

This 235th day is favorable for those who possess courage, boldness, pride and honesty, and for undertakings requiring those attributes.

An excellent period for courtship, engagements, wedding journeys or beginning housekeeping.

Deal with dry goods merchants, haberdashers, milliners, dressmakers, costumers and all others connected with the business and art of beautifying the person or habitation.

Bake, try new recipes, make household changes, engage maids and arrange home festivals.

This day and tomorrow should be good for all matters connected with fins and fish.

Be on the guard against swift vehicles.

Women with this birthdate may expect strange news from the northern part of a wide country in the twelvemonth.

Those born between now and the end of the month are under the earthly sign of Virgo, promising them keen insight into human nature, quickness in catching the drift of opinions, power in feuds and war, but weakness in family disputes. They should be very successful in the material aims and efforts of this world. The same
be their lucky stone.

Men with this birthdate must beware
ing and accident. They will have a
year, especially if born between 5:15 and

Children born today are under an aspe
ing that they will be high of will and
Girls should marry well and be successful
ness ventures. Boys are promised success
undertakings, particularly if they are
ment.

MEN AND THINGS OVER THE

A Miserly Nobleman.

The Marquis of Clanricarde, though
great revenues from his Irish estates, is
that he turns his clothes so as to wear
both sides. Although he is a descendan
Irish Kings and the head of the great
Irish families, the Burkes, yet he is the
man in the Emerald Isle. In forty years
only once visited his enormous estates
acres, and that was to attend the funer
father. It is no exaggeration to say that
would not be worth two pins should he
ture among his tenantry. He has evicted
families for non-payment of rent, and
ago an Irish member of Parliament brou
bill providing for the expropriation of
of the unpopular peer.

An Organ for St. Peter's.

The Pope, says the Paris Gaulois, has
the wish that a grand organ shall be
Peter's from the designs which Cavaill
mitted as far back as 1868, and which
proved by both Pius X and Leo XIII. The
proceeded no further, as it was said that
lacked the requisite acoustic properties, as
a huge organ might disfigure the admir
metry of the interior.

It was also alleged that an old traditi
instrumental church music in the Papal
History, however, contradicts this traditi
is recalled that once upon a time there w
in St. Peter's, and famous organists, too,
Frescobaldi, whose music drew great crow
cathedral about the year 1615.

It is now proposed to place an organ
back of the great transept or else in a
ated in the nave near the confessional.
all events, be a movable structure, and
acoustics, modern organ builders ought
difficulty in adapting their instruments to
of the basilica.

A Town Drunk on Cologne.

The residents of the Siberian town of T
had their supply of vodka cut down by

The Turuchanskers, when they heard of
Father's orders, forthwith sent a deputa
Petersburg to try to induce the Emperor
the order and allow the usual quantity
be sold in their town.

Nicholas refusing, the commissioners
all the eau de cologne, bay rum, etc., they
hold of and shipped it to Turuchansk.
could be stopped, they likewise secured
tities of opium, morphine and other
drugs to ship home.

Dispatches from Turuchansk say that
is now indulging in a grand spree, and
degree of drunkenness achieved there
records.

King Edward a Loser.

For three or four years King Edward
stantly failed to win on the turf. He
$100,000 yearly for the maintenance of
stud, and receives no winnings to off
pense. Previously to four years ago he
casional winner. This year Queen Alexa
vorite filly, Princess de Galles, would ha
the Goodwood races had not her jockey
tain of winning that he eased her up.
Rosebery's horse snatched away the
narrowest of margins. The King may
stables because of his dissatisfaction.

Barbara boomed in with a big esterday, and the splendid rep- tive of the beautiful Channel ndys Hill, jumps from 13 to 11 tally this morning, above Ruth rbach and Ramona Carter, too. s may be interesting at the top, real give-and-take, for racing sing, with Santa Barbara ahead clip, and Upland at the next Angeles at the third, the elev- welfth and thirteenth lines fur- citement enough for an entire

s Hill has caught the "new fever," for she includes one with atch of subscriptions that she o the office. The contestants ne themselves proud within the o weeks with these new yearly ptions, as every boy has had vi- f the sweater vest that the spe- ze contest is to bring to some te lad, and the girls have all d of the parasol to be given to bringing in the greatest num- points from new business since h inst. The contest ends this , and excitement is so thick could be cut with a knife. McKinley, Leo Domke and Warren are neck and neck on ubscriptions; and Marguerite Mary Pearl Pottol and Florence were nearest to the mark at accounting, but there is no tell- hat may develop before night. y is a great day for reporting dquarters, and Saturday always tunning surprises from some r. Mae Simmons joined the new club yesterday, and Ralph War- ren was another member for the day, as well as Leo Domke.

Thomas McKinley had a windfall from Currier Crossing on the Salt Lake road, whence two yearly renewals were sent to him, netting the Pomona lad 1000 points. Ellen Robinson also had good fortune, and reaped 1540 points, besides an interesting slip of paper which Ellen carefully put away, but which we more than suspect is a new annual which she intends to spring a little later, for there are more special prizes coming for the next two weeks, and Ellen has her eye on one of them.

The Orange county girl called at headquarters yesterday for the first time since the contest opened. She has had a rocky road to travel lately, as so many people are busy with fruit pickling in her section, and have little time to hear an ambitious young girl tell of her efforts to secure an art education. But just wait until that fruit is picked and sold then Zarrah Morse will go sky-rocketing toward the head line, for Orange county is one of the richest in the State, and the citizens will not let her lose her scholarship, or even a cash prize for lack of backing.

Ida May Benjamin is waking up Covina and the people are supporting her in royal fashion. She sent in a large score yesterday and politely turned down the Orange county boy, Homer Watson. Yesterday the mail bag brought in good fortune for Laura Easton from Terminal Island, sent by H. W. Heagg, who is a veteran of the Civil War.

Persons wishing to aid any contestant may do so most effectually by filling out the subscription blank at the bottom of this page and sending it to The Times once together with the cash. Fill in the name of the contestant you desire to aid and you may be sure he or she will get proper credit for the points.

The sweet faces of Hazel Franklin and her sister, Rose, look out at one from this morning's paper. Both girls are making the canvass for Hazel, and are steady workers in a good cause. They are the daughters of Deputy United States Marshal Bert Franklin, and are two charming Christian girls. Hazel is a loyal Polytechnic High School girl and has brought the Poly basketball team to glory on many a well-fought field. She is known as one of the champion forwards on the Coast.

"Poly" boys and girls stand or fall together, and the students of that school are planning to stand by Hazel and to put her name again at the top of the list as it was at the beginning of the contest. Hazel is also a member of the Delta Chi class of the Magnolia-avenue Christian Church, and the churches are rallying to her support.

THE PRIZES.

Besides the valuable scholarships for which the young people are working, The Times offers fifteen cash prizes for those making the highest scores next to the top liner, who will receive the prize piano. The cash prizes, totaling $1200, are arranged as follows:

No. 1	$200
No. 2	140
No. 3	125
No. 4	110
No. 5	100
No. 6	90
No. 7	85
No. 8	75
No. 9	65
No. 10	55
No. 11	45
No. 12	35
No. 13	25
No. 14	25
No. 15	25

THE PIANO.

The first prize to be awarded to the winner of the contest in addition to a choice of scholarships is a splendid Fairbanks piano from the Southern California Music Company, valued at $400. It is a beautiful instrument of superior construction, handled by an old and reliable company as a special feature, and is doubly guaranteed. It is known among musicians for its exquisite tonal qualities and responsive action. The case may be of rich mahogany or dark oak.

THE SCHOLARSHIPS.

Below is a partial list of the scholarships offered to contestants. It will be increased from time to time, as a number of othe institutions will be included:

University of Southern California.
College of Oratory, Beulah Wright, Dean.
U.S.C. College of Liberal Arts.
U.S.C. College of Law.
L. A. School of Art and Design.

Regatta Declared Off.

SAN DIEGO Aug. 21.—Owing to lack of support, the San Diego Rowing Club's plans for a big regatta, to be held on the bay here Labor Day, have been declared off. Instead, a number of the local organization's best oarsmen and swimmers will go North to attend the Los Angeles Athletic Club's regatta at Playa del Rey.

Lame Shoulder.

Whether resulting from a sprain or from rheumatic pains, there is nothing so good for a lame shoulder as Chamberlain's Liniment. Apply it freely and rub the parts vigorously at each application, and a quick cure is certain. (Adv.

CRISIS IN CALIFORNIA.

Jack Atkin Believes Anti-Betting Law Will Be Passed on the Pacific Coast.

[BY DIRECT WIRE TO THE TIMES.]

NEW YORK, Aug. 21.—[Exclusive Dispatch.] J. P. Atkin, a partner of Barney Schreiber in the latter's California racing stable, returned from Europe today with the statement that he fears California may soon follow the example of this State in ousting race track gambling. The racing men of California, he said, will put up a big fight against the anti-betting measures, but that it is far from certain that they will be able to win.

"I have been making plans," he said, "to take up racing in France should anti-betting legislation be successful in California. The trouble is the bookmakers have tried to 'hog' everything and now all have to suffer. With the probable renomination of Hughes, it looks as though racing is done for in New York, as Hughes will probably be swept in with Taft."

AWFUL VENGEANCE ON FAMILY.

Revolutionists Massacre Six Members of Household Accused of Giving Information.

[ASSOCIATED PRESS DAY REPORT.]

ST. PETERSBURG, Aug. 21.—News has reached this city of a terrible vengeance taken by the revolutionists of Yurievaka, in Yekaterinoslav province, upon a Jewish family named Edelstein, who were accused of giving information to the authorities regarding the activities of the agitators. They went to the Edelstein house at night, threw two bombs through the windows, opened fire on members of the family with revolvers and shot to death the father, a daughter, a woman guest and her child. The mother, a son, a son-in-law and two grandsons were severely wounded.

After this murderous onslaught the revolutionists temporarily retired and help for the wounded was summoned. In the course of a couple of hours the victims who were still alive had been conveyed to a hospital. Not satisfied with their vengeance, the revolutionists, now a well-armed band of about forty or fifty men, marched upon the hospital, overpowered the nurses and guards and shot to death the mother and son, after which they made their escape.

Another dispatch from the provinces received here says that prisoners in the jail at Saratov, on discovering that two of their comrades were traitors, fell upon them and beat them to death.

CHARGED WITH SELLING OPIUM.

Ong Sam, who has a merchandise store at No. 515 North Main street, was arrested last night on a warrant charging him with selling opium, morphine and cocaine. He gave $100 bail and was released. The warrant was issued on the complaint of the State Board of Medical Examiners. It is alleged that Sam has been supplying the drugs to "fiends" and "hop heads."

Festival of the Sea, Long Beach.

PASADENA.

SHOWS BRICKS OF REAL GOLD.

FORMER RESTAURANT MAN WINS FORTUNE IN ARIZONA.

State Encampment of Spanish War Veterans Will Come to Crown City Next Year If Entertainment Fund Is Raised—Peabody Heirs Win Case and Cash.

Office of The Times, No. 26 S. Raymond Ave.

PASADENA, Aug. 22.—Chas. Grimes, who formerly owned a restaurant in this city, has just returned from the Tom Reed mine in Arizona, with four big gold bricks valued at $40,342, and weighing 2563 ounces. The ingots are on display at the Union National Bank and are attracting a great deal of attention. The gold was taken from the mine after a thirty days' run. For many years the mine was considered worthless, and the shareholders gave up their stock. A new company was organized and now no stock is for sale.

MAY GET ENCAMPMENT.

Detective Wallace Copping has just returned from the State encampment of the Spanish War Veterans, at which he was elected department junior vice-commander. Just before leaving San Francisco he was assured that this city would secure the encampment next August, providing suitable support is given by the local merchants and Board of Trade. Mr. Copping wishes a guarantee of at least $1000 to aid in entertaining the visitors here.

In speaking of the prospects for the encampment yesterday, he said: "Pasadena should welcome this convention, for nearly 1000 delegates would attend and at least $10,000 would be spent in this city. I am assured it will come here if we want it, but we do not want it unless the people will stand behind us in the matter of expense."

FINDS MIDDLE COURSE.

A handsome $3000 home on South Euclid avenue, which was the property of the late Helen Peabody and by her will was set aside for a home for tired Christian workers in the foreign field, will not be used entirely for that purpose, according to a decision of Justice Shaw of the Supreme Court yesterday. In reversing Judge James C. Reeve's decision, he says the will showed an intent to deed all property to charity, but the State law forbids the transfer of more than one-third of an estate to this source. He finds, therefore, that that amount may be given. As the funds left are not enough to support the house on South Euclid avenue, he advocates the sale of the property and the purchase of a small cottage which will, in a way, answer the intent of Miss Peabody.

Miss Peabody was an invalid for years and took a great interest in missions. After her death it was found that she had cut off her heirs without a cent, and had left her property to aid missions.

MIGHT HAVE BEEN WORSE.

A little difficulty over 20 cents led to a stabbing affray in which H. B. Miller severely knifed William Miller back of a restaurant on North Fair Oaks avenue, near the Pacific Electric car barns at 4:30 o'clock yesterday morning. A trade of some beer bottles which netted the two men 40 cents was the origin of the affair, and the division of the money caused the rumpus. Blows were followed by the use of the knife, and William Miller received seven cuts. An officer coming on the scene frightened H. Miller away, but he was captured in an adjoining building. William Miller was taken to his home at No. 41 West Walnut street, where he was resting easily last night. E. H. Miller is in the County Jail and will have his preliminary hearing Monday morning.

CAUGHT WITH THE GOODS.

"Want to buy a bike, Johnnie? No, I never stole it nor sell it to you for four bits." The deal was made. Not only once, but many times, the police aver, three North Pasadena boys have carried on transactions like this and they thus explain the disappearance of many bicycles.

The trio was caught with the goods yesterday and confessed. The three are well known to the police and all are out on probation. Gus Haney, Willie Gibson and Karl Froelich are their names.

This morning the trio will be arraigned in Justice Robert McDonald's court.

EXCITING RUNAWAY.

Between three and four miles were covered by a terrified team of horses yesterday afternoon, hotly pursued by Jack Peters, coachman for John S. Cravens, who finally caught the team by strategy. The horses belong to H. D. Wood, who occupies the Gail Borden place at Alhambra.

Peters was riding his famous hunter "Old Sport" up Madison avenue when he observed the team coming down Californit street. He immediately wheeled his horse out to meet the team but too late saw that the horse he wished to grab had its bridle off. The runaway team was in full flight and he spurred his animal in an effort to overtake it. This he did and tried to catch one horse by grabbing it by the ear. Several times teams approached but on each occasion Peters managed to force the runaway team to the side of the road. The frightened animals dashed from California street onto Huntington Drive and then wound around through the comparatively untraveled streets of Oak Knoll. Finally Peters saw a tree ahead and, through careful horsemanship, guided the runaway into the oak. The horses were nearly exhausted and gave up easily. They had not received a scratch.

LORDSBURG LIBRARY REOPENS.

LORDSBURG, Aug. 21.—The public library, which has been closed for several years, will be opened in the City Hall each Saturday afternoon and evening. The latest magazines and papers will be kept on file. Mrs. S. Ratakin is librarian.

Prof. J. R. Miller, conductor of the Seventh Regiment Band of Pomona, has organized an orchestra here, composed of local talent.

Sydney Smith of Pasadena has sold his house and two lots here to J. C. Sealer of Rialto.

The Bonita Union High School will open September 8, with the following teachers: Prof. A. Durward, principal; Miss Mary Barron, Miss Mary Miller, Miss E. A. Wood and Miss A. Phillips.

Rev. A. V. Kimmel left today for Ripon to attend the camp meeting of the Brethren Church.

"Hotel del Coronado" always pleases.

WEIRD FORM FRIGHTENS.

Singing and Dancing Apparition Alarms Belated Sierra Madre Folk.

SIERRA MADRE, Aug. 21.—Is the spirit of some departed being playing pranks with residents of this section, or is the disturber one of those unfortunates from the sanatorium on the border of the town?

Thrice within the past month has a strange form glided swiftly past belated travelers. Then this lanky, cadaverous being or vision has danced from one side of the road to the other, singing a "tra-la-la," and holding an umbrella over his head. The apparition was so weird and flitted by so rapidly when first seen that the man who met him pulled himself together after he got through shivering, and determined to sign the pledge or change his brand.

The second time he got a close view. There in the moonlight, outlined against the landscape, on an embankment, and approaching him, was this specter skipping from one side of the road to the other and humming an operatic air.

The time was just after the witching hour of midnight. When called to, the apparition sidestepped down a lonely lane.

Some claim he is "Tom, the Peeper," who has troubled this neighborhood of late, and who uses an umbrella as a shield and mask. Others think it is an invalid with a peculiar method of taking tight calisthenics while others are sleeping.

A midnight exploring party is being talked of.

QUEST.

TO SEEK GRAVE OF CABRILLO.

SPANISH SCIENTISTS COMING FROM MADRID.

Have Unearthed Manuscript Which, They Say, Proves That Great Explorer Was Buried in Grand Canyon, Above Avalon—Insurance Men Capture Catalina.

AVALON, Aug. 21.—A party of scientists, among them Prof. Arnteni, the well-known Spanish ethnologist, is coming to Avalon about September 1 to locate the grave of Cabrillo, the great explorer who discovered Santa Catalina Island in 1545. A manuscript—the log of Cabrillo's ship—has just been discovered in the Madrid Museum, which proves by the description and map accompanying it, that the great captain was buried in Grand Cañon, above Avalon. This discovery means much to Catalina, and the grave, if found, will be marked by a splendid monument, donated by the people of California. There has always been more or less discussion about the exact location of Cabrillo's grave, many historians claiming that he was buried at San Miguel Island, off Santa Barbara, where he was said to be wintering, but others think it inconceivable that the great explorer should have wintered at a wind-swept sand dune, instead of in snug Catalina harbor, which is land-locked, or in Avalon Bay.

INSURANCE MEN.

Members of the National Association of Life Underwriters took Avalon by storm today, 250 coming over on the Cabrillo at noon, and returning by special steamer at 7:30 this evening. They swarmed into the Metropole, and filled the dining-room at the first call. At the conclusion of dinner W. Walter Sammis, manager of the Washington Life of Chicago, made a thrilling speech, and Mr. Myers of Minneapolis proposed three cheers and a tiger for Messrs. Montgomery, Numa and Whittington, which were given with a will.

John Murset of Los Angeles, the "Sanddab King," is making his annual pilgrimage to Catalina, and is camping in Canvas City with his family. On the day after his arrival he caught six dozen of these toothsome but elusive little fish, besides two soles.

Rev. Father Palmer, rector of Our Lady of Mercy, on Washington street, accompanied by Rev. Father Cunningham of San José, paid a visit to the island yesterday. Father Palmer remains for several days, but Father Cunningham, who was connected with Santa Clara College for twenty-three years, and has many former students in Los Angeles, returned north today.

BOATS LOOTED.

A series of robberies is reported. Last night Capt. Harry Doss, Capt. Mathews and Capt. Percy Neale were the victims, their boats being looted. Neale lost a valuable reel, cut from a rod; Doss lost rods, reels, lines and hooks—in fact, the complete outfit, and Mathews was also a heavy loser. It is reported that one boatman has been compelled to mortgage his boat in order to provide fishing tackle for his patrons to take the place of that stolen.

"East or West, Coronado is best."

OCEAN PARK.

OCEAN PARK, Aug. 21.—W. T. Simpson, pound-keeper of Santa Monica, was arrested tonight by the police here on a charge of grand larceny. George Evans accuses him of having stolen a stove. Simpson says it was given to him.

J. D. Corow was sent to the County Jail today, having been convicted of cruelty to animals.

New Los Angeles-P. E. Service.

For the convenience of patrons desiring to reach Los Angeles early in the morning, the Pacific Electric Railway has put on an early car, leaving Glendora at 6 a.m., Azusa at 6:10 and Monrovia at 6:20, and arriving in Los Angeles at 7:10 a.m.

Festival of the Sea, Long Beach.

September 1 to 5. Unique, attractive.

BIG ONE.

HASSAYAMPA'S STORY IS TALL.

INDULGES IN BIG FISH YARN AT REDONDO.

Catches Fifty-Pound Sunfish and Labels It Trout Caught in the Gila River—Bronco Busters Try New Kind of Roulette Wheel—Twenty Thousand Picnickers Expected.

REDONDO, Aug. 21.—This beach was the Mecca today of both Arizonans and members of the Chamber of Mines. The railroad and trolley companies report that they brought between 1500 and 2000 wearers of the Hassayampa white button and the yellow badge of the miners from Los Angeles. No set programme for the entertainment of the visitors was provided. The plan adopted was to throw everything open and invite the guests to make themselves at home. Needless to say, the invitation was accepted. The Spanish Gardens were the scene of the Hassayampa Club luncheon, a thoroughly informal and enjoyable event. After luncheon the young people assembled at the pavilion, and spent the afternoon dancing to music by the Schoneman-Blanchard orchestra. Aside from this there was boat riding, bathing and fishing. One prominent Arizonan caught a fifty-pound sunfish off pier No. 1. In obedience to the native instinct of the man who has drunk from the Hassayampa, he proceeded to hang his catch up for public display with the following explanatory legend:

"Hassayampa trout, caught in Gila River."

Most of the old-time broncho busters were attracted to the human roulette wheel. This ingenious attraction proved the same mirth-provoking arrangement to them that it is to every one else.

Here are a few well-known Arizonans and miners who were here today: C. D. Rippey, Florence; Frank Kerr, Prescott; H. N. Wells, Phoenix; A. H. Emanuel, Tombstone; William Kuehn and Fred Kuehn, Quartzite; J. W. Dorris, Phoenix; Thomas H. Running, Yuma; Alonzo Bailey, Globe; M. D. C. Putnam, Prescott; H. M. Hall, Phoenix; R. G. Spray, Yuma; A. R. Young, Globe; George W. Norton, Florence; W. F. McNeil, Globe; F. J. McCuen, Globe; E. T. Brown, Aspen, Colo.; J. W. Wass, Mineral Park; R. Gael, Yuma; Oscar Roberts, Cochise; J. B. Shaefer, Dos Cabezos; J. F. White, Prescott; G. B. Rumpf, Prescott, and Carl Anderson, Tucson.

CATHOLIC PICNIC.

Tomorrow is the date fixed for the Catholic picnic. The trolley companies, particularly the Los Angeles & Redondo Railway, are making ready for the rush, which it is thought will tax their resources, as 20,000 people are expected. Cars will be run from Second and Spring streets at five-minute intervals, except during the middle of the day for a short time. Trains of two and three cars will be operated frequently.

NOT RESPONSIBLE.

Ex-President L. J. Quint of the Board of Trustees stated today in regard to the published report that Trustees Cleveland and Graham had resigned on account of a threatened lawsuit growing out of the use of a septic tank in connection with the city's sewer system, that the Trustees could not be held responsible because the tank was provided for originally when the people voted the bonds. If the board had not used the tank the bonds would have been invalidated.

Attention was also called today to the fact that Messrs. Graham and Cleveland were not members of the board when the sewer system was authorized and provided for.

Visit Coronado Tent City now.

OFF WITH OLD, ON WITH NEW.

El Monte Walnut Growers Decide to Use Harmless Salt Solution Instead of Chlorine.

EL MONTE, Aug. 21.—Walnut growers yesterday decided to use a salt solution process for bleaching nuts instead of chlorine. The sum of $1500 was voted to defray the expenses of installing the necessary machinery in time for this season's crop. Prof. Stabler of the University of Southern California, explained the new process, which is very simple, consisting essentially of a salt solution through which a current of electricity is passed. He advised the orchardists that it is not patented. It is now commonly employed in bleaching paper and textile goods, and has the pronounced advantage of being absolutely harmless. Should it penetrate the shell it would cause no injury. Whenever the chlorine bleach finds entrance the kernel is rendered worthless. The estimated cost of the new bleaching is only about one-third of the old process.

EXPECT BIG CROP.

The season's crop in this district is expected to be the largest ever harvested and is conservatively estimated at seventy-five carloads of ten tons each. Last year but thirty-five carloads were shipped. Both young and old orchards are in heavy bearing and the crop will grade high. Blight is much less in evidence than in the past three years, and spring climatic conditions were favorable for pollination.

VENICE.

VENICE, Aug. 21.—The city is ready for the coming to the beach tomorrow of the automobilists. Automobile day is a new venture. The parade in the afternoon along the broad promenade of the ocean front and over the boulevards will be one of the features. There will be motorcycle and bicycle races, and the festivities will close with fireworks and a celebration of an aquatic nature in the great plunge.

GLAD HAND.

ALL READY FOR CLERKS' PICNIC.

LONG BEACH HAS PREPARED AN ATTRACTIVE PROGRAMME.

Mayors and Councils of Number of Neighboring Towns Will Be Guests of City at Banquet — Poolroom Raided by Police and Proprietors Arrested.

LONG BEACH, Aug. 21.—The city has been busy today preparing for the big picnic of the Los Angeles Retail Clerks' Association tomorrow. Free use of both decks of the Auditorium has been granted, and the services of the municipal band tendered the visitors. The City Council has installed an asbestos-lined kitchen on the picnic deck of the Auditorium, and equipped it with three gas plates for the making of coffee in large quantity.

The programme will start at 10:30 a. m., when W. W. Lewis will make a short speech, and Mayor Windham will deliver the address of welcome. An address by Rev. Baker P. Lee will be followed by a band concert and dancing at Majestic pavilion. At noon there will be a concert by Willey's band at Hotel Virginia. The sports will start at 2 p.m. on the beach front. There will be dancing from 10 a.m. until midnight at Majestic pavilion, while at the Auditorium there will be dancing from 8:30 p.m. to 10:30. Willey's band will give a concert at Hotel Virginia at 8 p.m.

MAYORAL BANQUET.

Mayor Windham and the City Council will be hosts at a banquet at Hotel Virginia tomorrow evening to the Mayors and Councils of a number of neighboring cities. Acceptances have been received from Mayor Harper and Councilmen Clampitt, Dromgold, Wallace, Lyons and Yonkers of Los Angeles; Mayor Earley and five Councilmen of Pasadena, and Mayor Evans and Council of Riverside.

RAFT BREAKS LOOSE.

A raft of 200 piling, for use on the pier, broke loose from a city mooring this afternoon and was carried swiftly by the current toward the outer wharf. Capt. Billy Graves, with the launch Flyer, succeeded in reaching the raft in time to prevent it from crashing into the wharf.

RAID POOLROOM.

Officers Gallemore and Williams went over to West Long Beach last night, and after watching three games of pea-pool, played for table stakes, placed E. E. Howard, Joe Smith, Joe Morgan and the two Murphy brothers, owners of the poolroom, under arrest for gambling. The men were subsequently released on cash bail of $20 each.

ANOTHER RESCUE.

Life Guards Daniels and Falla added another rescue to their record this morning. Benjamin Slade ventured out beyond his depth and was taken with a sharp cramp. He was barely able to keep his head above water until the guards reached him.

Petitions are being circulated asking the Council to call another anexation election for the territory north of Carroll Park, which voted to come in this week. The lines are not definitely drawn, but it is understood they run east from Obispo to Redondo avenue and then north, squaring up what is now a jog in the eastern city limits.

LOSES TWO FINGERS.

Alfred Schwank, a grocery delivery clerk, carried some vegetables into Hotel Virginia today and stood watching a bread-grinding machine. In turning to go, his hand came in contact with the revolving cog wheels and two fingers were so badly crushed that amputation will be necessary. Only the prompt stoppage of the machine saved the entire hand.

QUEEN OF FESTIVAL.

The vote for Queen of the Sea Festival is arousing interest. At 6 o'clock this evening it stood as follows: Mrs. H. S. Callahan, 580; Mrs. W. A. King, 420; Mrs. Dr. F. L. Wood, 409.

Harry Stewart of No. 241 Golden avenue, who went East several months ago, became stranded and resolved to walk back home. Copies of the Times-Star received here today show that he has reached Cincinnati and is confident of success. He is 57 years of age and has always been an athlete.

Notice was issued today to all Mexican citizens in Long Beach and vicinity for a celebration of the ninety-eighth anniversary of Mexican Independence on September 14.

The West Beach Improvement Association has decided to adopt the concrete bulkhead for the proposed improvement of Seaside boulevard from Magnolia to the San Gabriel jetties. The work will be done under the Vrooman law.

Every amusement at Coronado.

POMONA ASSESSMENTS.

Real Estate Valued at More Than Four Millions—Merchants' Day Celebration Plans.

POMONA, Aug. 21.—The total assessed valuation on real estate, as fixed by City Clerk Trotter, amounts to $4,311,481. Personal property assessments total $139,208. This does not include the assessments of the Southern Pacific, Santa Fé and Salt Lake railroads, which are fixed by the State Board of Equalization and last year amounted to $239,503.

The Trustees, who have been sitting as a Board of Equalization, will meet Monday to fix the tax rate for the ensuing year. On account of the low rates at which realty is assessed here, the tax will probably be $2 per $100. Next year it is the intention of the Trustees to have the city assessment roll revised by an expert.

GOING TO ENCAMPMENT.

The Seventh Regiment Band will attend the State encampment at Atascadero in October. Drum Major Carl J. Clogston, newly appointed, will accompany the organization.

A daughter has been born to Mrs. C. E. Bowler of No. 1032 East Third street.

A. E. Tates of the Transportation Committee of the "Merchants' Day" celebration has secured a special excursion rate from the railroads from all points on September 10. The merchants have subscribed about $800 as a visitors' entertainment fund.

New Los Angeles-P. E. Service.

For the convenience of patrons desiring to reach Los Angeles early in the morning, the Pacific Electric Railway has put on an early car, leaving Glendora at 6 a.m., Azusa at 6:10 and Monrovia at 6:20, and arriving in Los Angeles at 7:10 a.m.

ONE of the great astronomical events of the not distant future will be the return of Halley's comet. Read about it in the Times Magazine the coming Sunday.

Festival of the Sea, Long Beach.

September 1 to 5. Unique, attractive.

AN interesting and timely article in The Times Magazine the coming Sunday will be that entitled "Abdul Hamid, the Sick Man of Europe, and His Tottering Throne."

YOUNG TREES STOLEN.

Thieves Robbing Orchards at East Whittier—Reward Offered—Boy Falls from Tree.

EAST WHITTIER, Aug. 21.—Thieves, who dig up for replanting the finest trees in newly set out orchards, are at work in this vicinity. J. B. Chaffey, secretary of the La Habra Water Company, who has just planted a ten-acre tract to Valencia oranges, is the latest sufferer. Half a dozen of his finest trees were stolen. He offers a reward of $25 for the apprehension of the guilty parties. William C. Learmont, secretary of the East Whittier Water Company, has also been robbed of trees.

Russell Cauldwell, son of Mr. and Mrs. C. J. Cauldwell, this morning fell from a tree. One arm was broken.

SCHOOL DISTRICT PETITION.

The Lowell school district, made up of a portion of this and of La Habra school districts, has filed a petition to be included in the Whittier Union High School district. It is said that this action is partly due to the building of the new La Habra trolley line. If admitted it will be the eighth district to be included within this high school district.

Mrs. Mary S. Sanborn of Alta Vista, who has been traveling in Europe during the past three months, will return in October.

PIONEER'S FUNERAL.

Hundreds of Whittier Citizens and Many Others Attend—Methodist Sunday-school Picnic.

WHITTIER, Aug. 21.—The funeral of Nele Davis, a pioneer, was held today. It was attended by hundreds of Whittier citizens, as well as by many out-of-town people. Mr. Davis, who leaves a widow and two grown children, was 81 years old, and had been a resident of this city for twenty-one years.

Three hayracks and half a score of carriages took the members of the Methodist Sunday-school to the San Gabriel River today for their annual picnic.

NEW SANATORIUM.

For many years there has been a flowing well of sulphur water a few miles southwest of this city. Believing that the water had great curative powers, former Mayor Trueblood obtained a lease and opened a sanatorium.

ONE SMALL REDUCTION.

South Pasadena Board of Equalization Upholds Most Figures of Its Assessor.

SOUTH PASADENA, Aug. 21.—The Board of Equalization of the members of the Board of Trustees, last evening took up the protests filed by several corporations.

The first was that of the Los Angeles Gas and Electric Company. Assessor W. L. Cox had placed the valuation of the personal property at $30,000, and the franchise at $20,500. The assessment last year was $14,175 on personal property and nothing on the franchise. The board denied the petition for a reduction of the personal property and assessed the franchise at $15,000. This reduction of $5500 was the only one made.

The Pacific Telegraph and Telephone Company (Sunset,) asked to have the franchise valued at $4000, reduced to the figure it was assessed at last year, namely $900. This was denied. The Pacific Light and Power Company, whose petition asked to have the franchise assessment of $29,000 reduced to $1000, was also denied.

Fine café at Coronado Tent City.

SANTA MONICA.

SANTA MONICA, Aug. 21."Uncle" Dan Turner, the quarter-cast Cherokee Indian, who believes himself to be at least 103 years young, has enrolled as a member of Capt. Abe Reel's artillery company. This organization is being formed by Councilman Reel for the purpose of manning the two immense obsolete cannon that have been loaned by the government to the city for use on the palisades. Five veterans have consented to stand behind the guns with Capt. Reel.

The City Council is still making estimates upon which to base the tax levy for the current year. The levy last year on an assessed valuation of $7,600,000 was $1.70 on each $100. Everybody complained that was too high. But where shall the ax be applied? That is the question that is worrying the Council.

CHANGE.

JESUITS TAKE OVER CONTROL.

SANTA BARBARA PARISH HAS NEW HEADS.

Father Stockman, Now Superseded, Was Greatly Beloved—His Administration Resulted in Vast Benefit to the Church—Democratic Convention Convenes Today.

[BY DIRECT WIRE TO THE TIMES.]

SANTA BARBARA, Aug. 21.—[Exclusive Dispatch.] Tonight saw a change in the history of the Roman Catholic parish here, Rev. Father J. P. Stockman, pastor for many years, and his assistants stepping out of control, which goes over to the Jesuits, represented by Rev. Robert Kenna, F.J., formerly president of Santa Clara College, who arrived this evening. Tomorrow evening two more Jesuit priests will come to assist Father Kenna, namely, Rev. Henry A. Welsh, F.J., and Rev. Juan Vollo, F.J. Rev. Mr. Stockman will remain until the new pastor gets acquainted.

Extensive changes are contemplated here, including the building of a new church. Father Stockman was greatly beloved here and his administration, aside from his ecclesiastical duties, has been of great benefit to the church in the acquirement of property and wealth.

DEMOCRATIC CONVENTION.

The Democratic County Convention will convene here tomorrow at 10 a.m. at Channel City Hall. Nomination for Superior Judge lies between C. A. Storke and Judge Robert B. Canfield. The latter said tonight that he did not know whether he could accept if offered the candidacy. Three Supervisors are to be named, probably Howe Dederick of Carpinteria, in the First District; Edward De La Cuesta, in the Third, and George Rucker, Fourth. There will be a contest between De La Cuesta and John Parker in the Third. A. Noble of this city will probably be named Assemblyman.

ELKS' INVITATION.

The local lodge of Elks has sent an invitation to every lodge in the United States to visit Santa Barbara at the time of the Grand Lodge which meets in Los Angeles next July.

COUNTY DIVISION SOUGHT.

County division was favored at a meeting of the Chamber of Commerce here tonight. Dist.-Atty. Day, president of the chamber, voiced this sentiment declaring the road-making problem demanded it. The expense in jury trials, of bringing down prisoners and other expenses which the broad expanse of territory entail, Day said, militate in favor of splitting the county.

While the chamber was discussing it, the Civic League also considered the matter, but took no action.

Santa Barbara has always opposed any division of the county and the sudden change of base on the part of men prominent in local affairs comes in the nature of a great surprise.

The chamber also favored bringing the Union Oil Company's pipe line to the commercial wharf, which practically settles a much mooted question.

Free ice water at Coronado.

INSPIRING SPECTACLE.

Veterans Hold Dress Parade at Huntington Beach—Work Starts on New Bath-house.

HUNTINGTON BEACH, Aug. 21.—The veterans in convention here held a reunion by States this afternoon and later a dress parade. It was inspiring to see the gray-haired old men marching steadily to the strains of martial music. Many had empty sleeves, others were on crutches, yet all were full of enthusiasm for the flag.

Bartlett-Logan Post of Los Angeles tonight gave a fine entertainment in the Auditorium, which was filled, although it seats 2500.

During the day a telegram was received from the United Spanish War Veterans, in camp at Vallejo, sending greetings.

Among the visitors today were ex-Commanders Merrell and Knauss.

NEW BATH-HOUSE.

Work has been commenced on a new plunge and bath-house. The latter is to contain fifty rooms. The plunge will be of cement, 40x110 feet.

DISAGREE OVER FISH.

Longshoremen Set up Opinion in Defiance of Experts at La Jolla Biological Station.

SAN DIEGO, Aug. 21.—Fishermen and experts of the La Jolla Biological Station disagree over the identification of a rare fish, captured just outside the bay by Julius Zolezzi, a Portuguese.

Attachés of the biological station declare it to be a species of deep-sea dolphin, a sea denizen rarely caught in these waters, and never, in the history of local fishermen, at such a shallow depth.

On the other hand, Jesus Romero, one of the oldest fishermen here, asserts it is not of the dolphin tribe, but is a durados, a species even rarer than the dolphin. Romero says the durados is the fastest swimmer known, and that even the flying fish cannot evade it. This theory would seem to be borne out by the fish's appearance, as it is forty inches long and yet only weighs three pounds.

Whichever theory is correct, the strange specimen has attracted more attention than any marine curiosity captured on the south coast in years.

DANCE-HALL BRAWL.

Ethel St. Clair, an inmate of the Dewey saloon in the lower end of town, was shot in the forehead at 12:30 o'clock this morning, when a revolver was accidentally discharged by W. A. Powers, the bartender. The accident was the result of an altercation between Powers and Antonio Gonzales, a Mexican frequenter of the place, who, according to Powers, spit in the woman's face and otherwise insulted her. Powers, rushing to the girl's assistance, drew his revolver, intending to strike the offender over the head. The Mexican put up his arm to ward off the blow and in so doing the weapon was discharged. The bullet fractured the front portion of the skull, but at the Hearne Hospital, where the victim was taken, it was stated that there is a chance for her recovery.

REHEARSING MINSTRELS.

Members of San Diego Lodge, No. 168, B.P.O. Elks, are holding rehearsals in preparation for the annual minstrel show, which is to be given at the Garrick Theater Friday and Saturday of next week.

BURLEIGH INQUEST.

At the Coroner's inquest yesterday afternoon over the body of Horton Burleigh the jury returned a verdict that the young library employé came to his death by a gunshot wound self-inflicted. In addition to the note telling of his deed, another one was found on Burleigh's person, giving the location of a box of cartridges in the room in the public library building, where he shot himself, thus indicating that he had been meditating the deed for some time.

COALING STATION WORK.

Practically all the approach work to the naval coaling station at Point Loma has been completed and operations on the superstructure will be commenced next month. A test of the concrete to be used is now being made by government experts at San Francisco and a report on the result is expected here before the middle of September. Pending the arrival of the concrete the force of workmen has been slightly decreased, but will be considerably augmented when the cement work begins next month.

REDLANDS.

REDLANDS, Aug. 21.—A determined effort is being made to find out to what extent milk infected with tubercular germs is being distributed for consumption in Redlands and vicinity. The Board of Health has taken hold of the matter, and all dairymen and others selling lacteal fluid have been notified by Marshal Wallace that if they do not promptly secure the required certificate indicating a clean bill of health of the cows, they will be liable to arrest.

H. H. Lieneau has begun the erection of a large blacksmith shop on Sixth street, between Citrus avenue and Vine street.

The fire department was called this morning to put out a grass fire on a vacant lot at the corner of West Olive avenue and Center street.

The Virginia, Long Beach, equaled by none. Moderate rates for the summer.

IMPERIAL.

IMPERIAL, Aug. 21.—It is estimated that fully 10,00 people have gone out of Imperial Valley this season for summer vacations at coast and mountain resorts. During the past week the tide of travel has started valleyward again, and each day's trains carry more passengers to the valley towns than are going out. Business men here are anticipating an early arrival of the rush of land seekers, and a volume of travel which will exceed that of last fall and winter, when all of the hotels of the valley were filled to overflowing.

Most for the money at Coronado.

PERRIS.

PERRIS, Aug. 21.—The marriage was solemnized in the Congregational Church last evening of David Leroy and Alice Ruby Reynolds, Rev. J. B. Long, pastor of the church, officiating. The Standard Oil Company has purchased an acre near the railroad tracks just south of town, and will erect a warehouse and oil tanks at once. This place is to be made a distributing point for a large section.

T. H. Albrecht, Santa Fé agent here, returned yesterday from a two months' trip to the East.

Clerks' night, Long Beach Rink, masquerade.

Safest bathing at Coronado.

ASSESSMENT DOUBLES.

Figures for Imperial County Show Increase of One Hundred Per Cent. in Year.

EL CENTRO, Aug. 21.—Imperial county leads all of the counties of California in the increase in assessed valuation of property this year. The reports of County Auditor McClelland, made today, show that after the County Board of Equalization has completed its work and the State Board of Equalization has made its assessment of the Southern Pacific main line and the franchise and rolling stock of the Pullman Car Company, Imperial county's assessed valuation reaches the amount of $7,409,539.

This is an increase in valuation of over 100 per cent. in one year. Last year's assessed valuation was $3,584,110, thus showing a gain of $3,825,429.

Festival of the Sea, Long Beach, September 1 to 5. Unique, attractive.

Clerks on a skate, Long Beach Rink.

Coronado is the place for you.

ONTARIO.

ONTARIO, Aug. 21.—According to an official communication from Washington, received by Postmaster Berger, an inspector is to arrive shortly, to ascertain whether the requirements as to sidewalks, lights, street signs and house numbers have been met, previous to installing a city delivery service. The revenues of the local postoffice for the last fiscal year exceeded the $10,000 necessary before this improvement can be made.

The contract for building the new cement sidewalk on the east side of

of Long Beach. His bid of 9 11-16 cents per square foot was the lowest ever received by the city.

Mr. and Mrs. N. R. Richardson have left on an extended trip through the East.

Rev. R. H. Gushee and family returned today from Redondo, where Father Gushee delivered the annual address before the Catholic Club, of which he is president.

I. S. Miller, secretary of the Pacific Mutual Building Loan Association, left yesterday for a two months' pleasure trip through the Eastern States.

Clerks' masquerade, Long Beach Rink, tonight.

CONVENES AT VENTURA.

Y.M.C.A. Association of Southern California Plans to Establish Branch There.

VENTURA, Aug. 21.—The Y.M.C.A. of Southern California met in this city today to begin a convention to last three days, having for its object the establishment of a branch institution in this city. Ever since the closing of the saloons six weeks ago, prominent church workers have been busy with a movement to establish a Y.M.C.A. To that end something like $2500 has already been raised in the county, and it is confidently expected the proposed association will become a fact. Among the prominent workers who will address the convention are W. H. Wallace of Long Beach, D. E. Luther of Los Angeles, F. H. Thatcher of Oxnard, C. C. Chapman of Fullerton, E. J. Ruenits of Orange, W. Leon Tucker of Los Angeles, E. E. Wilson of Tustin, S. W. Douglas of Garden Grove, H. A. Johnson of Anaheim, R. L. Churchill of Santa Paula, G. W. Barden of Pasadena, A. L. Shively of Santa Paula, B. B. Wilcox of Los Angeles, T. J. Wilkie of San Pedro, and a number of local speakers.

MARRIED IN LOS ANGELES.

Nick Hearne, Jr., of this city, left this morning for Los Angeles, where at 3 o'clock this afternoon, he was married to Miss Lydia Sexton, also of this city. Mr. Hearne is a well-known merchant, while the bride moves in the best social circles. She is the daughter of the late William Sexton, who left a large estate.

The Oxnard Tennis Club will be here Sunday to meet in tournament the players of the Seaside Club of this city.

LOSS IS LARGE.

The loss to John Lagomarsino of this city in the burning of the Roseville winery is much greater than at first reported. The plant represented $100,000, on which was $60,000 insurance. The winery has a contract with the grape growers to buy their grapes for fifteen years at $15 per ton, and unless it can be rebuilt quickly so as to handle this season's crop, the losses will be very heavy.

A memorial service for the late Charles Richardson, who was drowned at Hueneme, will be held in Santa Paula Sunday. Rev. Bovard of the U. S.C. will speak.

THE CIGARETTE AGAIN.

Causes Explosion at Santa Ana in Which Boy's Face Is Severely Burned by Powder.

SANTA ANA, Aug. 21.—Bits of burning tobacco from the end of a cigarette in the mouth of Sydney Coleman, a colored boy, were responsible for an explosion yesterday evening that caused the lad's face to be severely powder burned. Coleman bought a small sack of powder, expecting to make a preparation with which to kill the fleas on a little white dog. By way of "killing time" until the dog should return home the boy poured the powder into a piece of gas pipe to see how near it would come to filling it. Ashes and bits of tobacco dropped from a cigarette he had in his mouth, the powder was ignited and the explosion followed. Constable C. E. Jackson, while making an investigation into the cause of the explosion, discovered the boy hidden in a closet, bathing his injured face.

CAMPERS BEWARE.

Edwin Rodgers took oath as a State fire warden yesterday. He will make it a point to see that all campers in the Trabuco Cañon, in which there was a disastrous fire a month ago, strictly obey the laws regulating campfires.

Word has been received here of the death of Miss Eva Garnett, daughter of Rev. J. Herndon Garnett, pastor of the First Baptist Church. Death occurred at Turney, Mo. Miss Garnett went East with her parents on a visit.

SELLS WALNUT GROVE.

Anaheim Man Disposes of Mariflores Place to Ocean Park Resident. Other Transactions.

ANAHEIM, Aug. 21.—William Green today sold his thirty-five-acre ranch, known as the Mariflores place, to John Osborn of Ocean Park for $25,000. Nearly all the tract is set to 2 and 12-year-old walnut trees. The new owner will take charge Tuesday.

N. E. Murphy has sold his ten-acre place on West Broadway to a newcomer for $4500. The tract will be set to Valencia late oranges.

M. A. Cook has sold his five-acre tract at West Anaheim to Alfred Branson of Montana for $3500.

The Harding twenty-acre place, two miles west of town, has been sold to an outside party for $6000. It is set to young walnut trees.

H. Krueger has sold his forty-acre partly improved place near town to W. Grant of Pasadena for $10,000. The new owner will raise alfalfa.

NEW ENTERPRISE.

George Rose, manager of the Anaheim Gas Company, operating in Anaheim and Fullerton, will resign October 1, and will probably accept a position as general manager of the Folding Crate Company, which is establishing a large business enterprise in this city.

Capt. and Mrs. Herman Stern have gone to San Juan Capistrano hot springs for a two weeks' stay.

During the past week eight carloads of potatoes were shipped from this point over the Santa Fé. Some of the growers are receiving $1.20 per 100 pounds.

Miss Louise Paschall will leave in a few days for New York, to take up studies to perfect herself for the operatic stage.

L. J. Whinney brought to town today four potatoes weighing eleven and one-half pounds.

KOREAN EDITOR SURRENDERED.

SEOUL, Aug. 21.—The British Consul-General today unconditionally surrendered to the Korean authorities the editor of the vernacular edition of the Daily News, who escaped from the police on August 13, and sought refuge in the home of E. T. Bethel, the English proprietor of the paper. Bethel at that time raised the English ensign above his gate and positively refused to surrender the editor to the police on their demand, claiming for him extraterritorial protection from the British Consul. The trial of the editor will shortly commence on the charge that he was connected with the misapplication of a part of the Korean National Loan Redemption Fund.

IN SIGHT OF HOME.

HARDEST TRIP OF WHOLE RUN.

TOURISTS FIND ROADS WORSE IN THE SOUTH.

Holders of Perfect Scores Are Growing Fewer in Number, and It Is Doubtful If There Will Be a Dozen at the Finish — Tourists Will Arrive This Afternoon.

[BY DIRECT WIRE TO THE TIMES.]

SANTA BARBARA, Aug. 21.—[Exclusive Dispatch.] Bright skies cheered the tourists as they entered Southern California territory this morning on the run from Paso Robles to Santa Barbara. This proved to be the hardest trip of the Tourist Tour. Some are tired, others have worked hard to keep their cars tuned up to concert pitch and still others have had their work cut out to make controls on time. Though fifteen cars reached the Potter by 8 o'clock tonight the perfect score list will probably not reach that number. Two more arrived by 8:30 o'clock and the remaining four are reported to be ten miles out and running well. There are twenty-one cars still in the tour, and Manager Conwel hopes to bring that number into Los Angeles tomorrow morning.

At dawn this morning the motorists were astir preparing for the start which came after an early breakfast. The pilot car shot away from the Paso Robles Hotel at 6:00 o'clock and fifteen minutes later the contestants were off for the run over the Cuesta Grade to San Luis Obispo, forty miles away. The first stage of the run was over good roads, but the Cuesta was a trial to some. Dropping down this picturesque grade the cars swung into the little city in the valley and chugged on through to Pismo Beach. The roads between San Luis and the ocean are wretched.

From Pismo on the machines made good time to the noon control at Santa Maria. After a rest, the severe grind of the afternoon was begun. Over some of the worst roads encountered on the tour, the score of cars made their way. Had the tourists not known it was Southern California they could have quickly guessed by the condition of the thoroughfares. After leaving the Middle State counties where fine roads encouraged them the test of today proved particularly severe. Up the Gaviota grade the machines toiled to the summit where the first view of the homeward stretch of fifty miles of road cheered the dusty travelers. Up and down a series of small grades the cars labored rolling along the coast line and into Santa Barbara.

After a much needed rest at the Potter the contestants will start on the last leg of the tour tomorrow morning. Arrangements have been made for the entry into Los Angeles tomorrow afternoon. The cars will be met at Tropico at 4 o'clock and will be escorted into the city via North Main street to First, down First street to The Times Office and along Broadway to the Auto Vehicle Company.

BURIED MONEY ROTTED.

Treasury Expert Saves Ten Thousand Dollars for Arkansas Man.

[ASSOCIATED PRESS NIGHT REPORT.]

WASHINGTON, Aug. 21.—Of $10,000 in decayed greenbacks sent to the Treasury Department for redemption by O. D. Earl, of Morrillton, Ark., all but $25 have been identified and a check for $9975 was mailed to Mr. Earl today.

Fearing the banks were unsafe, Mr. Earl buried his savings in an old pail in 1904. Recently he dug up his treasure only to find that the bills were so decayed that he could not discern their numbers. All that was left of the roll was a bunch of paper resembling a package of dried leaves, where here and there the end of a torn note displayed a figure.

Mrs. A. E. Brown, the money expert of the redemption division, was given custody of the unrecognizable mass when Mr. Earl forwarded what was left of his fortune to the Treasury Department. After much tedious work, she has succeeded in identifying most of the money.

DIVORCES MORGAN'S PARTNER.

NEW YORK, Aug. 21.—[Exclusive Dispatch.] Society leaders were greatly surprised today to learn that Mrs. Nellie Harjes Gardiner, daughter of the junior member of J. Pierpont Morgan's Paris banking house, had obtained a divorce from her husband, Bion Gardiner. Justice Bischoff signed an interlocutory decree this afternoon in the Supreme Court, acting upon the report of John E. Judge, who was named by the court to take the evidence in the case. Mrs. Gardiner was given absolute custody of her daughter, Dorothy Gardiner.

Men Cured

DR. MILES, The Master Specialist.

If you are suffering from any Weakness or any other disease peculiar to men, seek my expert services at once.

PAY AFTER I HAVE CURED YOU

I want to impress it upon every weak man that I can make him strong, vigorous, healthy, alert and free from every taint of disease and weakness. I have limited my specialty in practice to only a few of the more important disorders, so that I could KNOW these thoroughly. My experience along this one path for twenty-five years qualifies me to say positively that such troubles as Lost Vigor, Varicocele, Hydrocele, Stricture and "Weakness" can be cured perfectly—so as to stay cured. Of course I use different methods than the ordinary physician. Most of these are original with me and were devised for just such cases as the ordinary courses of treatment fail to reach.

My Fee in Any Uncomplicated Ailment of Men is Only **$10.00**

Dosing the system with powerful stimulants and tonics in an effort to restore functional vigor can have but one final result. The condition is rendered worse than before. "Weakness" is merely an indication of a low form of inflammation, and this inflammation is but aggravated by stimulating remedies that excite temporary activity. I employ the only scientific and fully effective treatment for "weakness" which effects a permanent cure by restoring the prostate gland to a sound and healthy state. I obtain complete results in every case I treat. Interesting literature and a beautifully engraved chart free if you will call.

EXAMINATION FREE

I offer not only FREE consultation and advice, but of every case that comes to me I will make a careful examination and diagnosis without charge. No ailing man should neglect this opportunity to get expert opinion about his trouble.

If you cannot call, write for Diagnosis Chart. My offices are open all day from 9 a. m. to 9 p. m., and Sundays from 9 to 12 only.

THE DR. MILES CO.

453½ SOUTH SPRING STREET

CORNER FIFTH AND SPRING STREETS LOS ANGELES, CAL.

"Weakness"

DR. HARRISON, The Leading Specialist.

Weakness is usually but a symptom of congestion or inflammation of the gland. Loss of power, etc., incident to this abnormal condition cannot be cured by internal medicine or wearing electric belts. Removal of the abnormal conditions immediately results in complete restoration of functional activity of the organs involved. We are the only specialists on the Coast, curing weakness with absolute certainty.

Varicocele

No case of varicocele ever was or ever can be cured without an operation, notwithstanding the bombastic statements of would-be specialists to the contrary. For the last ten years we have had a standing offer of one thousand dollars to be awarded to any specialist who would cure a case of Varicocele without operation. Our operation is painless and devoid of all danger, and we only require our patients to lay off work for one week. By permission we can refer any one interested to any number of prominent business men, whom we have cured. Before paying out your hard-earned money to any doctor or specialist, interview a few of their cured patients. We defy any one to produce a single case treated by us that is not completely and permanently cured and thoroughly satisfied.

Stricture

This trouble we treat successfully by our improved method, which never fails to bring about a cure. Electricity or electric belts cannot do this trouble any good. When you employ either you throw your money away. Call and let us explain the nature of the trouble and how you can be permanently cured.

Specific Blood Poison

Our treatment for this loathsome disease is mild, thoroughly effective and curative, eradicating every particle of virus and precisely similar to that employed by the most celebrated specialists of Hot Springs, Ark. Beware of harsh treatment administered by inexperienced specialists.

Sixteen years of phenomenal success as specialists for men only, right here in Los Angeles, is strongly presumptive evidence of skill and good repute.

Our cures last. We cure to stay cured. Our large and constantly increasing practice is not due to newspaper advertising, but the fact that we cure our patients soundly and completely, thus making every patient a "booster." Our fees are always reasonable. We make no extra charges, and furnish all medicines free. Our Medical Journal may be secured downstairs at our entrance, 302½ South Broadway.

We Cure All Diseases of Men

Such as lost vigor, specific blood poison, organic weakness, varicocele, stricture, hydrocele, piles and reflex ailments.

Free Consultation and Diagnosis

Ailing men are cordially invited to call at our office for free advice, examination and diagnosis. Simple, uncomplicated cases cured free.

Dr. Harrison & Co.

THE LEADING LEGITIMATE SPECIALISTS FOR MEN.

Southeast Corner of Broadway and Second St. 202½ S. BROADWAY Hours—9-4, Evenings, 7-8. Sundays, 9-12.

MEN I Never Guess

Experiment or take chances of any sort. I attempt to cure only those diseases that I have been curing for the last sixteen years, and I believe I am justified in saying that I have learned all about them. Were I lacking in knowledge pertaining to my specialty I would never have attained my present success, nor would I today be recognized as the leading specialist treating men's diseases. If afflicted, you can depend upon it that the service I offer you is the service you need, and is service such as can be rendered by no other physician.

My practice is the largest because I invariably fulfill my promises.

I POSITIVELY CURE VARICOCELE WEAKNESS, PROSTATIC, CONTAGIOUS AND CONTRACTED DISEASES, BLOOD POISON, HYDROCELE, STRICTURE, AND ALL DISEASES OF MEN.

A Consultation and Thorough Examination **FREE**

Hours, 9-4, 7-8, Sundays, 9-12.

DR. MORTON

316½ S. Spring Los Angeles

Why Be a Weak Man?

I Will Give a Guarantee to Cure You

DR. TAYLOR The Leading Specialist

From long experience, I know just what I can do with dreaded varicocele, humiliating weakness, annoying and dangerous contracted ailments and other diseases of men. If you desire valuable information and an expert opinion regarding your case, come to me and get it—free of cost. If I can cure you, I will take your case, and allow you to

Pay When You Are Cured

I treat only the special and chronic diseases of men, such as Vital Decline, Varicocele, Hydrocele, all Contracted Ailments, Kidney, Liver and Bladder Diseases, Nervous Disorders, Rupture, Fistula and Piles. I guarantee my cure to be permanent, and lasting for all time.

Examination Free

I make absolutely NO CHARGE for a friendly talk, and my advice will be valuable, whether treatment is begun or not. Write if you cannot call. Hours—9 a.m. to 9 p.m.; Sundays, 9 to 12 only.

BIBLE LESSONS.

FOR SUNDAY-SCHOOL TEACHERS AND OTHER BIBLE STUDENTS.

Prepared for The Times by J. S. Kirtley.

SUNDAY, AUGUST 23.

I Samuel xx, 30-42: "Friendship of David and Jonathan."

THE CONNECTION.

David's growing popularity increased Saul's insane jealousy. He ed another statagem to get rid of n, promising the hand of his daughMerab, in marriage, if David uld valiantly fight for him, for he ed the Philistines would kill him. t when David escaped all danger, d treacherously gave his daughter another man. Then when Saul nd that his daughter, Michal, loved vid, he promised her to him if he uld show himself worthy of her, by lling a hundred Philistines, hoping sin that the Philistines would kill n. But David fulfilled the condin and won his bride.

Saul feared and hated David all the re, and instructed his servants and nathan to slay him. Jonathan told vid of his danger, then pleaded his se with Saul and effected a reconiation. Soon, however, David won re victories over the Philistines, d that aroused the demon in Saul.

David played on the harp to re- him, he tried to slay him with javelin. David fled, and his wife, chal, helped him to escape that ht, and he went to Samuel at Rah. Saul sent messengers to Dar hiding place, but when they me into the company of the prophs, they yielded to the spirit of the ice and prophesied. Thus did three mpanies, who were sent, and thus Saul himself, who came down er David, but in his unbalanced te, fall into an ecstacy and then o a trance. While he was in that te David returned home and ght Jonathan for conference and mfort. He protested that he had ne nothing to merit this treatment m Saul, and received Jonathan's surance that no evil should befall u. When he had opened Jonathan's es to the fact that Saul knew of ir friendship they formed a plan which they could make a final test Saul's feelings toward David. It s decided that David should absent mself the first two days from the tival of the new moon, though his sence was required by court etiette, and it had been his habit to be so.

Jonathan was to watch Saul to see he was enraged by David's absence d report. He and David separated th mutual vows of friendship. The st day of the feast Saul attributed e absence of David to ceremonial leanness and said nothing. The xt day he inquired about it, and nathan presented David's humble ology for being absent with his peoe at Bethlehem at the feast of the w moon. The lesson tells how the an worked out.

THE LESSON.

I.

Jonathan Incurring Saul's Anger." (Verses 30-34.)

"Then Saul's anger was kindled ainst Jonathan, and he said unto m, Thou son of a perverse rebelus woman, do not I know that thou st chosen the son of Jesse to thine n shame and unto the shame of y mother's nakedness? For as long the son of Jesse liveth upon the ound, thou shalt not be established, r thy kindgom. Wherefore now nd and fetch him unto me, for he all surely die. And Jonathan nswered Saul his father, and said unhim, Wherefore should he be put death? What hath he done? And ul cast his spear at him to smite m; whereby Jonathan knew that it as determined of his father to put avid to death. So Jonathan arose om the table in fierce anger and did t no food the second day of the onth; for he was grieved for David, ecause his father had done him ame."

1. Jonathan's courageous friendship. Jonathan gives the highest proof of s friendship for David, and showed at he loved him as his own soul. He imes out as the most perfect of huan friends that history tells us of, ave the One perfect "friend of sinners." It required courage, for he as dealing with his father, an intermittent maniac, perhaps a demoniac, ho might do him harm. It required lofty sense of right, for he must ake a choice between his father and is friend. The choice is not so much rompted by love of his friend as by e sense of his friend's rightness and is father's wrongness. He displayed lial affection as well as friendship. o put the best construction on his ather's strange actions, and gave him e credit of loving him, the son, nough to tell him what he would do David's case.

(2.) His wonderful self-abnegation. He displayed self-abnegation as well. e he prays that God will be with avid, as he had been with Saul, nd that can only mean in bringing im to the kingdom as He had brought aul. He is expressing the wish that avid may be king, even though he isplace Jonathan's father and Jonaan himself as the heir apparent. uch devotion could only be shown to ne who was worthy of it, and who obly called it forth. That was a huan love of a lovable man, and it as a divine love as well. It involved he element that is necessary to the ighest friendship, a common reverence and love for the God in their ves. God is recognized and appealed to at every step.

(3.) His unjust suffering. It was solely in behalf of another nd he was the victim of a vile ttred. But that is what gives him is high place in history. It would be ard to find any one but Christ treated o badly—insulted, his mother and his earest friend insulted, he commanded o treat his friend with murderous reachery, his life attempted by his urious father.

(4.) His cool conclusion. It was that Saul had finally decided o kill David. He had no further need o study the case. David's fears were orrect.

(5.) His final choice between David nd Saul. He knew what was right. He knew that David and not himself was to be the next king, yet he cast is lot with David, in a wise sympathy that held every point of vantage with his father and gave every help to David. The indignation that he felt was righteous and it was thorough, yet he kept a clear head and a steady hand.

II.

"Jonathan Gives David the Signal." (Verses 35-40.)

"And it came to pass in the morning, that Jonathan went out into the field at the time appointed with David and a little lad with him. And he said unto his lad, Run, find now the arrows which I shoot. And as the lad ran he shot an arrow beyond him. And when the lad was come to the place of the arrow which Jonathan had shot, Jonathan cried after the lad, and said, Is not the arrow beyond thee? And Jonathan cried after the lad, Make speed, haste, stay not. And Jonathan's lad gathered up the arrows and came to his master. But the lad knew not anything; only Jonathan and David knew the matter. And Jonathan gave his weapons unto his lad, and said unto him, Go, carry them to the city.

(1.) The plan was simple. It would not do for Jonathan to go out alone, but going out to practice archery with a lad to wait on him would excite no sage to David in hiding would be shrewd and effective.

(2.) The report of the lad. If he made one, it was to the effect that he had been with his master to practice and the latter was following on. That gave Jonathan, when he sent the boy on home with the bow and arrows, a chance for a farewell talk with David. The plan worked well.

III.

"Their Parting." (Verses 41-42.)

"And as soon as the lad was gone David arose out of a place toward the south, and fell on his face to the ground and bowed himself three times; and they kissed one with another until David exceeded. And Jonathan said to David, Go in peace, forasmuch as we have sworn both of us in the name of Jehovah, saying, Jehovah shall be between me and thee, and between my seed and thy seed, forever. And he arose and departed; and Jonathan went into the city."

(1.) Mutual Confidence and Love. David came from behind the stone ridge on the edge of the field and bowed in a suitable manner to the one who was his superior at court and in office, but his love was not formal. He was the more agitated because he was leaving all for a life of exile, yet both were deeply moved.

(2.) Mutual Understanding. David renewed the promise made several days before, that, when he became king, he would spare Jonathan's life and the lives of his family and appoint Jonathan himself his prime minister. Jonathan had perfect confidence both in David's nobility and in God's purposes, and he expressed it in his words to the former "go in peace." They never met again, for David was an exile till after Jonathan's death at the battle of Gilboa, but he kept his word and showed marked kindness to the latter's descendants.

WHAT THE MASTERS SAY.

Friendship is love for another because of what that other is in himself, or for that other's own sake, and not because of what that other is to the loving one. Friendship is love with the selfish element eliminated. It is an outgoing and on-going affection, wholly and inherently disinterested, and in no sense contingent upon any reciprocal relation between its giver and its object, not yet upon its return of recognition. Friendship, in short, is love apart from love's claim or love's craving. This is pure friendship at its truest and best; and this it is that makes the best and truest friendship so rare, so difficult of conception, so liable of misconception.—[Trumbull.

It was the miracle of the death of self. Jonathan forgot his pride and David his ambition. It was as the smile of God, which changed the world to them. One of them it saved from the temptations of a squalid court, and the other from a sourness of an exile's life. Jonathan's princely soul had no room for envy or jealousy. David's frank nature rose to meet the magnanimity of his friend.—[Hugh Black.

POINTS TO IMPRESS.

(1.) That the word of the selfish can never be trusted.
(2.) That love wins love.
(2.) That no friendship is complete till God is at the heart of it.
(4.) That friendship would rather serve than be served.
(5.) That we must show others the kindness God shows us.
That it is a worthy aim to be worthy of confidence.
(7.) That love works in homely, as well as heroic, ways.
(8.) That we must guard our friends from spiritual as well as physical dangers.

Christian Endeavor.

VACATION RELIGION.

Terse Comments on the Uniform Prayer-meeting Topic of the Young People's Societies—Christian Endeavor, Baptist Young People's Union, Epworth League, etc.—for August 23: "Vacation Religion."—[Mark vi, 30-44.

By William T. Ellis.

Over and over the old, old truth needs restatement, that religion has business with all of life, else it has no business at all with life. Either Christianity touches every phase and department of the existence and activity of those who profess it, or else it is not the vital and essential thing which the world has been taught to believe that it is. All of which is the same as saying, to come definitely to the topic, that if a Christian does not take his religion with him on his vacation, he has precious little to leave behind.

He is a careless Christian who packs his holiday trunk without a Bible in it.

Every new experience is a new opportunity. Vacation, which affords contact with new lives and new places, gives occasion for touching those new lives and new places with the touch of one's best self. In a sense, it is easier to do the work and wield the influence of a Christian during vacation than when fulfilling the daily round of one's accustomed duties. First impressions are most powerful. Whoso will may stand for refinement, unselfishness and Christian discipleship amid the holiday associates who share his vacation.

Vacation religion is simply workaday religion proving itself genuine.

Every vacation is also a mission.

The best vacation is that which ministers to the best nature.

There is rest in God's service, but no rest from God's service.

The first danger of a vacation is not the danger of overexertion in play, or of over-indulgence in food, or of extravagance in expenditure, or of false pretense; although all of these are real vacation dangers. The greatest temptation is the temptation to lower one's moral and spiritual standards. Away from home and accustomed environment, it is easy to do what "everybody does." Within the past few days the officials of the largest summer resort city in North America have openly declared, in an official examination, that they do not try to enforce the laws pertaining to morality that are in force elsewhere. They even quoted the old saying—alluding to the fact that this resort is on an island connected with the mainland by bridges—that "no law comes over the drawbridge." Their belief, in which they say that they are supported by nine-tenths of the population of their city, is that people away on a vacation expect a certain degree of moral relaxation. That there is substantial ground for this belief every visitor to a popular summer resort knows full well. The Sabbath is not kept as at home. Temperance principles are often left behind. Conduct that would be counted scandalous at home is common on the bathing beaches. It is no idle warning to bid Christians guard their spiritual life with especial zeal while away from home on summer outings.

Happy is the man who knows how to take a vacation from worries and fears and all petty, ignoble concerns, as well as from his major work in life.

"Would you judge of the lawfulness or unlawfulness of pleasures, take this rule" counsels a wise man: "Whatever weakens your reason, impairs the tenderness of your conscience, obscures your sense of God, or takes off the relish of spiritual things; in short, whatever increases the strength and authority of your body over your mind, that thing is sin to you, however innocent it may be in itself."

The Soul of Croesus.

CHAPTER IX —(Continued.)

"They are vaguely troubled, Elsa. I remember that the pool was also stirred, for overhead, and far away, the wind stirred in the tree-tops—the wind that blows between dawn and sunrise.

"The wonder of the dawn is in your face, Elsa, but the wisdom of the night has not left it; and so you will know what I feel. For never nature lifted the veil, to give me a glimpse of you, but you caught a glimpse of me."

And Fabian was not lying to his journal, for, although Elsa could not analyse her sensations as he could, she dimly felt that the haggard youth her father had brought home stirred more than her sense of pity. Being a woman, her consciousness recoiled, vaguely resenting the intrusion, scenting the danger that lies ambushed in all great loves.

Her life had been curiously secluded in the midst of great cities and much travel. She had dim infant recollections of a world of sand, tawny faces moving among tents, under palm trees; but her real consciousness was of Vienna, New York, and, lately, of London. But always she and her father had been people apart. Even in the crowded apartment-house in New York, not far removed from the tenement class, where one life overflowed into other lives because they were so similar, people had looked at them only with curiosity or mistrust.

No doubt the oriental instinct toward female seclusion had something to do with the manner of their lives. Then, too, Abdul von Tarsenheim, with his mocking smile, and strong, saturnine face, aroused the superstitious dread of the evil eye in neighbors, mostly Irish. They salved their fear by lumping them, contemptuously, as Dagoes, but kept a respectful distance.

Elsa's mother died in Vienna when Elsa was ten years old. She had had many lessons on the violin, and acquired a mechanical knowledge of the instrument, but she had no natural love or talent or ear for music, as her mother had.

One day, not long after her mother's death, her father had hypnotised her. When she woke up she realized a change, as though she was not quite the same person. She was taken to a concert to hear a great violinist, and found that music had suddenly acquired a meaning for her. When she went home she was able to play everything she had heard. Her music lessons ceased. She never again heard a note of music but she could improvise, or repeat what she heard. Her father made her play to him a great deal, dictating the nature of the music, and, as she played he would begin to concentrate his mind on something. Then his face would wear the look of a man searching for the elusive. At last he would say, "Yes, I have it! You may cease, Elsa." He never told her what it was, or took her into his confidence in any way. She had no feeling of love for him, and, as far as she knew, he had none for her. Their relations were more those of master and servant.

the occultist never left the flat without locking the door and taking the key.

Fabian had heard him go out, after speaking rather angrily to Elsa, while he himself was confiding to his diary:

"Elsa's not a real woman," he wrote. "She is not yet in contact with the earth at any point. Only the nebula of a woman, drifting down toward reality. I see her as a crystal taking shape. Will it be my touch which shall dictate her form? She——"

He was interrupted by the entrance of the girl herself. Her pretty face looked troubled. The young man wondered whether it had anything to do with the altercation he had heard between herself and her father.

She came and stood in front of Fabian. "You must tell me, Mr. Crawley," she said, earnestly, "what is this experiment in which you help my father? I ask him, and he only laugh." There was a suggestion of terror in her wide-open eyes.

The young man rose from his chair. "Won't you sit down?"

"No, no! Tell me! It is something I must know!"

"But—— Well, the fact is, I don't know anything about it."

"Then how can you help him? You cannot," she said, getting more agitated. "I tell you, you will be the experiment. He is my father, but he is not as other men. He will do terrible things to you. He will hypnotize you, and take something out of you and put things into you. What he will do I do not know, but it will be terrible! You must go—quickly, before he comes back—and you must never let him see you again! I have a key my father knows not of."

In her excitement she came up to him and took him by the arm. It was the first time she had touched him. He knew now she was a real woman. She tried to push him toward the door, repeating, "You must go! You must go!"

"But you do not understand. I cannot go! I am pledged—I have taken money—it would be most dishonorable! But it is very kind of you, all——"

"Oh, yes, Elsa is always most kind!" Abdul von Tarsenheim stood in the door, smiling on them. "But our young friend will not care to tear himself away, for tomorrow is the day arranged for the so interesting experiment, which will make us all so rich."

[To Be Continued Tomorrow.]

HE'S WANTED IN KANSAS CITY.

James A. King, recently arrested at Bakersfield on a misdemeanor charge and given a short term in the City Jail, will be brought to this city today in the custody of a deputy United States Marshal. The prisoner is wanted at Kansas City, Mo., on a charge of forging a money order, and after he is extradited from here he will be tried by the Federal authorities at Kansas City.

ONE of the great astronomical events of the not distant future will be the return of Halley's comet. Read about it in the Times Magazine the coming Sunday.

Where Important Services Will Be Held Tomorrow

First Congregational Church

Hope Street, near Ninth.

REV. EDWIN C. NORTON, DEAN OF POMONA COLLEGE, will preach at 11 A.M. Subject, "THE USE OF A LEGACY."
5 P.M.—MUSICAL VESPER SERVICE. Short sermon by Rev. Dr. Warren F. Day.

RELIGIOUS.

OBJECTING TO "AMUSEMENT."

Methodists Stirred About Church Official.

Interest in Movements of the Ministers.

Brotherhood of St. Andrew Convention.

The Methodist skirmish line is being drawn once more for the annual meeting of the Southern California Conference, and while no important question is involved, such as the choice of general conference delegates, which gave spice to the conference of last fall, the aftermath may figure in next month's meeting.

For instance, Methodist tongues have been busy during the past week among the members of University Methodist Church, of which J. W. Whittington is an official member, on account of the prominence the latter assumed in connection with the underwriters' big ball at Long Beach. Whittington was one of the candidates for delegate defeated a year ago, and his fellow-members are now asking themselves how he would have voted on the "amusement" question had he been elected. He went to Baltimore in the interest of securing the underwriters' convention, which met here this week, but his success in that direction, a prominent Methodist declared yesterday, may prove his undoing when he again seeks Methodist preferment as a representative in its highest legislative body.

A. J. Wallace, who was defeated in the same contest, was successful, however, in being placed on the Missionary Committee of the general body by northern votes and against the protest of members of his own delegation. It is now whispered around that he has a hammer in reserve for some of those to whom he lays his defeat for delegate.

Color is given to this talk by the renewal of the fight against Rev. W. A. Betts of Long Beach by B. P. Dayman and R. F. Young, both of whom were Wallace partisans last fall. They are said to be practically the only two persons in the large Long Beach congregation who are in any way opposed to Mr. Betts, whose work there has been marvelously successful. The agitation they are attempting to float has in view an exchange between Mr. Betts and Rev. F. M. Larkin of Redlands, but as both are popular as now located, it is not likely any change will be made. One reason for the opposition of Young to Mr. Betts is the fact that the latter is responsible for forcing Young off the official board of the church, owing to his attitude in favor of serving liquors at the Hotel Virginia, in which he is largely interested. Dayman is interested to the same extent in the Virginia, but he still holds his place on the official board of the Long Beach church, and Methodists are wondering if he is to be made to "walk the plank" this fall.

One of the leading pre-conference questions continues to be, who is to be set aside for Dr. A. W. Lamport, who quits Pasadena of his own accord? He is a strong preacher, and will be heard at the First Methodist Church, this city, tomorrow morning.

The fact that Rev. Alfred Inwood, pastor of the Boyle Heights church, has gone to Pasadena and built himself a house, and is living there with his family at the present time, is another thing occasioning comment. He is an earnest, aggressive, spiritual preacher, and popular with everybody, and improvements aggregating $10,000 are just being completed at his church. It is agreed that there is no reason for his leaving Boyle Heights, but despite all protestations, everybody points to his new house in Pasadena. He has no chance at the First Church in that city, for Dr. Matt Hughes has it tied down, but Mr. Inwood was very popular at Lincoln avenue for several years and there may be "something doing" there. Should that happen, Dr. Lamport and Rev. F. D. Mather might both turn their eyes toward Boyle Heights.

Rev. Robert S. Fisher is again figuring in the advance gossip, as he did last year, when he was [illegible] to Rivers

CHURCH IMPROVEMENTS.

BOYLE HEIGHTS METHODISTS.

Elaborate improvements at the Boyle Heights Methodist Church are now nearing completion, and the reopening services have been set for Sunday, September 20. A two-story addition has been constructed, exclusively for the beginners, primary and junior departments, which will be strictly up to date in every particular. Other additions are the young women's club, young men's club, ladies' parlor, pastor's study and reception-room. The entire cost of the improvements has been about $10,000.

RELIGIOUS BRIEFS.

BROTHERHOOD OF ST. ANDREW.

The quarterly meeting of the Brotherhood of St. Andrew for the Los Angeles district will be held at Santa Monica on Sunday afternoon, September 6. There will be an outdoor meeting in the afternoon and a meeting in St. Augustine's Episcopal Church in the evening. The annual convention of the brotherhood will meet at Milwaukee October 14 to 18, and the Los Angeles assembly will be represented by A. Schuit of South Pasadena and J. H. Pearman of Pasadena. The juniors will be represented by C. E. Spencer of this city.

Rev. F. G. Cressey, pastor of the East Los Angeles Baptist Church, has returned from a vacation spent in the mountains, and will preach tomorrow morning on "Speaking with Tongues," and in the evening on "What the East Side Needs Most."

Ray Petty, who goes East on Monday to prepare himself for the ministry, will speak tonight at the City Rescue Mission, and Oscar Whitman, a recent convert, will tell about it. Judge Wilbur will be the speaker on Sunday evening; Grove E. Walter, Monday evening, and Frank F. Pratt, Tuesday evening.

Rev. W. Earl Hunter will preach on Sunday morning in the Boyle Heights Presbyterian Church.

Mrs. F. N. Greeley will address the vesper service of the Young Women's Christian Association on Sunday afternoon at 4 o'clock.

"The Larger Outlook" will be the subject of a talk by C. F. Quillian at the Y.M.C.A. meeting, which will be held in the First Methodist Church on Sunday afternoon at 3:30 o'clock.

Rev. Robert J. Burdette is expected to land at New York from Europe on Monday, and will be home about September 1. His pulpit in the Auditorium will be filled tomorrow morning by Rev. Arthur S. Phelps, and in the evening by Rev. E. H. Emett.

CHURCH SERVICES.

SUNDAY, AUGUST 23.

SECOND CHURCH OF CHRIST SCIENTIST. Simpson Auditorium, 734 S. Hope st. Services Sunday, 11 a.m. and 8 p.m.; sermon from the Christian Science Quarterly; subject, "Mind." CENTRAL BAPTIST CHURCH, ALVARADO and Pico. Arthur S. Phelps, minister. Rev. John H. Best preaches in the morning. The pastor's subject at night, "Vacation Values." 22

THEY MAY BE CALLED.

Women and Men Riding in Automobile When Driver Bobbs Was Killed, All Recovering.

An inquest will be held today over the remains of Joseph Bobbs, 26 years of age, of No. 123 East Forty-sixth street, who was killed late Thursday night by the overturning of the automobile which he was driving.

With Bobbs at the time were four others, who escaped with slight injuries. Two women—Mrs. Frances Wilton of No. 1258 West Thirty-sixth street and Mrs. Gladys Price of No. 512½ South Main street, according to their statements—will be called as witnesses if they can be found. The officers learned yesterday that the women did not give their right names. The name of one is understood to be Walker. The Coroner may call her and the other woman to the witness stand.

L. M. Ford of No. 723 West Third street, who was driving the machine in which Bobbs was riding, was also injured, but not seriously. Ford, who is employed by the Pacific Electric Company, was driving his own machine, and was taking Bobbs and the others to their homes. Bobbs was employed by the Pacific Electric Company as a motorman.

Ford was driving at a high rate of speed when he attempted to turn the machine around in the middle of the block on Julian street. Bobbs was thrown from the car, and the machine turned over on him. Ford and the others were thrown clear of the machine. Bobbs was picked up unconscious and was taken to the Receiving Hospital, where he died without regaining consciousness.

Julian street were the male passengers in the car.

No explanation of how the automobile happened to be running at a breakneck speed after midnight far from the homes of any of the occupants has been given, and the Coroner may elicit this information today.

Bobbs had been called upon by one of the men to start for the open country, and the big machine was going out West Jefferson street. One of the rear wheels jarred off as the car reached Wesley avenue. The car skidded and then turned turtle, pinning the unfortunate driver beneath the steering wheel and killing him.

The other occupants were caught in the tonneau and painfully injured. Yesterday it was reported that they were resting easily and that speedy recovery was hoped for. The machine belonged to David McClelland.

MONEY FOR CHARITY.

Third of Helen Peabody Estate to Be Devoted to a Home for Christian Workers.

Through a decision of the Supreme Court, received here yesterday, one-third of the estate of Helen Peabody, for the establishment of a Christian workers. The co the judgment of the Sup which held that the will because more than one-t estate was left to charity, contrary to the State law.

The will of Miss Peabody tested by a number of heirs for a distribution of the will stipulated that the the testator, valued at become a home for worn- aates. In the opinion of the bunal, the mere fact that of the California property voted to the establishme Home of Rest, does not ma vise invalid. The court hold templated charitable donati be carried into effect whe The judgment of the lowe therefore reversed. The P tate was appraised at $1 light of the decision, it h that the heirs will share mainder of the estate afte dence is transferred to t home for Christian workers
